WILD RIDE IS TOLD OF IN COURT

Several Charges Against Man Who Took Girls Driving

Another Charge is Laid Against Webber—Variety of Matters Gone Into in The Police Court

In the police court this morning Walter O. Peterson was charged with being drunk and having liquor in his possession, drinking in public and driving furiously. It was said that the accused had hired a horse from A. E. Kindred, livery stablekeeper in West St. John, and driven over to the city, stopping in front of the Lyric as the people were coming out after a performance. It was said he invited two young women to go for a drive, which they did, as one of them thought she knew the accused, but on getting into the buggy found she was mistaken. It was too late, however, for the horse had started off at a fast speed towards Haymarket square. On reaching the Marsh road one of the girls managed to get the reins and stop the horse enough so she could get out. Before her chum could make her escape the horse resumed its furious pace. The girl who had escaped immediately got in touch with Detective Biddiscombe, who went out and brought a man answering the description to the police station.

Detective Biddiscombe told the court that in consequence of a telephone message he went with the police patrol and followed a horse and buggy which answered the description given by the girl. In company with William Godwin, he followed the accused down Charlotte street, along Quebec square, down Mecklenburg to Wentworth street, where the horse and buggy stopped and the detective found the accused in the carriage drunk with a girl at his side. The girl said at first she did not know her escort but contradicted her statement and said she did. He was brought to the police station and the charges laid. A note of liquor was found in the buggy by the detective.

William Godwin, police patrol driver, corroborated the evidence of the detective and said that the accused was driving at a furious rate of speed. The case was postponed until tomorrow afternoon at 2 o'clock. Detective Biddiscombe stated the prosecution. Albert Bibben was charged with desertion from the steamer Messina. Heretofore S. Reviny, master of the ship, said that this man was a fireman and he left without permission on Monday evening and did not return.

Sergeant Sullivan told of the arrest at the Digby steamer. The sergeant said he understood him to say he was a fireman on the Digby steamer. George Warwick, chief engineer of the Messina, gave evidence, and the accused was sent to jail until the ship is ready to sail.

A case against William Truffen, charged with having liquor on the premises illegally, was resumed. Policeman James N. Power said that on Nov. 29, he company with Inspector J. J. Merryfield, he went to the shop of the defendant in Pond street, where they made a search, but did not find any intoxicating liquor, but in a barn at the rear of the shop, beneath a lot of straw on the floor, they discovered a false floor and on raising the four bottles of Jamaica rum were found. The case was postponed until Tuesday afternoon. E. S. Ritchie appeared for the defence.

Inspector Harry Kent, charged with having liquor in his place of business, Brussels street, other than his private use, was resumed. The defendant said that lemon extract found was in the place of business for cooking purposes, and he did not sell it as a beverage. Regarding some rhubarb wine found there he said it was made for his own use only, and where he kept it was the most convenient place. The case was postponed until Tuesday afternoon. E. S. Ritchie appeared for the defence.

A case against William Webber, charged with having liquor in his possession in the Union station, was again taken up. Inspector Robert McAlinsh said he went to the house of the defendant in Orange street and found a quantity of liquor, some of which corresponds to that found on the train. The case for the prosecution was closed and the case postponed until this afternoon. William Webber was also charged with having in his possession unlawfully manufacturing liquor, from and by means thereof, contrary to law, under section 19 of the Intoxicating Liquor act 1919. The defendant pleaded not guilty, and put up a deposit of \$200 for his appearance this afternoon.

In a case against Charles Ritchie, charged with assaulting City Constable William Saunders, resumed this morning, no evidence was taken and the case was postponed until tomorrow at noon when the magistrate will give judgment.

The Joy of a Home!

One of the most significant compliments that can be paid to man, woman or child is that he or she is fond of home.

Fondness of home indicates an interest in those things that are elevating and refining. The real joy of living centres in the home. It is the shrine of affection—the haven of rest from the turmoil of the day—the sacred circle in which the choicest memories of life are given root—the theatre of hospitality where precious friendships are developed and enjoyed.

And love of home depends in a large measure on the attractiveness of home itself—not necessarily on its elegance, but on that subtle, inexpressible environment which breathes welcome, comfort and good cheer, and which is made possible in even the humblest home by the application of good taste and correct judgment.

This store ever seeks the opportunity to co-operate with home lovers in creating within their homes—be they modest or pretentious—that atmosphere which contributes to love of home and to the joy of living.

This co-operation is a part of the service rendered to every patron. It adds nothing to the cost of any home furnishings you may select here.

C. N. R. IS TAKING COAL AT ST. JOHN

The shortage of coal is being keenly felt by the C. N. R. here and they are now commencing from local dealers for supplies. This work of confiscating is given them through an order-in-council passed some time ago, and the rate paid is the mine price. The railway authorities say they are unable to procure the quantity of coal necessary for their operation at the mines, which are not producing to the quantity required, so that they are forced to depend upon what they have already brought to dealers earlier in the year from the mines. The railway has been in the habit of buying from Sydney, Springhill, Joggins, Minto and in fact at almost any Canadian centre where coal was available, but supplies having been so shortened they are forced to the action taken.

TO HALIFAX, SHOULD HAVE GONE ABOARD THE STEAMSHIP HERE

More than 200 passengers went through the city this morning for Halifax to sail aboard the steamer Metagama, due to leave tomorrow afternoon for England. With conditions different in this city in connection with the winter, port, these people would have come to St. John and whatever benefits accrued from their being here would have been shared here. Tomorrow quite a large number more are expected to pass through from the west to Halifax.

The Montreal train due at 1.20 p. m., was brought in in two sections, the first of which was twenty minutes late, the second an hour and forty minutes. Each of these trains brought passengers for the steamer, as did the early train from Montreal this morning. A second section was made to No. 14, going to Halifax, to accommodate them. The Boston train was thirty-five minutes late in reaching the city also.
