BALDWIN'S SON IS SOCIALIST MARTYR

Imprisoned by Bolsheviks and Turks and Barely Escaped Execution.

(Special Cable to the N. Y. Times and Montreal Gazette)
London, May 28.—Stanley Baldwin must be the first British prime minister with a son who is a proved Socialist. Oliver Baldwin, who is one of the Premier's six children, has suffered prison, starvation and almost death itself for the cause of Socialism.

The story of his extraordinary adventures and privations was told by him to the Westminster Gazette. "It was in September of 1920," he said, "that I went to Armenia, at the request of the president of the republic, as an instructor to the army. During the Turkish-Armenian war we were beaten by the Turks in November and next month the Bolsheviks swept down and took the country by force. One of their first acts was to throw me into jail, together with many Social Revolutionaries and Socialists of the Second International. In this, as in many other acts, they showed themselves completely regardless of the welfare of Socialists and lovers of liberty." Oliver Baldwin produced from his wallet an orange-colored card, which he said was a certificate of his membership in the Dashnakun, one of the most powerful of the social revolutionary bodies.

"I esteem my election to that body," he said, "as my greatest honor, especially as I was its only non-Armenian member. At that time I was a witness of one of the vilest acts committed by the Bolsheviks. Before my eyes they executed 75 Armenian Socialists. I was let out on parole about January 16, after six weeks in prison, and I spent my time going about seeing how Bolshevism worked.

"Scourged and bleeding though she was, Armenia managed to effect a counter revolution in February. For some time the Bolsheviks were kept at bay, but at length in April the Armenians were forced back into Persia.

"In March I left for Turkey, armed with a passport given by the Kemalists for safe conduct across Turkey. I know now that it was only a trap for me. In the horrors of that march across the Caucasus, perhaps the worst were that I was snowed blind and frost-bitten. I was accompanied by an adjutant, a fine fellow, who is now starting in Germany.

"At Alexandropol I was arrested by the Turks and sent to prison at Kara for a month. Then I was moved to another prison, where I was shut up with chains on my feet, and starving for five more weary months. I used to crawl about on my hands and feet looking for crumbs and other scraps of food. During that time the Bolsheviks asked for me to be handed back to them for execution, but the Turks were not quite as unprincipled as that.

"But in prison with me were two Communists who were executed outside my window. At last an exchange was fixed, and after a weary walk from Erzerum to Trebizond, I made my way back to England."

Each year there are submitted to the assembly statistics showing the standing and progress of the church. Without going into the figures too minutely it may be stated that this year the statistics will show that the church in Canada holds property to the amount of \$80,000,000. It raised in 1922 for all its purposes, benevolent and congregational, between nine and ten million dollars, of which nearly one-third was for benevolent purposes. The total number of ministers on the rolls of the Presbyteries is about 1,700 and the total number of elders is about 12,000. The present membership of the church stands at 369,939, a gain in the year of 12,728 over the previous year. The profession of faith by 17,856 persons joined the church during the year and by certificate, 18,983. The number of members in the church is 201,757, an increase of 5,088. Single persons identified with the church number 16,972, an increase of 2,490. In the Sunday schools there are 290,443 scholars, an increase of 14,844. Of teachers there are reported 31,172, a gain of 1,073.

The report of the foreign mission committee to the assembly will show that the sum of \$233,000 is being spent this year. Unless larger sums are given for the work of the church in foreign lands this year, much of this work must be given up. The church needs special gifts this year of about \$600,000 to maintain its benevolent work at home and abroad. Church union will likely be taken up on June 8.

REV. DR. GANDIER LIKELY MODERATOR

Assembly Also to Choose a Permanent Clerk—Finances, Missions and Church Union.

(Canadian Press.)
Port Arthur, Ont., May 28.—On Wednesday evening, June 6, when the Presbyterian general assembly opens in St. Paul's Church in this city, one of the first steps to be taken after the preaching of the annual sermon by Rev. Dr. W. J. Clark, of Montreal, will be the election of a moderator. It is conceded that Rev. Dr. Gandier, of Toronto, will be elected.

One of the items of business which will come up this year will be the election of a permanent clerk of the assembly. This was a position held for about 80 years by the late Rev. Dr. Robert Campbell, of Montreal. On the death of Dr. Campbell in 1921, the position was taken by the Rev. Thomas Stewart, of Halifax. Dr. Stewart has since died, and the work of the clerk is being done temporarily by the Rev. B. G. Bennett, of Montreal, of the College Street church in Toronto.

day morning a check for \$223.40 on the Bank of Nova Scotia was lost and was picked up, it is said, in Princess street by the accused. It was endorsed by R. Kettle Jones, but when the latter discovered his loss payment was ordered stopped at the banks, the detective department was notified and the public warned to be on the lookout. Boyne, it was said, tried to pass the check yesterday morning at the Haymarket square branch of the Bank of Nova Scotia, but was unsuccessful. Yesterday afternoon, it is alleged, a woman attempted to pass it in the Provincial Bank of Canada on the West side. The next attempt, so far as is known, was made yesterday afternoon in Brager's store in Union street. The police were notified and the two officers hastened there and made the arrest.

This natural fresh food

is freeing thousands from all the ills of constipation

IN place of drugs which upset digestion and actually increase the trouble—instead of cathartics which have to be taken in larger and larger doses—

Physicians and hospitals today are prescribing Fleischmann's Yeast! It is not a medicine, but a fresh corrective food which simply assists nature to restore normal, healthy conditions.

Every cake of Fleischmann's Yeast consists of millions of tiny living plants, which help to increase the bulk of our concentrated modern diet, and stimulate the intestinal muscles to act regularly and naturally.

Your own physician will heartily endorse this principle of treating constipation by gently encouraging the intestinal muscles to act for themselves.

Hundreds of thousands of men and women are being freed from all the evils of constipation by the regular eating of Fleischmann's Yeast. It is in no sense a purgative, and produces no sudden violent action. It must be eaten regularly to achieve results.

Eat two or three cakes a day—plain, or dissolved in water, milk or fruit juices—preferably half an hour before a meal or the last thing at night.

If you eat it plain, follow with a glass of water. Get several cakes at a time—they will keep several days in a cool, dry place. Be sure you get Fleischmann's Yeast! All grocers have it. Send for free booklet, "The New Found Value of Fleischmann's Yeast in Building Health." The Fleischmann Company, 208 Simcoe Street, Toronto, Ont.

"Assured perfect regularity" "Since I was eleven years old," a New Yorker wrote recently, "I had used everything that could be suggested for constipation—without a cure. Three operations had been necessary. And then three cakes of Fleischmann's Yeast a day for a period of one month not only assured perfect regularity, but brought me back to my normal weight."
