

There occurred during the year eight deaths, from the following causes:

Acute Cerebral Meningitis.....	1
Apoplexy	1
Heart Disease.....	1
Acute Pneumonia	2
Dysentery	1
Injury to Spine	1
Accidental death.....	1

8

The above includes one of the old Orange Guard, the late Bro. Armstrong, of Strathroy, who was admitted at the inception of the Association, though much beyond the age limit laid down in the Constitution. It will be seen from the above that the insurance in our Association continues very reasonable indeed, having cost only \$5.76 at the age of 30, during the year past. This is the best evidence of the nature of the work done by our local Examiners, who certainly deserve the thanks of the Association, for the painstaking manner and judgment in which they have performed their duties. I would again urge upon the Grand Lodge the desirability of presenting the claims of the Association in every part of the Dominion, so as to afford all Orangemen the opportunity of placing their families under the protection of our splendid Benefit Association.

All of which is respectfully submitted.
