LOCAL NEWS

CAR DEMURRAGE.
The Board of Railway Commissioners will meet in Ottawa on June 21 to consider the matter of the reduction of car demurrage charges to the normal rate of \$1 a car a day.

INTERMEDIATE GAME.
The Y. M. C. I. and Wolves will play on St. Peter's diamond this evening in the Inter Society Intermediate League fixture. The game is scheduled to start at 7 o'clock.

JOE NEVER KEPT TO BED.
Joe Dever, the popular catcher for St. Peter's baseball team, who was injured during a game last evening, kept to his bed today. His back and kidney muscles are quite badly strained. Many friends will wish him a speedy recovery and a quick return to his post in the game.

IN HONOR OF BRIDE.
Thursday evening friends of Miss Geraldine Boves tendered her a novelty shower at the home of Miss Teresa McQuinn, 50 Harrison street. Many pretty and useful gifts were received by the surprised young lady, who is to be a principal in an interesting event in the near future. After games and a delightful luncheon the party broke up about midnight.

THE CENSUS.
Favorable reports are being received daily from the census enumerators and some of the men predict that they will have their districts completed by the first of next week. Special efforts are being made to get in touch with members of families having moved to summer homes in the country. W. S. Claverton, census commissioner, expects to have the returns in from some of the wards in a few days.

BURIED TODAY.
A large number were in attendance at the funeral of Dr. Daniel A. Pugsley which was held in his late residence in Rothery to Fernhill this afternoon. Citizens of all classes and creeds congregated to pay their respects to one who had been a true friend to all. The service was conducted by Rev. Canon A. W. Daniel of Rothery. The floral tributes were numerous and beautiful.

WANT INFORMATION ABOUT OUR PORT.
A prominent Montreal organization has applied to the St. John Board of Trade for material for a magazine article covering historical data respecting the port of St. John, wharf space, depth of water, capacity of freight sheds, etc. The information has been forwarded.

VISITOR HONORED.
The home of Samuel Shanks, caretaker of the highway bridge over the reversing falls, was the scene of a happy gathering last evening, when friends called to renew acquaintance with his brother Joseph, of New York, who is here on a visit, and also extend congratulations on the anniversary of his birthday. During the evening a musical programme was carried out and refreshments served.

THE JUNIORS.
In a fast game of baseball played yesterday afternoon on the Brussels street diamond between the Leopards and the Waterloo street Victorians the latter team belied its name by suffering defeat at the hands of the Leopards by the score of 8-7. Albert Taylor officiated as umpire. For the victors the battery was MacGowan and Stevenson and for the losers McGourty and Winchester.

THE EAST END GROUNDS.
There seems to be an impression in the minds of some persons that the East End Improvement League has no right to charge an admission fee to its grounds. The League has that authority, and the funds so received by it are spent on the grounds to provide for summer and winter sports. It took an unsightly dump and made the best playground in the city. It should have universal support.

NO MEETING AT PRESENT.
At a meeting of the council of the Halifax board of trade this week a letter was read from P. F. Martin, M. P., stating that, for the present, no change would be made in connection with the removal of the several post office departments from the city to a central point. This matter had been taken up with the local members of the board and it meant the removal of a number of families from the city, and it could not be shown that any saving could be made by such action.

CITY PLANS TO TAKE ACTION

Proposal to Remove Corner of Chesley Street at Scene of Recent Accident—Circus Seeks Grounds.

At this morning's city council meeting Commissioner Frink said that \$10,000 was spent there this year and it would be a shame to spoil it. The Shamrock grounds were too wet.

Commissioner Frink suggested the East End play grounds. He said this ground was kept up by public grant and the East End Improvement League should make some concessions for the public good.

The matter was left over until this afternoon. Mr. Warner said that of the circus showed in Fairville there could be no street parade on account of the condition of Douglas avenue.

Commissioner Thornton said he had been approached by restaurant owners asking to allow them to remove the curtains and doors from stalls to meet with the conditions at present. It was decided to leave the matter over until Monday.

Commissioner Thornton said he had complaints from residents of Stanley street that trucks of the Purty Ice Cream Co. were damaging the sidewalks. He said the manager, Mr. Stearns, was willing to pay for a concrete sidewalk along the whole front of his lot.

Commissioner Frink said that he had received a letter from the company to the same effect. The road engineer is making an estimate of the cost, which will be presented on Monday.

To Remove Danger.
Com. Frink reported that Chesley street, now being used for traffic diverted from Douglas avenue, had a bad turn at which an accident had occurred recently. The commissioner had obtained from the provincial minister of public works permission to blast away eight or ten feet of the rock at this corner.

On motion the matter was referred to Commissioner Frink with power to act.

Com. Frink presented a petition from residents of Germain street, between Queen and Harding streets for permanent pavement. On his motion the petition was received and referred to him for report.

He also presented a petition from residents of Dufferin avenue for permanent pavement of water bound macadam. This petition was referred to Commissioner Frink for report.

LADY TILLEY'S WILL

Estate Probated at \$62,240—Residue to Son After Bequests—Caroline Tucker Estate.

The will of Lady Alice S. Tilley was proved in Probate Court before Judge H. O. McInerney this morning. She left an estate valued at \$62,240, consisting of \$38,540 in personal effects and \$23,700 in real estate in St. John, Rothery and St. Andrews.

The St. John property is her former residence, Carleton House, Germain street.

Specific legacies were left to grand children and daughters-in-law and remembrances to relatives of the family. Bequests of \$200 were made to the St. John Stone church for the benefit of the missionary work of the widow's and orphans' fund, and \$200 to the Bible Society. The residue was left to Lady Tilley's only surviving son, Leonard P. D. Tilley, of this city. J. Roy Davidson was proctor.

Ancillary probate was granted to H. H. McLean in the matter of the estate of Caroline T. Tucker, late of Epsom, England. Letters testamentary had been granted last December in England to F. N. N. and F. T. Tucker under her last will. The value of the estate locally was given as \$14,000 personally, while the gross probate value was £19,154.

Of this, various legacies to members of the family and friends were made, and £400 given to English charitable interests. Dr. F. R. Taylor, K. C., was advocate.

In the matter of the estate of Wm. Carter, \$2,200.33 personally, Charles Carter was appointed administrator. J. M. Treman was proctor.

The will of Annie Barton was proved, appointing Robert and Herbert Barton executors. The estate was valued at \$8,600 realty and \$5,565 personally. Public bequests included \$100 each to the C. M. S., the C. C. M. S., the building fund of St. Mary's church, and \$50 each to the Bible Society, St. John County Hospital, and Protestant Orphans' Home. Dr. J. R. Campbell, K. C., was proctor.

The will of Daniel G. Toole, appointing his wife, Louisa, his executrix, and giving his estate, \$2,000 personally, to her, was proved. H. F. Puddington was proctor.

In the matter of the estate of Wm. H. Higgins, personally \$1,450, Mary V. Higgins was appointed administratrix. J. M. Treman was proctor.

COMMISSION IS NOT NATIONALIZATION

A correspondent writes: "One would be surprised to know how little our people know about harbor commission. It would be safe to say that the average citizen does not give the matter a serious thought. If the vote on August 1 is taken and the decision in favor of the commission we will be in a bad state. What we do want is a nationalized harbor, not commission. Many people think the commission form is nationalization, but that is not so. Let us have a national harbor and no commission."

CHEESE AND BUTTER PRICES.
At the Sussex Cheese and Butter Board on June 2, 1,557 cheese were boarded by twenty-five factories, and ten factories boarded butter. Buyers from St. John and Halifax were present. The cheese sold at 15c. to 15½c. Only a portion of the butter was sold, and it brought 28.5c. The cheese sold brought \$16,402.89. If last June's price had ruled it would have been \$31,617.10.

For Those at a Loss as to What to Give to the Bride!

This store shows many gift pieces. The variety is so comprehensive that every requirement can be filled and the price range is so broad that you can find liberal selection within almost any price range.

And the suggestions are by no means confined to the merely utilitarian. The most appropriate gift pieces combine utility with decorative beauty—as, for instance, in the very unusual nests of tables, the many beautiful floor lamps and reading lamps, and the convenient sewing tables, and the inviting longues, and the handy dinner wagons—but there are too many things to enumerate. We want you to feel free to come and gather suggestions at your own convenience. You will be welcome whenever you come.
