## Here Are More Deaths From PNEUMONIA than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "Inflammation of the Lungs." Consumption may be contracted from here, but as a rule pneumonia is caused exposure to cold and wet, and there only one way to prevent pneumonia, that is to cure the cold on its first perance.

Wood's Norway Pine Syrup will do for you if you will only take it in time. Wm. M. Steeves, River Glade, writes: "Please allow me to express my gratitude for the presence of Wood's Norway Pine Syrup in the house, for I believe it saved our little boy's life. Three years this fall we were in the lumber woods, and it was very hard on the lungs, and he was very ill. The relief he got was to take Dr. Wood's Norway Pine Syrup, and with a combined use of the Syrup, and your Elix. Troop Oil Liniment, he soon got better, and was around in a couple of days. It certainly is a great remedy." Price, 25 and 50 cents. Be sure and get "Dr. Wood's" when ask for it. Manufactured only by T. Milburn Co., Limited, Toronto.

## Dearth of Good Middleweight In England

(FROM T. S. ANDREWS)

Milwaukee, March 17.—There was a time when England had some of the greatest middleweight fighters in the world, but like the heavy-weight class the middleweight class is going to pieces. The lack of class among the 160 pounders in England was shown at the National Sporting Club in London when Pat O'Keefe, one of the come-backs, and Harry Reeve, a newcomer, fought a twenty round battle the veteran getting the decision and the title. O'Keefe is one of the oldest men in the game on the other side, and though most followers are pleased to see this persistence at last rewarded with the title, the gift of victory comes off when one recalls that the new champion was knocked cold two weeks ago by Georges Carpentier in two rounds.

Jim Sullivan and Jack Harrison, both former holders of the 160 pound title, who were obliged to give up the honor owing to a succession of defeats that prevented them from holding the Lons-

dale belt any longer, fought a fairly good battle recently. In Sullivan's case it was a real "come-back." It is doubtful if he has ever boxed better than he did against Harrison and should be matched with O'Keefe—a very likely contingency—it is a safe bet that Sullivan will regain possession of his lost honor. The first round was one of the fastest seen in the club for a long time, Sullivan getting a pace that proved too fast for Harrison. He was continually attacking with both hands and before the end of the third round Harrison was beaten. He managed to stave off defeat until the middle of the fourth round, when he was in such a bad way that his advisers deemed it best to throw a towel as a token of defeat.

Sullivan's showing has put him back in the front rank of middleweights there and he may be matched with Marcel Moreau, French champion.

Sullivan was knocked out by Billy Papke in London two years ago while Harrison was put to sleep in one round by Eddie McGoorty in New York a year ago. Bandman Blake looked like a good one until he bumped into Bombardeur Wells and was sent to dreamland. The brothers will have to get some new and hard middleweights if they expect to get back into the top class in this division.

Every bit of it was manufactured and put together in Gananoque. Last summer Mr. Britton failed to lift the trophy, which is held by the New York Canoe Club, but thinks he can win this year.

THE TURF. Your Chance on Favorites. Do you "play" the ponies? says a New York despatch.—Well, then, it's a pretty safe wager that like the others who do you figure that when you lay a bet on a heavy favorite the chances are more than even that the favorite will center home ahead of the field.

But you figure wrong. The chances are only two in five—no matter how big or small the field—that the favorite will win. And the chances of an outsider winning are almost as large as those of the favorite.

This average not only relates to the 1912 results, but to all the races in the last eight years. Forty-one out of every 100 favorites won last year. In 1912 it was forty, 1911 it was forty, 1910 forty-two, 1909 forty-three, in 1908 forty in 1907 thirty-nine, and in 1906, forty-one.

Statistics compiled by the Chicago Racing Form, covering 4,708 races run last year over the most important tracks in the country, show that the favorites finished in first place only 1,912 times, out of 4,388 races, the favorites won only 1,747 times, against 1,975 victories by outsiders.

## AUGUST COMING ROUND

The Story of a Fox Terrier That Was on the Stage

Spokane, Wash., March 18.—Partly for lack of a master who could speak German, partly because of illness, and partly because the gay life of the stage had been exchanged for quietness of a kennel at the Spokane humane barn, August, a tan and white fox terrier, had a beautiful silver-gray Eskimo, were found by Dr. J. J. Stratton, a local veterinarian, to be in a pitiable condition, suffering from overwork, mange and other disorders. The two were withdrawn from the troupe. The other two recovered and have been given to local people.

For a long time August moped in his kennel, refusing to notice other dogs and declining to get acquainted with any of his English-speaking keepers. Never a word of English could he understand, and English syllables made him cower and look up pitifully, as though expecting punishment.
