MRS. WINSLOW,
 An experienced nurse and Female Physician,
 presents to the attention of mothers, her
SOOTHING SYRUP,
For Children Teething,
 which greatly facilitates the process of teeth-
 ing, by softening the gums, reducing all inflam-
 mation; will allay all pain and spasmodic ac-
 tion, and is
SURE TO REGULATE THE BOWELS.
 Depend upon it, mothers, it will give rest to
 yourselves, and
Relief and Health to your Infants.
 We have put up and sold this article
 for over ten years, and in any confidence
 we can say that we have never been able to
 effect a cure when it was used. Never
 did we know an instance of dissatisfaction
 by any one who used it. On the contrary,
 all are delighted with its operation, and
 speak in terms of the highest commendation
 of its magical effects and medicinal virtues.
 We speak in this matter "what we do
 know" after ten years' experience, and
 in almost every instance where the infant
 is suffering from teething, relief will be found
 in fifteen or twenty minutes after the syrup is
 administered.
 This valuable preparation is the pro-
 prietary of one of the most experienced and
 skillful nurses in New England, and has
 been used with never failing success in
THOUSANDS OF CASES.
 It will not only relieve the child from
 pain, but invigorates the stomach and bow-
 els, corrects acidity, and gives tone and
 energy to the whole system. It will al-
 most instantly relieve the BOWELS, AND
 GRIPING IN THE COLIC,
 and overcomes convulsions, which if not
 speedily remedied, tend to death. We be-
 lieve it to be the most certain remedy in the
 world, in all cases of Dysentery and Diar-
 rhea in children, whether it arises from
 teething, or from any other cause. We
 would say to every mother who has a
 child suffering from any of the foregoing
 complaints—do not let your prejudices, or
 the prejudices of others, stand between
 your suffering child and the relief that will
 be sure—yes, absolutely sure—to follow
 if timely used. Full directions will accompany each
 bottle. None genuine unless the fac-simile
 of CURTIS & PERKINS, New York
 is on the outside wrapper.

THE GREATEST
Medical Discovery,
OF THE AGE.
 Dr. KENNEDY, of Roxbury, has discovered
 in one of our common pasture weeds
 a remedy that cures
EVERY KIND OF HUMOR

from the worst scrofula down to a common pimple
 he has tried it in over eleven hundred cases,
 and never failed except in two cases,
 (both thunder humor.) He has now in his
 possession over two hundred certificates of its
 value, all within twenty miles of Boston.
 Two bottles are warranted to cure a nursing
 sore mouth.
 One to three bottles will cure the worst kind
 of pimples on the face.
 Two or three bottles will clear the system of
 bile.
 Two bottles are warranted to cure the worst
 canker in the mouth and stomach.
 Three to five bottles are warranted to cure
 the worst case of erysipelas.
 One to two bottles are warranted to cure all
 humor in the eyes.
 Two bottles are warranted to cure running
 of the ears and blotches among the hair.
 Four to six bottles are warranted to cure
 corrupt and running ulcers.
 One bottle will cure scaly eruptions on the
 skin.
 Two or three bottles are warranted to cure
 the worst case of ringworm.
 Two or three bottles are warranted to cure
 the most severe case of rheumatism.
 Three or four bottles are warranted to cure
 the salt rheum.
 Five to eight bottles are warranted to cure
 the worst case of scrofula.
 A benefit is always experienced from the
 first bottle and a perfect cure is warranted
 when the above quantity is taken.
 Reader, I have peddled over a thousand
 bottles this in the vicinity of Boston. I
 know the effect of it in every case. So sure
 water will extinguish fire, so sure will this
 cure humor. I have never sold a bottle of it
 but that sold another; after a trial it always
 speaks for itself. There are two things about
 this herb that appear to me striking; first
 that it grows in our pastures, in some places
 vuite plentiful, and yet its value has never
 been known until I discovered it in 1845—se-
 cond, that it should cure all kinds of humor
 in order to give some idea of the sudden rise
 and great popularity of the discovery, I will
 state that in April, 1853, I peddled it, and sold
 about six bottles per day—in April, 1854, I
 sold over one thousand bottles per day of it.
 Some of the wholesale Druggists who have
 been in business twenty and thirty years, say
 that nothing in the annals of patent medicines
 was ever like it. There is a universal praise
 from all quarters.
 In my own practice I always kept it strictly
 for humors—but since its introduction as a
 general family medicine, great and wonderful
 virtues have been found in it that I never sus-
 pected.
 Several cases of epileptic fits—a disease
 which was always considered incurable, have
 been cured by a few bottles. O, what a mercy
 if it will prove effectual in all cases of that
 awful malady—there are but few who have
 seen more of it than I have.
 I know of several cases of dropsy, all of them
 aged people cured by it. For the various dis-
 eases of the liver, Sick Headache, Dyspepsia,
 Asthma, Fever and Ague, Pain in the Side,
 Diseases of the Spine, and particularly in dis-
 eases of the Kidney, &c. the discovery has
 done more good than any medicine ever known.
 No change of Diet ever necessary. Eat the
 best you can get, and enough of it.
 DIRECTIONS FOR USE.—Adults one table-
 spoonful per day—Children over ten years des-
 sert spoonful—Children from five to eight
 years, tea spoonful. As no directions can be
 applicable to all constitutions, take sufficient
 to operate on the bowels twice a day.

Scrofula, or King's Evil
 is a constitutional disease, a corruption of the
 blood, by which this fluid becomes vitiated,
 weak, and poor. Being in the circulation,
 pervades the whole body, and may burst
 in disease on any part of it. No organ is
 from its attacks, nor is there one which it
 does not destroy. The scrofulous taint is variously
 caused by mercurial disease, low living, de-
 ordered or unhealthy food, impure air, and
 filthy habits, the depressing vices, and
 above all, by the venereal infection. The
 above be its origin, it is hereditary in the con-
 stitution, descending "from parents to chil-
 dren, and from children to their children."
 It seems to be the rod of Him who says,
 "I will visit the iniquities of the fathers upon
 their children."

Its effects commence by deposition from the
 blood of corrupt or ulcerous matter, which
 the lungs, liver, and internal organs, is term-
 ed tubercles; in the glands, swellings, and
 the surface, eruptions or sores. This foul
 corruption, which renders in the blood, de-
 prives the energies of life, so that scrofulous con-
 stitutions not only suffer from scrofulous con-
 ditions, but they have far less power to resist
 the attacks of other diseases; and conse-
 quently, vast numbers perish by diseases
 which, although not scrofulous in their nature,
 are still rendered fatal by this taint in the
 system. Most of the consumption which di-
 minutes the human family has its origin dis-
 in this scrofulous contamination; and many
 destructive diseases of the liver, kidneys, and
 and, indeed, of all the organs, arise from
 are aggravated by the same cause.
 One quarter of all our people are scrofulous,
 their organs are invaded by this lurking in-
 fection, and their health is undermined.
 To cleanse it from the system we must re-
 turn to the blood by an alterative medicine, and
 purify it by healthy food and exercise.
 Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla
 the most effectual remedy which the medicine
 of our times can devise for this disease,
 where prevailing and fatal malarial. It is
 combined from the most active remedies that
 have been discovered for the expurgation of the
 disorder from the blood, and the rescue of the
 system from its destructive consequences.
 It should be employed for the cure of
 not only scrofula, but also those other dis-
 eases which arise from it, such as BURNING
 AND SKIN DISEASES, ST. ANTHONY'S FIRE,
 ROSE, or ERYSIPELAS, PIMPLES, PUSTULES,
 BLOTCHES, BRAINS and BOILS, TUMORS, TUBERCLES,
 AND SALT RHEUM, SCALD HEAD, RINGWORM,
 RHEUMATISM, SYPHILITIC and MERCURIAL
 RAZES, DROPSY, DYSPEPSIA, DEBILITY, and
 indeed, ALL COMPLAINTS ARISING FROM
 IMPURE BLOOD. The popular belief
 in "impurity of the blood" is founded in
 fact; for scrofula is a degeneration of the blood,
 a particular purpose and virtue of this Sarsa-
 parilla is to purify and regenerate this vital fluid
 without which sound health is impossible in
 contaminated constitutions.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSICIAN.
 are so composed that disease within the range
 of their action can rarely withstand or evade
 their penetrating properties search, and cleanse
 and invigorate every portion of the human sys-
 tem, correcting its diseased action, and restoring
 its healthy vitalities. As a consequence of these
 properties, the invalid who is bowed down by
 pain or physical debility is astonished to find
 health or energy restored by a remedy at once
 simple and inviting.
 Not only do they cure the every-day complaints
 of every body, but also many formidable and
 dangerous diseases. The agent below named is
 pleased to furnish gratis my American Almanac
 containing certificates of their cures and directions
 for their use in the following complaints: Consti-
 pation, Heartburn, Headache arising from indigestion,
 Stomach, Nausea, Indigestion, Flatulency, and
 Inaction of the Bowels, Flatulency, Loss of Ap-
 petite, Jaundice, and other kindred complaints
 arising from a low state of the body or obstructed
 of its functions.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness,
Croup, Bronchitis, Incipient Consumption,
and for the relief of Consumptive
Patients in advanced stages of the
disease.
 So wide is the field of its usefulness, and so nu-
 merous are the cases of its cures, that almost
 every section of country abounds in persons who
 have been restored from almost every
 and even desperate diseases of the lungs by
 its use. When once tried, its superiority over
 other medicines of its kind is too apparent to
 observation, and where its virtues are known,
 public no longer hesitate what antidote to employ
 for the distressing and dangerous affections of
 pulmonary organs that are incident to our climate.
 While many inferior remedies thrust upon the
 community have failed and been discarded, this
 has gained friends by every trial, conferred relief
 on the afflicted they can never forget, and pro-
 duced cures too numerous and too remarkable
 to be forgotten.

 Thursday, March 22, 1860
 Fredericton Correspondent

TUESDAY, March 14,
 To day the House went again into Com-
 mittee of Supply. The Provincial Sec-
 etary moved blank sum for Public Works.
 Mr. Wilnot moved an amendment act-
 forth each branch of the public works
 separately, leaving the amount for each
 branch in blank. A very warm debate
 ensued, and finally progress was reported.
 This movement of Mr. Wilnot is a
 sensible and judicious one; and one
 which he deserves the thanks of the peo-
 ple. The system of moving the supply
 before the House in a separate resolution
 is a very inconvenient, and even dan-
 gerous one. For instance this very resolu-
 tion of £13,500 for public works, which
 before the committee of supply as a sin-
 proposition, and although it is more than
 one half the money which is to be voted
 supply by the House, it is not particu-
 larized in such a way that each separate
 of which it is composed is subject to
 vote. So much of this sum is required
 Bye Roads,—why not make this a sep-
 arate vote? So much of it is required
 Great Roads,—why not make it a separ-
 ate vote? So, why should not the amount
 for Bridges, for steam communication,
 for internal navigation; for improvement
 harbors, be each brought before the House
 as separate propositions; to be each de-
 termined on its own merits, instead of be-
 all lumped together so that it is difficult
 swallow one without taking the other,
 or refusing one without refusing all. We
 should be sorry to see the House fall
 into this system; and we think that Mr.
 Wilnot deserves the thanks of the country
 for trying to break it up. That it will
 succeed is doubtful; but perhaps with
 another Government, which has the inter-
