

# CAPT. H. H. McLEAN IS TO BE SECOND IN COMMAND OF KILTIES

Five Recruits Secured Yesterday in the City; Several Moncton Men Sign On With Canadian Engineers

65th Battery Going to Petewawa—Kilties Sergeants Get Their Work Arranged—New Caretaker for Armory at Newcastle to Be Appointed—Newcastle Bank Clerks Respond Nobly.

Capt. Hugh Havelock McLean, son of Brigadier General H. H. McLean is to be transferred to the 290th "Kiltie" battalion, and will return shortly to take up his new duties.

It is reported that Captain McLean will be given the rank of major and will be second in command of the kilties and will arrive on this side of the water shortly.

Captain McLean is a well qualified officer for the position and has been in the fighting in France for some months, and through several of the most severe engagements there.

Five recruits were secured yesterday at the Prince William street recruiting office. From the recruiting returns in this city during the past week or so, it is evident that recruiting activities here have dropped to the minimum, and those who are offering for overseas are of the class that are realizing the duty which they owe to their country in this crisis.

The men secured yesterday were as follows:

HENRY B. ROSSITER, St. John (Composite battalion).

HARRY ARCHER, Nottingham (Eng.). (28th battalion).

CHARLES HUDSON, South Branch (N. B.). (9th battalion).

WALTER S. FREEZER, Berlin (U. S. A.). (62nd regiment).

LEONARD S. FAIRWEATHER, St. John. (28th battalion).

Moncton recruits.

The following men for the Canadian Engineers have enlisted at Moncton: Henry John Arsenau, St. Paul, Kent county; Edwin Francis Bourque, Moncton (N. B.); Charles Sunny Boes (N. B.); Leonard Burton Hicks, Moncton (N. B.); John Lodge, Moncton (N. B.); Floyd Wellington Lennox, Moncton (N. B.); Carey Daniel McAllister, Parkdale (N. B.); Daniel Watts McDonald, Moncton (N. B.); William Burgess McGregor, Upper Rexton (N. B.); Bliss O'BLENES, Prosser Brook (N. B.); Edward Albert Prosser, Prosser Brook (N. B.); John Berryman, Moncton (N. B.).

Sergeant Beatty, of the Engineers, who is recruiting at Newcastle, has about six recruits, who will join the Moncton party there. Romaine Colpitts, of Moncton, will remain behind to assist Lieut. McBeath with recruiting work.

Band Given Leave.

(Moncton Transcript.)

The entire band of the 18th has obtained a well deserved leave of absence dating from Monday night, September 3. Every since arriving in camp this band has worked hard to perfect itself in the musical art and in recognition of one of the best. There are now twenty-four men in it, but it could always accommodate a few others of the right quality. If musically inclined young men could be brought to realize what they are missing and what they could gain by joining a military band they would not hesitate as they do in signing the roll.

165th Good Unit.

A recent report from Valcartier Camp regarding the 165th battalion is as follows:

The 165th French-Canadian battalion at Valcartier is "carrying on" as well as may be expected and although little is said about this unit, it is nevertheless not behind the others in its training, good conduct and otherwise, as the following extracts from Brigade Orders will amply prove:

"The 165th battalion fired its service course showing wonderful control of the officers regarding attention and clean grounds. The eating area was left almost perfectly clean without the use of a fatigue party. On the whole this battalion has been an example in discipline and good behaviour."

The officers and men of the 165th appreciate such testimony and intend devoting themselves even more to deserve a reputation of the same.

Sergeants' Mess Started.

It is altogether likely that the sergeants' mess of the kilties will be opened today. A meeting was held recently by the sergeants at Fredericton to organize the mess and the officers to take charge were elected as follows: President, C. M. Sgt. Moore; secretary-treasurer, Sgt. Paul Khuring, member of committee, Sgt. Gerald Hubbard. Yesterday was payday for the kilties. It is understood that \$2,900 was paid out.

Three for 65th.

Major John H. Evans, O. C. 65th battery, Woodstock, was in Shelburne Wednesday and succeeded in enlisting three Shelburne young men for his battery, which is being mobilized at Woodstock (N. B.). They are as follows: Ernest Dolson, who won a Rhodes scholarship; Emile Robidoux, who is a brother of F. Robidoux, M.P. for Kent, and a second year medical student, and Leo, McDevitt, an employee of the I. C. R. general office, Moncton.

Returned Man Gets Job.

Recently the recruiting committee at Newcastle, through their secretary, Robert A. N. Jarvis, took up the matter with O. C. Troops New Brunswick Command, of having a change made in the matter of position of caretaker of the armory at that place. It was contended that a young man, who was a gunner in the local militia of that place and who was physically fit, and who could go overseas, was holding a position that could be held by a returned soldier. O. C. Troops, New Brunswick Command, immediately took the matter up with Ottawa and yesterday instructions came through suggesting that the gunner be released, in order that he might serve his country in another capacity, perhaps going overseas, who was the more strenuous than that which he has occupied heretofore, and allow William Ashford, one of the First Canadian Con-

tingent, recently returned from the front to take his place.

Attached to Canadian Units.

Recently a draft of lieutenants was taken from New Brunswick for overseas service. Much speculation was rife at the time as to whether they were to be attached to English units or to Canadian units at the front.

Instructions have now been received at headquarters New Brunswick Command, stating that these young men are to be supernumerary lieutenants to the Canadian expeditionary force in England and are to be given the C. E. E. titles of pay. This will put them on a par footing with other Canadian officers. It will be remembered that the following were selected from the New Brunswick Command: Lieutenants D. A. Murdoch, Rupert L. Perry, Robert Noble Gilmore, Stephen P. Grew, F. Elmore McLaughlin, Hardy Ganong, Maurice Mallory.

Bank Clerks Enlistment.

A report from Newcastle says that since the outbreak of war eight clerks of the Royal Bank of Canada there have enlisted for overseas. They are George MacInerney, Howard Atkinson, George Bate, Clarence Crocker, John Dewar, Allan McInerney, B. W. Clark and Lieut. Morrell. Few towns in the province of the size of Newcastle can show as large a number of clerks enlisting from any one bank.

65th Battery.

Sometime within the next few days the 65th Field Artillery Battery under Capt. J. H. Evans will leave for Petewawa to complete its training. The battery is still in need of gunners, drivers, two blacksmiths and two harness makers.

Promotions Yesterday.

Although no recruits were secured yesterday for No. 8 Ambulance Train, several well deserved promotions appeared in orders. Lance Corporals Fleming, Hodges, Hipwell, Tindle and Miller are promoted to be corporals and Corporal Ross is promoted to the rank of sergeant.

Word From Lieut. Gale.

Constable W. G. Roberts, of the C. G. R., received a field card yesterday morning from Lieut. J. R. Gale, of the 64th Battalion, who recently crossed to France with a draft. Lieut. Gale was a member of the teaching staff in the high school prior to enlistment.

Second in Command.

Major W. L. McWilliam, who has been inspector with the New Brunswick command, and who has been attached to the 4th Pioneers at St. Andrews, has received the appointment of second in command of that unit and left St. John last evening for Digby to assume his duties.

The 4th Pioneers moved from St. Andrews to Digby in two drafts, one leaving on Wednesday night and the other Wednesday night. They have taken over the quarters that were occupied by the 28th American Battalion, which has lost its identity and has been absorbed by the 9th.

The 4th Pioneers have now a total strength of 945, including thirty-one officers, and it is expected that the unit will, on its arrival in England, be attached to the division commanded by Major-General Davis, of Quebec.

The O. C. New Brunswick command said yesterday that he looked on the 4th Pioneers as one of the finest units that has left Canada, offered by a fine lot of men all of whom are civil engineers and many of whom have been resident engineers for big railways.

The duty of the Pioneers at the front is to establish a base at the rear of the division to which they are attached and to move up to different portions of the line and construct any piece of trenches that may have been taken from the enemy. This is called consolidating the trench. It is also their duty to put up wire entanglements and dig communication trenches. When the Pioneers are at work the infantrymen get their well earned rest.

Back to France.

Mrs. Nell Deneau, of Sussex, has received a letter from her brother, Sergeant Fred Ryan, stating that he was about to go to France with the Royal Canadian Dragoons.

Sergeant Ryan left Amherst with the 6th C. M. R. and spent last winter in the trenches. In the spring he returned to England, and took a veterinary course, and for the last four months has been an instructor in the C. A. V. C.

In Wimmerau Hospital.

Pte. F. Allison Edgecombe, of Fredericton, recently reported wounded, is in Wimmerau Hospital at Wimmerau, France. He was wounded Aug. 20, gunshot wound in head. He was with a western battalion and went overseas last October. His uncle, G. W. Currie, received a card from the hospital today.

Capt. Fisher Ill.

That Captain Donald Shivers Fisher, son of Mr. and Mrs. W. S. Fisher, of this city, is dangerously ill with acute appendicitis, was the word received by Mr. Fisher yesterday.

Captain Fisher crossed overseas with the Royal Canadian Dragoons, which was part of the first contingent, and in June 1915, was wounded and returned to the firing line in February, 1916, from that date on has been steadily engaged, taking part in all the heavy fighting.

He is a graduate of the Royal Military College at Kingston and prior to the outbreak of the war was a major in the 28th New Brunswick Dragoons. He is twenty-six years old and previous to going overseas was the sales manager for the Enterprise Foundry Company, Sackville.

The Duke of Connaught, governor-general of Canada, in was paint and feathers at Banff. He was recently created an Indian chief by the Indians of Alberta.

## NEW PASTOR OF GERMAIN STREET BAPTIST CHURCH

Rev. S. S. POOLE Has Had Much Success as a Minister—A Graduate of Acadia University and President of its Alumni Society.

Rev. Sheldon Samuel Poole, who arrived in St. John Thursday evening to assume the duties of the pastorate of the Germain street Baptist church, is with Mrs. Poole and their daughter getting settled in the parsonage in Queen street. The new pastor will deliver his first sermon as pastor here tomorrow.

With the members of the Kings County Milk Producers' Union standing firm on the changed conditions, with respect to the local milk supply, came into existence yesterday. So far as can be learned certain local parties were affected by the refusal of the farmers to sell at previous existing prices, but there did not seem to be any indication that a milk famine would be likely.

A local dealer, speaking to The Telegraph last night, said that he estimated that between thirty-five and forty per cent of the usual milk supply from out country sources arrived in the city yesterday and he expressed his opinion that matters would adjust themselves in a few days. He added that a considerable number of cans had been shipped up country last night and he looked upon this as a good sign.

So far as can be learned, only three local dealers failed to get their usual supply at the time yesterday, and it is said that these men came away without a drop of milk, while others found that their supply had been somewhat depleted. Thus the situation stood yesterday; there was no advance in price and, so far as the consumers were concerned, they had their milk as usual. At least one case is known wherein a customer who usually takes a can per day, received but half a can yesterday, but he could have had more had he gone elsewhere.

C. J. Riley, C.F. Hannah, A. N. Sanction and T. E. Robinson went to Sussex yesterday by automobile. According to the Telegraph received from that town by telegraph last night, the dealers went through the country, but did not meet with any encouragement in arranging for a supply.

Rev. S. S. POOLE, new pastor of Germain Street Baptist Church, St. John.

He was born in Yarmouth. After completing the usual preparatory school studies, he entered Acadia University, from which he received the degree of Bachelor of Arts in 1900. For the first five years he was fully filled the pulpit of the Baptist church at Sable River, Shelburne county. Following this he accepted a call to Dorchester (N. S.), and remained there four years, resigning to go to Middleton (N. S.), where he had been six years when he received a call last May to the pulpit of the local church.

Mr. Poole is described as an able, scholarly, and practical speaker. For two years he acted as moderator of the Nova Scotia Western Association of Baptist churches. Several years ago he was elected secretary-treasurer of the Associated Alumni of Acadia, and last June was honored with the presidency of the association.

His efforts for civic betterment have always been fruitful. He has been an energetic worker for the people and the community, and his endeavors are not likely to be less effective in St. John than they have been elsewhere.

REORGANIZATION PLAN FOR THE  
EASTERN S. S. CORPORATION

The corporation has been in receivership since November, 1914.

Harbor receipts for August show an increase of \$700 over the corresponding month last year. They were \$26,306.08.

## MILK FAMINE NOT LIKELY DUE TO NEW CONDITIONS

Supply from Regular Sources Shows Reduction, But Price to Consumer Remains Unchanged and Retailers Not Fearful of Results.

With the members of the Kings County Milk Producers' Union standing firm on the changed conditions, with respect to the local milk supply, came into existence yesterday. ## CORNER STONE OF PARLIAMENT BUILDING LAID

Duke of Connaught Officiated at Brilliant Ceremony.

FORMER CORNER STONE LAID 56 YEARS AGO

Prominent Representatives from Different Provinces Present—Hope Expressed That National Progress Shall Be Continued During Life of New Structure as During Life of Former Building.

Ottawa, Sept. 1.—The corner stone of the parliament buildings, in reality, the corner stone of the old building, removed to a new site, in one new under construction, was well and truly laid this afternoon, by H. R. H. the governor-general, brother of the late King Edward, who, as Prince of Wales, tapped the same stone into place fifty-six years ago today.

The formal ceremony was carried out according to programme, and the heavy weather prevailing did not detract from the brilliancy of the occasion. The 207th and 280th overseas battalions added a military air to the proceedings.

The governor-general was received by Sir Robert Borden and Hon. Robert Rogers, both of whom delivered short addresses in opening the ceremony, after which the premier and minister proceeded to the site, in the old place in the original foundation.

It was raised from its base and transferred to the new position where, after the old documents, coins, papers, etc., and a nail, had been placed in the cavity. His Royal Highness went through the customary ceremony of laying the stone. A brief speech by the duke and cheers for the king and the governor-general concluded the historic Those Present.

Besides the royal party, the state representatives included: Lieutenant Governor Hendrie of Ontario; Lieutenant Governor Levesque of Quebec; Lieutenant Governor McKenna of Nova Scotia; and Lieutenant Governor McDonald, of Prince Edward Island; Sir George Borden, Sir George Foster, Sir George Forster, Hon. Messrs. Crook, Doherty, Reid, Roche, Fuglesy, Casgrain, Graham, Blomdin, and Melgren, Senator Belcourt and Senator Sprague.

The Former Occasion.

Hon. Robert Rogers, in addressing H. R. H. the governor-general on his arrival, referred to the fact that fifty-six years ago today, H. R. H. the Prince of Wales, brother of the Duke of Connaught, had laid the same stone in the foundation of the old building.

"As this stone was originally laid by the men fifty-six years ago in an abiding faith in the future greatness and development of this country, so we, in asking our Royal Highness to honor us by his presence, are inspired with a determination that the national progress, which has been made since the commencement of the original building, shall, under the blessing of Divine Providence, be continued in increasing proportions."

Sir Robert Borden, in his address paid tribute to the services of the Duke of Connaught to Canada, and said that if his forthcoming departure had been then known he would have taken the occasion in the last session of parliament to express, in enduring manner, the appreciation of the government and the people of Canada of the services of the Duke of Connaught, whose address was along similar lines to that of the minister of public works, who preceded him.

## ALLIED FLEET IS NOW AT PIRAEUS; KING ABDICATES?

Greek Royalty Versus Desire of Common People Causing Grave Concern

London Awaits With Great Interest Developments in Constantine's Kingdom—Vague Reports Say Trouble Breaks Out at Saloniki

—Bulgar King May Have Followed Greek Royalty's Lead—General Mobilization Ordered

London, Sept. 1.—Following two days of silence in telegraphic communication with Athens, during which sensational rumors of a revolution gained currency, but no confirmation, comes the startling news of the arrival of an Entente Allied fleet, with transports, at Piraeus, and that the general Greek elections likely will be postponed for a fortnight.

The brevity of the despatches seems to indicate that something unusual is happening, and the development of events is awaited with the greatest curiosity here.

ALLIED FLEET APPEARS.

Athens, Sept. 1, via London.—An Entente Allied fleet, consisting of twenty-three warships and seven transports, has arrived off Piraeus.

TURKEY DECLARES WAR.

Berlin, Sept. 1, by wireless to Sayville.—A despatch from Constantinople says that at 8 o'clock last night the Turkish government delivered to the Roumanian minister at Constantinople a declaration of war against Roumania.

KING ABDICATES.

London, Sept. 1.—King Constantine of Greece has abdicated, according to the official British press report at Saloniki.

The press report says the king had abdicated in favor of the crown prince, with Venizelos as the power behind the throne. The new policy, he reports, will be to work with the Entente Allies.

According to this information, Premier Zaimis will remain at the head of the government. The correspondent questions whether the Entente Allies desire the active assistance of Greece.

REVOLUTION IN PROGRESS?

London, Sept. 1.—The surrender of several Greek garrisons to a committee which has taken over the administration of part of Greek Macedonia is reported in a Reuter despatch from Saloniki. According to this despatch the garrisons at Saloniki, Voden and Fort Little Karaburun have surrendered to the committee.

On its face, this despatch indicates that a revolution is under way in Greece.

BULGAR KING, ALSO?

Rome, Sept. 1.—(New York Times cable.)—The people here are much interested in a report that Czar Ferdinand, of Bulgaria, has gone to Vienna, whence he is not expected to return. This calls to mind the fact that some years ago, when it seemed that Bulgaria might have to fight the other Balkan states, Prince Ferdinand went to the French Riviera "for his health."

Although affairs at home were very grave, he did not leave there until the Bulgarians publicly informed him that if he did not return he would be deposed.

TROUBLE AT SALONIKI.

London, Sept. 1.—Various rumors are in circulation here in regard to the situation in Greece. Reuter despatches from Saloniki say there has been fighting between the Greek garrison at Saloniki and Greek volunteers recently organized to assist the Greek regulars who are assisting the Bulgarians in Macedonia. French troops intervened to suppress the fighting and the garrison finally surrendered and marched off to Saloniki.

Crown Prince George of Greece, whose accession to the throne is reported, has been described as a man of liberal mind in sympathy with the aspirations of the Greek people. It has been assumed that if King Constantine's policy of non-interference in the war should lead to his disappearance from power, the Greek crown prince would be the man to whom the pro-Entente party would turn.

Prince George was born on July 10, 1869. He is unmarried. His engagement to Princess Elizabeth of Roumania was announced in 1914 but owing to the war the wedding was postponed. The crown prince has kept in the background during the war. When the Entente troops landed at Saloniki last year, the king sent the crown prince to take charge of the Greek forces there. He was reported several months ago as the prince had been sent on a mission to the German and Austrian emperors.

Greek Garrison Surrenders.

London, Sept. 1.—Before the Greek garrison at Saloniki surrendered, Reuters correspondent cables, three companies of French colonial infantry marched to the parade ground and stacked arms in front of the barracks. They were soon followed by two battalions of infantry, which took up positions on both sides of the parade grounds and in the rear of the barracks. Machine guns were posted at several conspicuous points, and armored cars were stationed opposite the entrance to the barracks.

The Greek soldiers withdrew within the precincts of the building. Meanwhile the Greek commander conferred with the French authorities.

Just before 11 o'clock at night several French officers, accompanied by two French officers, crossed the parade grounds to a pavilion in which General Sarail awaited them. As the hour of eleven struck, all the Greek troops marched from the barracks, unarmed.

General Mobilization Ordered.

London, Sept. 1, 4.10 p.m.—The correspondent at Saloniki of Reuters' Telegraph Company, under date of Wednesday, also sends the report that King Constantine of Greece has abdicated, adding:

"Pending confirmation, it must be mentioned with reserve."

The correspondent says the report is that the king has abdicated, that the Greek crown prince has been appointed regent, and that Alexander Zaimis, supported by ex-Premier Venizelos, retains the premiership.

The Reuter despatch adds that the general mobilization of the Greek army has once more been ordered.

Regarding the report from Saloniki that King Constantine had abdicated the throne, the Greek minister in London said today:

"I have received no such information, and I certainly do not believe such a thing has taken place."
