Before his departure his fellow guests at the Carleton presented him with a complimentary address accompanied by a very handsome silver water tankard and tray."

WEDDING AT WESTFIELD.

A very pretty wedding took place at the Public Landing, Westfield, Tuesday, Sept. 29, when Samuel Appt of this city was united in marriage to Ida Matilda, youngest daughter of James Belyea of Westfield. The service was performed by the Rev. H. A. Cody, rector of Greenwich, at 7 a. m., in St. Peter's church, in the presence of the immediate friends and relatives of the contracting parties. The church was very prettily trimmed with flowers, the work of loving hands. The little maid of honor, Miss Helen Highlands, did her part well and looked very sweet.

After breakfast at the house of the bride's father the happy couple left on the steamer Hampstead for St. John, their future home. A bridal trip was contemplated, but owing to the severe illness of Mrs. Appt's sister, it has been deferred. The presents received were many and costly.

DIED IN YARMOUTH.

Mrs. May Jenkins of Yarmouth, N. S., who came to Moncton a short time ago, to spend the winter with her sister-in-law, Mrs. J. S. Magee, received a telegram yesterday morning, bearing the sad intelligence that her stepfather, Jacob Harris, dropped dead the previous night. He had been troubled with his heart for years. Mrs. Jenkins left for Yarmouth by the midnight train last night.

HARVESTING SEA-GRASS.

The sea-grass industry, as carried on in Gloucester county by A. J. W. McKenzie, is reaching large proportions. A Newcastle Advocate man recently called on Mr. McKenzie at Grand Anse where he loaded two cars. Recently he shipped a carload to Denver. This material is used for upholstery and is a source of revenue to Gloucester county farmers.

SERIOUSLY INJURED.

Miss Ida Colpitts of Moncton, who is employed in Garon Bros' factory at St. Stephen, was badly injured last evening. She attempted to jump from a train while it was moving out of the station at St. Stephen, and fell, striking her head against a switch. She was taken to the Chipman Memorial Hospital.

RENEWAL OF CATHOLIC MISSIONS.

The renewal of the Catholic missions which were conducted in this city about a year ago by the fathers of the Redemptorist Order will commence in St. Peter's church, north end, next Sunday. The missionaries will afterwards conduct their labors in the various Catholic churches throughout the city.

SUSSEX EXHIBITION.

The Sussex exhibition was formally opened last night by Hon. L. P. Farria. There was a large attendance, and everything pointed to a successful fair.

A BIG WEEK.

Arrangements Being Made for the Carnival of Sport.

Those interested in the coming autumn carnival of sport are called to meet tonight. From all appearances it is going to be the biggest week of its kind that the city has had for years. Arrangements are being made now for the foot races, and the gentlemen who have that department in charge expect to have some of the crack American sprinters here, if money will bring them. The events in this class are 100 yards professional handicap, 120 yards, 100 yards, local, handicap and 100 yards, maritime, handicap sprints. Dr. T. Fred. Johnson, who has charge of the horse racing, has sent word that the following events will be put on at Moosepath, with a good field of horses: 2.21 trot and pace, 2.28 trot and pace and a free-for-all. The purses will run up to six hundred and fifty dollars. The matter of the cashing of the horse racing, has already been settled by the committee in regard to them.

At present the committee is on the look out for a good band. The Salem Cadet corps are due to come, but some excellent organization will be brought here.

A BURGLARIZED SAFE.

The big safe which was blown open by the thieves who broke into the branch of the Bank of New Brunswick at Florenceville a short time ago was brought to the city yesterday for repairs and is now at J. J. Iddolls' shop on Mill street. The safe weighs thirty-five hundred pounds and when in use was closed by means of two massive doors meeting in the centre. These doors are eight or nine inches in thickness. The burglars inserted in one of them a charge of dynamite, which completely tore the massive piece of metal from its hinges and twisted it out of shape. This ruined door, packed in a separate box, was brought to the city with the safe. A second charge of dynamite was used with good effect on the door of the cash box in the safe and this also was badly damaged.

PERSONAL.

Mrs. Maggie Brown left yesterday for her home in Calais, after visiting her niece, Mrs. James Steele. Says yesterday's Fredericton Herald: "Miss Mary Thompson, of the educational office and Miss Brewin, of England, who has been visiting friends and with the minister's daughter, Mrs. Clarke, of Halifax, will accompany Hon. A. G. Blair on his trip to the Pacific coast."

RIPE STRAWBERRIES.

Allan Price, of Norton Station, called at the Star office today, and with him came visions of green fields and sunny slopes, with swallows wheeling in the blue above, and the summer breeze waiting to the senses the odor of wild rose and sweet brier and new-mown hay.

For Mr. Price brought with him a small box of delicious, full-ripe wild strawberries. They were picked at Bellefleur by Miss Theresa Gillis, and Mrs. J. D. Baxter at Norton, who rightly felt that so palatable and palatable the evidence of the genuineness of the climate of New Brunswick should be given the widest publicity.

THE Y. M. C. A.

F. W. Green, physical director of the Y. M. C. A., will arrive tomorrow from Brantford. His classes will not be commenced until next week when the gymnasium will be given their first drill in the gymnasium. Mr. Green comes here well recommended as an instructor, and his classes already promise to be largely attended. Preparations have been made to hold the annual reception for the boys on the 17th of October. This event takes the form of a general jubilation by the junior members and those in charge of that department. The senior reception, somewhat more formal affair, but still free enough, will be held next Tuesday evening.

POLICE COURT.

Boys' Case Postponed—Three Drunks—Guthrie Once More.

A fourteen year old boy, named John Quigley, was arrested for being one of a disorderly gang playing and shouting on the corner of Clarence and St. Patrick's street last evening. He was playing football with the extra half foot in getting away from the cops. Quigley denied that he had been shouting on the street, and James Courtney and Fred Kato, who were with him, made the same denial. The matter was postponed.

Robert Usher, Joseph O'Brien and Dennis Sullivan, for being drunk in different parts of the city were fined eight dollars each. Joe Guthrie was arrested on the charge of stealing two dollars from a stranger by the name of Peter. In court this morning he expressed a wish that the case be disposed of by the magistrate, but his honor remarked that it might be better for Joe to go before a jury who would probably believe his yarn, rather than entrust himself to a court wherein he was known. Joe was remanded for a week.

MORE WHISKER PULLING.

Nathan Jacobson wears a pair of dark chinchillas on his sub-maxillary, or, as a little boy remarked today, "his throat ticklers is fuzzy." These recompense him in no small degree for the absence of hair on the top of his head, and naturally enough Nathan is fond of his whiskers. Consequently, when they were pulled by James White, of Boston, yesterday, he was greatly annoyed—not to say pained. White, who is an absolute stranger in St. John, came to the city yesterday morning by boat and at once loaded up. Along with a number of friends he visited Jacobson's junk emporium on Pond street, and after making some highly improper remarks, pulled the whiskers which grow on the chin of Nathan the Jew. Of course he did not pull very hard, but that Nathan was unimpaired. This Jacobson related the story this morning in police court, and the prisoner enquired: "Are you sure it was me?" Then, changing somewhat the words of his namesake, Nathan said unto James, "You do be fellow." White was fined twenty-five dollars.

PERSONAL.

Miss Thomson and Miss Mona Thomson left last evening for Toronto to attend the golf championships.

Dr. Harry Patton left last evening for Boston to take a post graduate course at Harvard.

Mrs. R. M. Hazen, who has been spending the summer at St. Andrews, has returned to the city.

Mrs. J. Lee Day will receive her friends on Wednesday next, at 6 Germain street.

F. J. G. Knowlton and R. W. W. Frink left last evening for Quebec to attend a meeting of the Canadian Fire Underwriters' Association.

Mrs. John Tapley, of this city, and her daughter, Mrs. B. J. Dowling, are visiting Mrs. E. W. Dowling, No. 1 Drummond street, Montreal.

B. R. Haydon, who has been a popular clerk in Manchester, Robertson & Allison's for the last 10 years, will leave tomorrow to take up ranching near Calgary.

Misses Janet Scott and Lou Beatty of the west side went to Boston yesterday to spend a few weeks.

His Honor Judge Wedderburn arrived home today from Denver, where he has been attending the Fraternal Conference.

Alfred Corbett and bride returned home today.

Robt. Courtenay arrived today from Montreal.

A. B. Hannay and A. M. Dewar of the Montreal Herald staff will leave today for Montreal.

THE FESTIVAL.

Is Not Very Successful in the Financial Line.

It is to be regretted that the music festival is not proving so successful financially as was anticipated. The committee in charge feel that many of the subscribers to the guarantee fund have not acted quite justly in the matter. When the project was first started it was agreed that W. R. Chapman should bring to St. John the best artists available and that these should be the same as would appear at the Maine festivals. The names of several leading singers were mentioned as possibilities, but no definite promises made. It is now claimed by quite a few of the signers of the subscription list, that Mr. Chapman has failed in his promises and has not brought Nordica, Calve, and Ames. This unjust interpretation of the agreement has caused these subscribers to refuse payment of their subscriptions and by their refusal the guarantee fund has been diminished. The present indications are that the festival will not be a financial success, but this may be avoided by large audiences this afternoon and evening. Whether these festivals are to be continued has not yet been decided, but a meeting of the board of management will be held at the close of the matinee this afternoon.

GLACE BAY BOOMING.

(Sydney Post.)

Building operations in Glace Bay are being pushed forward rapidly by several contractors. The new Church of England is fast approaching the form of a very imposing structure. Angus McAskill, an enterprising contractor, has his hands full and is hustling along his work in a lively manner. He has the contract for building twenty-five houses at No. 2 for the Dominion Coal Co., a double residence for the two electricians who are to operate the power house for lighting the town pumping the water supply. The building for the Catholic Young Men's Club under his management is rapidly approaching completion, the roof being put on this week. He has just finished a handsome and substantial brick building for the Bank of Montreal, which in a short while will be the scene of business activity.

APPROACHING WEDDINGS.

(Fredericton Herald.)

The marriage of Loring W. Bailey, Jr., of Halifax, son of Dr. Bailey of this city, and Miss Ernestine Gale, only daughter of G. Goldsworthy Gale, a prominent citizen of Quebec, is to be solemnized at the bride's home in the latter city Oct. 30. The bridesmaids will be Miss Armande Stevenson of Montreal and Miss Bailey of this city, sister of the bridegroom, and friends of the young couple in Fredericton, Montreal, Quebec and Ottawa will be among the invited guests. Mr. Bailey and his bride will visit Fredericton during their wedding trip.

The nuptials of Miss Annie Moore, daughter of Ald. John Moore, and Charles O'Connor, will be celebrated at St. Dunstan's church on Wednesday morning.

BROKE HIS LEG.

Joseph Marry, the fifteen-year-old son of P. Marry of Douglas avenue, met with a rather painful accident at the gymnasium of the Y. M. C. A. of St. Peter's church a few days ago. While trying to perform some difficult trapeze work the lad had miscalculated the space and fell a considerable distance, breaking his leg and receiving other injuries. Dr. McInerney set the injured member, but it will be some weeks before the boy will be about again.

THE LIGHTERAGE SYSTEM.

At the meeting of the sub-committee of the lighterage scheme yesterday it was decided to submit the form of tender to the board of works and it was decided to suggest to the board that the C. P. R.'s application to extend their tracks up Union street (west), that they recommend the council to give permission provided it would not interfere with traffic.

COAL \$15 IN BANGOR.

The price of anthracite coal took another jump in Bangor Monday morning when the price was raised from \$12 to \$15 a ton. The last increase from \$10 to \$12 was made a week ago. The price of bituminous or soft coal remains the same, \$8, although there is a possibility of an increase at any time.

39c., 68c. and 85c.

are the prices of three special lots of

NEW DRESS GOODS.

The 85c. sale advertised last Saturday has proved a great success. Many new customers have been attracted by the special values. Some of the persons whom we had not noticed here before bought as many as three and four dress lengths. To further advertise our dress goods department, we are going to sacrifice the profits on about 2,000 yards more of this season's newest dress and costume cloths. Next week buyers will find here the best values ever offered in the city at these popular prices—39c., 68c. and 85c. yard.

WOMEN KISS MOTORMAN.

Quick Handling of Fender Saving a Child Well Rewarded.

(New York Journal.)

Theodore Voosler, a motorman, was frantically hugged and kissed by 20 pretty women on the streets of Elizabeth, and a big crowd cheered lustily. A five-year old girl ran suddenly across the tracks as his car was speeding near Fourth street. There is a turn in the street and the motorman did not see the child until he was almost upon her. He lowered the fender and put on the brake in a flash. The child was caught in the fender and fell back in the basket and lay there unhurt and laughing until the car was stopped. The car was crowded with women on their way to church. When they saw the child struck by the fender and thrown into the air several women fainted. When the child was taken out of the basket of the fender unhurt the women became effusive, and pulling the motorman from the car, embraced him.

SHE GAVE OVER A MILLION.

Mrs. Winthrop's Bequest May Amount to \$1,500,000.

PRINCETOWN, N. J., Sept. 28.—The residuary bequest by the late Mrs. Winthrop of New York city to the Princeton Theological Seminary will greatly exceed \$500,000, the estimate put on it at first. This information was given out today by an official of the seminary. It is, he said, impossible now to announce the exact amount of the legacy on account of the unsettled condition of the estate, but it is definitely known that it will be more than a million dollars, and it may be as high as \$1,500,000. With the exception of a few small bequests, Mrs. Winthrop left her entire estate unconditionally to the seminary.

WHY HE QUIT IOWA.

(Kansas City Journal.)

Henry Clay Dean, who was a famous orator a generation ago, was referred to many years after he had moved to Missouri from Iowa as "Henry Clay Dean of Iowa." He used to explain his move from the Hawkeye State in this way: "You see, they passed a nefarious prohibition law in Iowa, and there's your whiskey gone. Then they abolished capital punishment, and there's your hanging gone. And now the whole population seems to be drifting toward Universalism, and there's your hell gone. I can't live in a State that has neither hell, hanging nor whiskey."

SAW AND PLANING MILL BURNED

Fire on Saturday afternoon destroyed the large saw and planing mill of John Stanford, builder and contractor, at Chester, N. S., and for a time threatened to wipe out also the Stevens and Smith residences in the outskirts of the town. The fire started about 5.30 in the drying room of the mill, which was burned to the ground. The mill, which was well equipped, contained a rotary saw and a planer, and the loss will amount to \$45,000 or \$50,000, with no insurance. Mr. Sanford's loss is very severe, as he had recently undertaken the contract for the erection of several houses, and much of his material was burned.

AN ECHO OF THE WAR.

First Boy—"To second ditto with cat—What's yer cat's name?" Second Boy—"Martin." First Boy—"Why d'yer call a cat Martin?" Second Boy—"Cos she ain't no mouser, see?"—The Sphere.
