MARK TUMBLES TO NEW LOW ON N. Y. MARKET

Franc was Also Down, Following Break-up of the Premier's Conference.

New York, Jan. 5.—Failure of the allied premier conference to reach an agreement on German reparations resulted in a heavy selling of German marks here today, the rate dropping from 123 to 115 cents a hundred, new low record for all time. Later the mark rallied to 118. The latest Reichsbank statement showed that the total circulation of paper marks in Germany had passed the trillion mark. The normal, or pre-war, price of marks was 23.8 cents each.

French francs sustained an overnight drop of 12 points, being quoted at 6.92 cents, the lowest price in more than two months. The franc followed the upward trend of the mark in later dealings to 6.98½. Other European rates also declined.

SUGGESTS CONFERENCE IN COMPENSATION ACT

John J. Martin, Labor M. L. A., Chatham, N. B., who spent the last few days in the city in conference with the executive of the New Brunswick Federation of Labor returned home last evening. Among the matters under consideration was the Workmen's Compensation Act, particularly suggested changes in the act advanced by the amblers' Association. While here, Mr. Martin had a conference with Premier Foster, and suggested on behalf of the federation that a conference representative of the employers of Labor of the Province, and representatives of the federation, including also representatives of the Government, and of the Workmen's Compensation Board be arranged for in the near future to discuss the Workmen's Compensation Act.

S. S. MAJESTIC BREAKS THE ATLANTIC RECORD

THE MAJESTIC

A new record for the New York-Cherbourg run has been established by the White Star liner Majestic, the world's largest ship. The official time for the run is five days, six hours, thirty minutes.

As the world's largest ship, the Majestic has a claim to distinction apart even from that of her celebrated associates, while the proportions and elegance of her passenger accommodations are in consonance with her size and dignity. In luxurious splendor the Majestic is unsurpassed. A century of experience in steamship building is wrought into the magnificent hull. She represents not only the greatest size among the ocean borne palaces of the age—her interior space equals 400 eight-room houses—but also the highest standard of excellence in equipment and facilities for service long exemplified by the White Star Line.

In construction the Majestic embodies as great an advance in the art of shipbuilding as the present generation is likely to see. She is 955 feet long, 100 feet wide, 102 feet deep from bridge to keel. She is a 66,531 tons gross, and her displacement (weight) is 64,000 tons. She is an oil burner, and smoke, soot and clinders are absent during a voyage. She has forty-eight boilers, with 240 furnaces that supply steam to four turbine engines, which drive quadruple screws with a maximum of 100,000 horsepower.

The Majestic has capacity for 4,100 passengers. There are 1,245 staterooms, of which 472 are in first cabin. Each of these latter is fitted with a bed, there being no upper berths in first class. Many of the first class rooms are in suites that approach the size and equal in luxury the finest apartments on shore. The largest, two regal suites, embrace eight rooms each, including three baths.

The Majestic will sail again from New York on January 6.

BRIDGE CONTRACTS ARE AWARDED

Text Book Committee to Have Recommendations for Board of Education.

(Special to The Times.)

Fredericton, N. B., Jan. 5.—Hon. P. J. Veniot, has awarded contracts as follows:

Brown's shipyard bridge, parish of Wolford, Kent county, to D. M. Leblanc, of St. Anselme, Westmorland County, price about \$32,000.

East branch St. Nicholas River (mouth) bridge, parishes of Richibucto and Wolford, Kent county, to D. M. Leblanc of St. Anselme, Westmorland County, price about \$15,000.

Work on these contracts is to be carried on during the winter.

A contract for 150,000 feet of birch deal for flooring the Fredericton highway bridge was awarded to W. J. Scott of Fredericton, price about \$5,000. The refooring of that bridge is to be begun soon.

The conference of school inspectors with the chief superintendent of education and the principal of the Normal School was completed on Thursday evening. The inspectors have left for their homes.

The committee on text books was in session on Thursday night. Texts considered were those for reading, history, geography, music, grammar, literature, chemistry and arithmetic. A recommendation with regard to them will be made to the board of education. The text books already prescribed for use in the high schools for grammar and history were approved by the committee.

Members of the committee in attendance were: A. S. McFarlane, H. H. Hagerman, Miss Sarah Thompson, Emma Colwell, Dr. J. G. Oulton, Dr. C. C. Jones, Dr. H. V. B. Bridges and Inspector L. A. Moore.

The Municipal Council of York County this morning, after strong opposition, voted a grant of \$3,500 to Victoria Hospital. Opponents to the grant argued that the management of the institution was not efficient and that charges were excessive.

John Black, former secretary-treasurer of the county, now visiting Fredericton, who for some years has been public administrator of the Yukon Territory, addressed the council.

The assessment was passed for the year, the total being \$31,634.22, which is considerably lower than that of last year, which totalled \$40,706.54.

The U. N. B.

The council passed a resolution endorsing the action taken by the City Council of Fredericton opposing the removal of the U. N. B. from Fredericton, and urging that the proposed federation of maritime universities be not entered by U. N. B. Chancellor Jones said that whether it entered the federation or not the time was here when U. N. B. must have additional financial assistance from some source. He explained the federation proposals but was non-committal on the advisability of the adoption of the general plan.

DAY BY DAY IN EVERY WAY THIS SALE GROWS BETTER AND BETTER

There's no doubt that the success of a sale, or of a store, is due absolutely to what people think of it. But in this case it's not a case of imagination, but of knowing and this January sale of the entire suit and overcoat stock of A. E. Henderson's at three prices, \$18.50, \$23.50 and \$28.50 is doing its part through its splendid values and good merchandise. Note the address, 104 King street.

AFTER 49 YEARS SERVICE

Moncton Transcript.—Andrew W. Morrison, of this city, who for the long period of forty-nine years has been connected with the passenger department of the old I. C. R. and later the Canadian National Railways, is shortly to retire under the provisions of the Provident Fund Act. During his long period of faithful service with the railways the genial "Andy" has been a most obliging and trustworthy official, and a general favorite among his associates in the railway services. By a general traveling public with whom he came in contact, he is held in the highest esteem and his popularity among commercial travellers and business men was always evidenced.

FELL AND BROKE HER LEG

Fredericton Gleaner.—Mrs. J. Herby Maxwell, of this city, who was spending the New Year at Fairville while on her way to the Fairville station on Tuesday night, fell on the icy pavement when she fell. She rallied and was placed aboard the train and proceeded to her home in this city, where she was conveyed. Yesterday morning she was taken to the Victoria Hospital and an X-ray revealed two bones broken in the right leg.
