## The Question of Depreciation

You cannot afford to overlook the question of depreciation when buying a car, because the time will come when you will either sell the car you have bought or turn it in on a new car. The loss you will have to take will depend on your choice now.

Ask the owner of any car purchased within the last 15 months, at a price varying from \$2,000 to \$4,000, what loss he would have to take on a resale. The amount will surprise you!

The more expensive the car the more the owner stands to lose. Excessive cost of upkeep kills the demand for a used car of this class.

Buy a FORD. It costs so little to run and repairs and replacements for worn parts can be so easily obtained that the demand for used Ford cars reduces depreciation to the minimum.

## DISTRICT AND GENERAL

Last month was the hottest July on record in Ontario.

Edward Nickle, aged 80, of Caradoc township, died on Sunday.

Races were held at West Lorne yesterday, which was civic holiday for the village.

London G. T. R. carshop men voted for one week's holiday monthly rather than dismissal of any.

Six farmers of Middleton township paid fines totalling \$200 on fifteen charges of watering milk.

Richard Ward, aged 72, for many years clerk of Metcalf township, died Sunday night at Strathroy Hospital.

Miss Mabelle Dodgson, a popular young lady of Alvinston, died last week in her 19th year. She had been ill for two years.

While backing his auto out of the garage at Wakefield, Mich., man failed to notice his three-year-old daughter near the rear wheel, killing her instantly.

The death is recorded of one of Aldborough's oldest residents in the person of Mrs. Nancy Campbell, relict of the late Archibald Campbell, in her 86th year.

The new cement highway north of Thamesville will be opened today by Hon. F. C. Biggs. Afterwards the young folks of the district will have a dance on the pavement.

Iowa farmers have the largest corn crop in the history of the state, with no prospect of a market, and Minnesota farmers are preparing to burn their corn this winter instead of buying coal.

Another weekly newspaper, the Chatsworth News, has ceased publication. In making the announcement the News says heavy cost of publication has made it impossible to carry on further.

James Maher of Adeline township is dead. Deceased was 87 years old and had lived in the township for 60 years. He was a section foreman for the G. T. R. at Kerwood for about thirty years.

Wasps saved the lives of two women at Hickman, Ky., when they were awakened by the stings of the insects, but they were killed by their burning home. The wasps had built a nest in the attic.

James H. Jamieson, 78 years of age, who resided a short distance east of West Lorne, died on the road last Thursday while on his way home from assisting Alex. Fisher, a neighbor, at his threshing.

While members of the family of Mrs. B. A. Pinder, South London, were on the front veranda, thieves made an entry into the house by a rear door and stole three diamond rings and a pair of earrings, valued at \$1,500.

A man at Port Jervis asked a doctor to look at his head, which the doctor marked out the spot on the patient's coat with a piece of chalk. The latter stepped into an adjoining room to get a hammer to break through the chalk mark, killing himself.

A new barn, owned by Barney Swartz, north of Alvinston, was burned on Thursday, with the season's crops. Mr. Swartz had just completed some work about the barn and eaten his breakfast, and on coming out saw the barn in flames. The loss is a serious one.

The death is recorded of Christopher Degraw, a well-known resident of Aldborough for thirty years. The late Mr. Degraw was born in Mosa, 77 years ago and at 20 years of age was married to Miss Annie Kelly who survives him with a family of five daughters and six sons.

Citing prices of gasoline in Detroit and compared with 35 cents per gallon in Woodstock, motorists of that city plan to ask the Ontario Motor League to take the matter up with the Government and ask for an investigation. They declare prices in Ontario are unjust and that there is profiteering.

The U. S. tariff on Canadian-grown vegetables is having its effect. Tomatoes last week were being freely offered in Windsor at a dollar a bushel with buyers scarce. Thousands of bushels of tomatoes are being allowed to go to waste in South Essex, as the price is too low to warrant growers picking them.

It is predicted that building costs are likely soon to take a drop. When these costs reach a reasonable level, as they are bound to do eventually, there is every probability that a building boom such as Canada has never before experienced will follow.

The scarcity of dwelling houses in cities, towns and villages is becoming more and more marked.

While Glen Bedford was plowing with a tractor on the farm of L. D. Hubbell, near Thamesville, something about the tractor needed attention and he jumped off without stopping the machine. In going to the front of it he tripped and fell and both tractor and plow passed over his body. While his injuries are not thought to be fatal he is in a serious condition.

At a picnic held at Oakdale in the township of Dawn on Wednesday a farmer tied his horse to a tree with a stout rope about the neck. When the picnic was over the farmer went to get his horse and found the animal making frantic efforts to free itself and swollen in every part from the stings of yellowjackets. The horse had disturbed a nest of the insects near the tree to which it was tied. A vet. who was called says the horse cannot live.

## PREMIER DRURY AT GLENCOE

Guest of Honor at Luncheon Given by Board of Trade

On the occasion of his visit to Glencoe last Wednesday to speak at the annual picnic of the U. F. O. held at Weekes' grove in Mosa, Hon. E. C. Drury, premier of Ontario, was entertained at luncheon in McEachern's dining rooms by the Glencoe Board of Trade. After an informal reception in which Mr. Drury was introduced by Mr. J. G. Lethbridge, M. P., guests to the number of fifty sat down with the premier to the tables, which were richly spread.

Represented in the gathering were the industrial and mercantile interests of the village, the municipal council of Glencoe and surrounding municipalities, members of the Legislature from the nearby counties, the U. F. O. clubs of the district and others.

A few short addresses followed the luncheon. Mr. J. N. Currie, president of the board of trade, presiding. Mr. Currie, on behalf of the board, and Reece Allan McPherson, on behalf of the council, gave hearty welcome to the premier, who responded in the limited time at his disposal in a brief but splendid speech on citizenship, emphasizing that partnership in everyday life constituted a higher form of citizenship and patriotism than selfish class. The farmers' clubs were not constituted for class purposes, but for meeting together to quietly and earnestly discuss public matters. He thought the citizens of the towns should have their clubs as well. The government of any country reflects the citizenship of that country.

The premier's address was followed by one from Mr. Lethbridge and felicitous words were also from Rev. T. J. Charlton, A. B. McDonald and others. After singing the National Anthem the gathering dispersed.

During the course of the gathering Mr. Drury, on behalf of the board of trade, presented a gift of a bouquet to the recipient being made by little Helen Singleton.

## BOWLING TOURNAMENT

## GOLDEN WEDDING

Mr. and Mrs. Levi Annett, life-long residents of Glencoe and vicinity, celebrated their golden wedding anniversary Wednesday, August 24th.

Their seven children were some for the occasion—Wilson Annett, Glencoe; Miss Cynthia Annett, Glencoe; Mrs. Mary O'Keefe, Washington, D. C.; Mrs. Wm. F. Plowfield, Reading, Pa.; Mrs. Nell Benton, Walkerville, Ont.; and W. H. Annett of Seattle, Wash. Their only granddaughter, Mrs. Honora O'Keefe of Cleveland, Ohio, and infant grandson, Charles N. Beaton of Walkerville, were in attendance.

Refreshments were served at 5 p. m. to about sixty of the nearest relatives of Mr. and Mrs. Annett. During the evening ice cream and cake were served to the many neighbors and friends who called to congratulate Mr. and Mrs. Annett. A very enjoyable time was spent by all, and Mr. and Mrs. Annett received many handsome and useful gifts which are being appreciated.

## ORANGE LODGE PROTESTS

The following has been handed The Transcript for publication:  
Of interest to the ratepayers of S. S. No. 2, Mosa.—The board of trustees of S. S. No. 2, Mosa, have employed for the coming term a teacher of the Roman Catholic faith, having turned down Protestant applications to do so. We wish to draw the attention of the ratepayers to the action of their board, believing that a number of the Protestants will object to sending their children to a Roman Catholic teacher, and on behalf of the Royal Orange Lodge No. 593 record a strong protest against such action.

## WOLF-FIGHT FILMED

IN CURWOOD'S "KAZAN"

The motion picture screen has long since become the leading center for physical combats, but it remained for Director Bertram Bracken to offer a novelty in the way of fight in the picture of James Oliver Curwood's story, "Kazan" which will be the feature attraction at the Glencoe Opera House Wednesday, Sept. 7. One of these combats is between a hungry wolf pack and a man and woman in the Canadian wilderness. Another is a fight to the death between a wolf-dog, avenging the killing of his offspring, and a large lynx. And still another is the attack of this savage wolf-dog on a human wolf.

Hay Fever and Asthma are quickly relieved with RAZ-MAH. Time to fight Rheumatism is the warm water. RAZ-MAH and T.R.C.'s both sold by H. I. Johnston.

Some men are so busy telling the ladies what they should do and what they shouldn't do that they haven't time to wipe the tobacco off their own chins.

## DEFEAT BRITISH BOWLERS

Glencoe was included in a number of Western Ontario bowling clubs invited to meet the British bowlers on their visit to London last week. Wednesday was the day set for Glencoe to bowl, and the rink which was designated to go won distinguished honor for themselves and the town by defeating one of the strongest of the British rinks in a score of 24 to 16. St. Thomas and Exeter were also winners in the day's events, while Aylmer, Petrols, Sarnia and Strathroy were down, Sarnia no less than 42 to 10, leaving the score of the series of seven games 156 shots for the British and 128 for the Canadians.

In its report of the day's playing the Free Press says:—  
G. W. Snelgrove's rink, from Glencoe, defeated J. Morrison's Old Country bowlers by the score of 24 to 16. Many spectators witnessed this match, played on the sixth green. The Glencoe players scored 10 shots in the last five ends and in this way won out.

The ladies of the Elmswood Club served afternoon tea to the players and other guests. Tony Cartese's orchestra was in attendance and furnished music during the afternoon.

The weather was ideal and both the visiting British and Western Ontario bowlers greatly enjoyed the afternoon's entertainment.

In the evening the British and Canadian bowlers were guests at a splendid banquet given at the Teumess House by the London Chamber of Commerce.

## THOUSANDS ATTEND PICNIC

Annual Gathering of Mosa and Ekfrid U. F. O. a Complete Success

From three to four thousand people attended the annual picnic of the U. F. O. of Mosa and Ekfrid held last Wednesday afternoon in Herbert Weekes' grove. It was the most successful gathering yet held under the same auspices. The greatest attraction of the day was the announced visit of the Hon. E. C. Drury, whom it was expected would speak at some length on the public questions of the day, chiefly on the recent report of the committee appointed to investigate the hydro radials proposition. In this the people were not disappointed. Mr. Drury was on hand and delivered an address that held the keen attention of his audience for about an hour and left the impression of a leader in public life who had the best interests of the people as a whole at heart.

Mr. Drury reviewed the whole history of the hydro radial controversy and the various steps leading up to the appointment of the commission to investigate. After summarizing the report he declared "The Ontario Government must stand firm and refuse to guarantee new bonds for radials. In view of the present circumstances and in the face of probable popular clamor, I say this. Whatever is said, it makes no difference. That is final. There will be no good of any further discussion."

J. G. Lethbridge, M. P. P., was chairman for the occasion, and all the local members for near-by ridings spoke briefly, including J. W. Freshborn, East Middlesex; James C. Brown, North Middlesex; Leslie Oaks, East Lambton; Peter G. Cameron, West Elgin; Dr. H. A. Stevenson, London, and A. Hicks, South Huron. An excellent musical program was provided by the Harmonic Quartette, London; Mary Campbell McLeod, soloist, Detroit; Dr. Freese and H. K. Charlton, Glencoe, and William Hamilton, accordion player. The Middlesex Regiment Band of Strathroy played on the grounds, and also at the luncheon in Glencoe.

Following the platform program a series of interesting sports and games was carried out. The following were winners in the foot races, names in order of award:—

The following won a bird each:—Mrs. Donald Black, Etta McLean, Anita Leeson, Margaret Stevenson, Mrs. D. Godley Viola Squires, Jessie Allan, Mrs. Copeland, Margaret Campbell, Wm. Each family's number was eleven.

A splendid exhibition of baseball was given by the Glencoe and Newbury teams. The game was won by Newbury in a score of 7 to 5.

## KICKED TO DEATH BY HORSE

A sad fatality occurred at the home of Robert Armstrong, near Sheldahl, on Friday, August 19, when his six-year-old son was kicked to death by a horse. The father had taken his horses in from the field and tied them in the stable, leaving the harness on. He then took out his car and went to Oil Springs. While away his two little sons, six and eight years old, took the horses out and started racing them up and down the field, they on their backs. The harness on the one horse shifted, the little fellow sliding off and getting tangled in the harness. The horse then ran away and dragged him with it, kicking him to death.

The motorist has learned to carry a few spare tires. The pedestrian must learn to carry a few spawbs.
