**SAGONA FROM LABRADOR**  
The S.S. Sagona, Capt. Burgess, which arrived from Labrador ports Friday brought the latest fishery news from the coast. The fishery as a whole is a poor one. Bad weather with gales of wind fog and rain have prevailed for several weeks past and Capt. Burgess says that already many traps have been taken in and owing to the S.E. and E.N.E. gales prevailing with rain and heavy sea, no traps have been put in the water since the 8th of the present month, though fish was reported to be plentiful and had it not been for the conditions prevailing a good fishery must have been recorded. Captain Burgess' official report is as follows:  
Holton, Horse Hr. and Emily Hr.—Both landmen and footers have done well.  
White Bears—All crews did well, Smokey—Traps doing fair.  
Indian Hr. and Pack's Hr.—Nothing.

Grady—No fish. McRae's traps have done nothing and crews have not had such a blank in years.  
Indian Tickle—Crews have average catches.  
Griffin's Hr., Domino and Spotted Islands—Fishery a blank.  
Black Tickle—Traps have done fair, others nothing.  
Battéau—Fair catches have been landed.  
Sandy Islands—Crews did well and all have good voyages ashore.  
Flat Islands—Munn's have done very poorly.  
Comfort Bight—Good catches have been landed; all crews doing well.  
Bolster Rock—Crews here have done practically nothing.  
Hawk's Hr., Venison Island and Styles—All crews did well and have good voyages ashore.  
Snug Harbor—There has been splendid fishing here all season. Thos Finn's crew of four men have 600 qts. ashore. Twelve vessels loaded there.  
Dead Islands and Square Islands—All crews did well.  
Occasional Harbor—All did well.  
Fishing Ship's Hr.—All did well.  
Spear Hr.—All did well.  
Battle Harbor—Not much doing with traps, but good hooking.  
Capt. Burgess also had news from the S.S. Senef giving an account of the fishery on Northern Labrador. She reports no fish north of the Farmyards, where there is fair fishing and a good sign at Cape Harrington, but nothing at Turnavick, Makovik and Iron Bound Islands, though good fishing prevails at Cape Harrison and Ragged Islands. The schooners in this section vary from 400 to 1,200 qts. The gold scare the ship reports is all off, and most of the prospectors and others returned on the Sagona, though at least three men will remain for the winter to prospect for the precious metal and platinum, which it is reported have been discovered.

popular employee of the Royal Stores. He was an ex-member of the C. L. B., and an active member of the Old Comrades. He is survived by a widow and two children.  
**TRIBUTE TO MEMORY OF REV. DR. WHELAN**  
In a sermon in the R. C. Church here on Sunday last, Aug. 26th, Rev. Fr. Fitzgerald, speaking of "Charity in Practice," made special reference to the passing of Rev. Dr. Whelan as follows:  
"If you would see a practical example of such love, you will find it demonstrated in the life of your beloved pastor, whose noble death has so recently struck sorrow into every home in this community, for 'facio' no less than 'credo' was the motto which he followed; and none know better than you among whom he worked that he was wont to DO as well as to BELIEVE. It was his oft repeated boast that you, his people, had ever been to him wholehearted, generous and loyal to a man; and your love for your dear dead pastor was only exceeded by his love for you.  
"During his years of pastoring no favor did he ask of you in vain, and now, in death, I know to him you will be no less loyal. Nor will his wishes be held by you in less regard. And this is your pastor's wish—that you be ever true to the Christian principles he has labored to engrave upon your hearts, and emulate the example of practical love of God and whole-hearted charity towards man so eminently seen throughout his whole career. For his was the charity of a noble pastor's heart, than which there is no greater, 'Greater love than this no man hath,' etc.  
"Above the surging of the angry waters, above the thunder of the

arctic ice that broke the brooding silence of the north, his attentive ear, ever sensitive to the cry of souls in distress, heard the plaintive pleading of a people that hungered for the Bread of Life and thirsted for the Word of God; and though his body burned with the fires of physical infirmity, his noble soul burned yet more strongly with the fire of Charity and a desire to spread the Word of God among the long-forgotten tribes of Northern Labrador.  
"Sad, indeed, is the dawn of each succeeding morrow that brings with it the realization that our pastor is no more. Yet such is only partly true; for while his body rests among his well-beloved people on the green slopes of yonder hill, his memory and example will yet live, and, like the sea-shell that keeps ever murmuring the music of its native deeps, the unfiled chimes of sorrow will never cease in the souls of his people here for whom he lived, and the people of the frozen north for whom he died.  
"The noble Apostle of the Montagnais was as strong as he was delicate; as tender as he was bold. Yet why say more? To you his well-beloved flock, the name of Dr. Whelan needs no panegyric, nor cease is there of more, for on the tattered head of our dear dead pastor the deathless laurel, woven by the hand of gratitude and love, shall never cease to rest while these most fundamental aspirations find place in the human heart."

**VISIT OF COL. AND MRS. CLOUD, S.A.**  
Colonel and Mrs. Cloud, S.A., new Territorial Commanders for Newfoundland, visited this town and conducted services at the S.A. Citadel on Sunday, Aug. 26th. The Colonel is a fine musician, having composed several famous hymns, which are sung wherever the Salvation Army is known. They conducted a holiness meeting in the morning, free and easy meeting in the afternoon and a salvation meeting at night, all of which were largely attended. Both Colonel and Mrs. Cloud are good speakers and the audiences were given soul-stirring messages by sermon and song.

**FOOTBALL**  
In connection with the Meth. Garden Party, Clarke's Beach, on Wednesday, August 29th, a programme of sports was run off. A game of football five was played between Clarke's Beach and Bay Roberts resulting in a win for Bay Roberts by a score of 1 goal, 2 corners to 1 goal, 1 corner. The line-up was as follows: Clarke's Beach—H. Jerrett, W. Nicholls, Fitzpatrick, forwards; C. Filler, back; C. Williams, goal. Bay Roberts—J. Ploughman, W. J. Mercer, Max Dawe, forwards; Bert Hillyard, back; H. Russell, goal. After this game a second game was played between Bay Roberts and Mackinsons, which resulted in a win for Bay Roberts by 2 corners.  
**LOCAL NEWS.**  
Mr. W. T. Bellamy and son Billie, arrived by Monday night's train. Mr. Bellamy has spent his holidays visiting relatives in England.

Miss Emmie Snow, who for a number of years had charge of the Meth. Day School at Coley's Point, left by Thursday morning's train for Gambo, where she will teach for the coming year.  
A wise man never despairs.

**ORDERED HOME**  
S.S. Watchful, stationed at Stag Bay, Labrador, since June last, has, we understand, been ordered home. The squad of police and Government officials who went along will be returning by the steamer almost immediately. Indications are that no gold has been found, prospectors have been few, and that the whole upshot has been nothing but a mere frizzle.  
Mr. L. Edwards, an experienced authority on minerals, who has travelled from Alaska to the Antipodes, also returned by the Silvia II. Early this season, Mr. Edwards came from Montreal and went to Labrador by the Malakoff and immediately began operations. Colour was found in two or three places but there were no prospects worth while.

**'LITTLE STEPHANO SAFE'**  
During the week much anxiety was felt for the safety of the schooner "Little Stephano," which was on her way from New York to Beaverton, N.D.B., with a load of coal. She was a week overdue but on Monday last Capt. A. Kean received word that the schooner had reached her destination in safety.

**NEWS OF THE WORLD.**  
Rome, Aug. 29.—The Italian Government has demanded a formal apology from the Greek Government and an indemnity of fifty thousand lire, and that full honors be paid by the Greek to the Italian fleet at Piraeus, because of the assassination of five Italian members of the Greco-Albanian boundary mission last Monday.  
Rome, August 29.—It is officially announced that the entire Italian mission assigned the task of establishing an Albanian-Greek frontier has been massacred by Greeks. Mussolini has advised the Italian Minister in Athens to demand from the Greek Government full reparations and prompt apology for the assassination as well as prompt apprehension and punishment of the assassins. Intense feeling has been aroused in Italy over the tragedy.

**SAD DROWNING AT TOPSAIL**  
On Wednesday, August 29th, a sad drowning accident occurred at Topsail, when Mr. Herbert Pike, an employee of the Royal Stores Ltd., St. John's, was seized with a cramp while swimming, and sank before a rescue party could reach him.  
The deceased was a member of the Royal Stores Swimming Club, whose members were holding an outing at Topsail on Wednesday afternoon. A set programme had been arranged for the afternoon's entertainment, but shortly after arriving a number of them, including Pike, decided to go for a swim. There was a heavy lull and the water was quite chilly. The victim, despite the entreaties of his comrades, started to swim for a boat anchored a quarter of a mile distant. He reached the boat, swam round it, and was returning to the shore when he apparently was seized with a cramp. His cries for help were heard by those on the beach, who immediately set out in a boat toward the spot where he was last seen, but the body did not rise. Within half an hour a motor boat was procured and rushed to the scene of the accident, and with the aid of jiggers the body was recovered in four fathoms of water. All that medical skill could do was done for the man but to no avail. Dr. Burden, who rushed from Manuels, pronounced after examination that the vital spark had fled.  
Deceased was well-known and a
