## TELLS OF KHAKI UNIVERSITY

Dr. Frank Adams Heard Before Canadian Club.

Dr. Frank Adams, dean of the faculty of applied science in McGill University, gave an excellent address to the Canadian Club at luncheon in his honor at Bond's last night. He told of his experience with the "Khaki University," which had given education to 50,000 Canadian soldiers on active service during the war end of that number 8,000 were taught to read and write. In opening his address he said that the present time was the most critical in the world's history and unless those who are in charge of the various democracies throughout the world were trained they democracy failed. He said according to Lord Milner Canada was the most to be envied of all countries because of its present lack of racial unrest. Dr. Adams in his address urged that more education be given the people of Canada and other countries, especially the foreign element in our dominion. The situation in Russia was discussed and the menace of the rising tide of color and the desire for democracy aroused in the dark races was also discussed and Dr. Adams advocated the education of these masses of people. He described the system by which education was brought to so many soldiers overseas through the efforts of the university which he is associated with and also other organizations.

## NOT GUILTY OF MANSLAUGHTER

Verdict in Renforth Case, Delivered Yesterday—Recommendations of Jury.

The jury returned a verdict of not guilty on both charges against Harold Beverly, Jack Wilkinson, Charles Ross, John Kennedy, John Dean and Allan Currie, in the circuit court at Hampton yesterday afternoon.

The verdict is as follows: "We, the jury, through our foreman, agree that the prisoners are not guilty of the charges according to the evidence delivered, and we would recommend that the prisoners be acquitted of both charges. We also advise the prisoners to be more cautious in the future. We also recommend that the building on the side of the road be moved from the bounds, also the culvert lengthened, in the interest of the traveling public. (Signed) A. W. Cosman, foreman."

The building that was struck by the car that killed Virginia Garrett is partly on the public road and is occupied as a store by George N. Colby. The jury was out twenty minutes.

## Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 108 G. Marcellus avenue, Manassquan, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a lot of money and stop the misery of rupture and the worry and danger of an operation.

COMB SAGE TEA  
INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas.

"Tanlac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan of Peabody, Kansas, one of the most prominent stock-dealers in the Middle West. "It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac I was in an awfully run-down condition. I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to agree with me. At times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. That is just the condition I was in when I started to take this medicine. It took just six bottles to make a man of me. I now have a fine appetite, everything tastes good and my digestion is perfect."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it just tell them to see me."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station and by the leading druggists in every town.—(Adv't)
