The News Record

(Established in 1878) The News-Record is published every afternoon (holidays and Sunday excepted) at 49 West King St., Kitchener, Ont., by its proprietor, The News Record Limited. SUBSCRIPTION RATES

Wear, in advance. By mail to any address in Canada or the United States, \$3.00 per annum, invariably in advance.
Advartising Rates furnished on application.

Canada is prosperous on borrowed money. Bor-Borrowed Money rowing cannot be avoided entirely now, but neither can it be continued indefinitely. National borrowing has a direct

bearing on the cost of living. The only real remedy in the end is taxation. Just what form that will take in order to bear with least weight upon the people, will require the most careful thought of gov-

Going Up The war ended a year ago and prices are higher than ever. Nor is relief in sight. Eggs sold last week in Toronto at \$1.25 a dozen, coal costs \$13 a ton, a good woollen suit of clothes for a man runs as high as an even hundred dollars, with almost everything else in proportion. Wages may be high, but we fail to see how the working man with a family of small children, can clothe and feed them as they should be, under present conditions. Yet there appears to be plenty of money in the land.

Dollar Worth Only 40 Cents

ernments.

When nations go deeply into debt, the cost of living rises as surely as day follows night. Large liabilities injure credit.

Loss of credit reduces the value of the dollar. Today, in Canada as elsewhere, the purchasing power of a dollar is probably not equal to the forty cents of seven or eight years ago.

National borrowing can-Extravagance not altogether be avoided. But we can at least spend what we borrow in a sensible way. Is the Government doing

It is at least a debatable question whether we ought now to spend \$50,000,000 on a new canal at Welland; \$40,000,000 on ships which every eastern shipbuilder knows are making enormous profits for somebody. With a debt of more than two billions, and while borrowing half-a-billion ourselves each year, we actually lend \$100,000,000 to Roumania, Greece and Poland and Belgium; money that we may never see again. For the benefit of a political party, millions are being spent upon extravagant public works, the Saguenay Railway, endless dredging, costly and unnecessary dry-docks, to say nothing of the fool Hudsons' Bay Railway which can never be a success. The hundreds of millions that have been given to the railways went largely into the pockets of party profiteers. Both parties have been guilty in the past, but surely a halt must be called now, before a general smash results. The Government is going it blind, but either this Government or another will have to face the music. The time to pay will come and the sooner it is realized the better. We seem to have adopted the immoral doctrine of those who are content to spend, with the satisfied remark, "The last man will pay it all".

Most people are quite willing that Premier Drury and his cabinet be given a

fair chance to make good. But did it ever occur to you that the man who today actually is governing Ontario, together with two of his colleagues, has no mandate from the people themselves? Premier Drury, Attorney-General Raney and Minister of Agriculture Doherty have not been elected in any constituency. We know it is lawful, but is it democracy?

Looks Foolish The injunction against striking miners in the States looks ill-advised. It will not produce more coal; it will not fill empty stomachs. It will give strength to unwise leadership and cause greater bitterness. Surely the time has not come when men no longer have the right to personal freedom of action. Every man has the undoubted right to be permitted to make an honest living without interfer-

COMMENT

Go easy on the coal. A fool and his fuel are soon parted.

Detectives in Ottawa have located several booze-making plants, as a result of which raids are oft in the "stilly" night.

The Lieutenant Governor will as usual leliver the Speech from the Throne when the Legislature meets. In the enforced absence of Sir Wm. Hearst, the Speech from the Thrown will probably come from Mr. Fergu-

Premier Drury admits that he is "not much of a hand to shout patriotism." Fatal defect. At least it would be in the field of Dominion politics. At that, it would be something of a feat for a hand to shout anything.

The Ontario Government intends to reduce the cost of living. It's more than a guess that the H. C. of L. will not come down so long as this country spends money like drunken sailors-and borrowed money at

The votes and the speeches of some members of Parliament on the Soldiers' bill remind one irresistibly, of the old rhyme:

"They wriggled in, they wriggled out, Leaving the hunter still in doubt Whether the snake that made the track Was going out or coming back."

TWENTY YEARS AGO Nobody swatted the fly. Cream was five cents a pint. Milkshake was a favorite drink. You never heard of a "tin Lizzie." Farmers drove to town for the mail.

Nobody "listened in" on a telephone. Nobody cared for the price of gasolene. The butcher "threw in" a chunk of liver. Strawstacks were burned instead of

Then farming was a livelihood, now it is a business

Then farmers lived from the produce of their farms, now they figure profits.

IN THE DAY'S NEWS

When the international convention of the Y.M.C.A. begins its sessions at Detroit to-day one of the dominant figures of the gathering will be that of John R. Mott, the general secretary of the international committee and head of the national war work council. Mr. Mott has head of the national war work council. Mr. Mott has long been one of the best-known leaders of the Y.M.C.A. of the world. He has circled the earth many times in connection with his official duties with that organization and as a leader of the student volunteer movement. His wide acquaintance with foreign countries has led the United States Government to enlist his services in several special diplomatic missions, and had he so desired he might have had the post of United States Minister to China, which was offered him by President Wilson. Mr. Mott is a New York man, who was educated on themes religious and civic and has lectured before ities on the larger aspects of international

TO-DAY'S ANNIVERSARIES

1752-Col. George B. Clark, famous Kentucky pioneer. born in Albermarle County, Va. Died near Louis-ville, Feb. 18, 1818.

1831 - James A. Garfield, twentieth President of the U.S. born in Cuyahoga County, Ohio. Died at Elberon. N.J., Sept. 19, 1881.

Joseph B. Cotter, first Catholic bishop of Winona, Minn., born at Liverpool, England. Died June 28, 1909.

chard M. Johnson, the only man ever elected Vice President by the vote of the Senate, died at Frankford, Ky. Born at Bryant's Station, Ky.,

1903—Hearing of Senate committee on the nomination of Gen. Leonard Wood for Major-General began. 1904—First assembling of representatives of the Russian

Zemstvos took place at Petrograd.

CAPTAIN ADAMS WAS TAKEN BY SURPRISE

Improvement So Remarkable After Taking Tanlac He Hardly Knows Himself

Tanlac there was hardly a day that I didn't have a severe headache and hardly a night that I got over an hour or tw of sleep," said S. S. Adams, when he called at the Owl Drug Store in Vanouver, B.C. Mr. Adams served as Captain in the English Army, and at the time he made this statement he wa registered at the St. Frances hotel, 600 Cordova, West Vancouver. Mr. Ad-ams further stated that he would leave for the Orient in a few days to accept a managing position with an English

"For the past year," continued Mr Adams, "I had gastritis in its very worst form, and gas would press against my heart and make it palpitate so bad that I would get dizzy and sometimes while was eating I would get to feeling so dizzy that I would have to get up and leave the table without finishing. My appe-tite was almost completely gone and even the smell of food would sometimes turn my stomach, and I had to be extremely careful about what I ate so as not to suffer from gas. My nerves were shattered and the least little noise out of the ordinary would upset me co "I tried medicine after medicine but

nothing would do me any good, and I was about to give up trying to find anything else when my attention was called to a testimonial in the paper about Tan-lac. I decided to try it, and I want to say right here that it took me by surprise and that it is simply remarkable how I have been restored to health. I had a splendid appetite and no matter what or how much I eat I never suffer from stomach trouble in any form. My nerves are quiet and steady, and I can sleep all night long. I am not troubled with headaches or dizzy spells any long-er, and I feel so different in every way that I hardly know myself. I am leavng for the Orient in a few days and before I go I feel that it is my duty to make this statement and let the people know that Tanlac is a great thing and that it will do every bit of what the say it will."

Tanlae is sold in Kitchner by E. O. Rits and Co., in Galt by R. W. Meikleham, in Hespeler by Jnc. R. Phin, in New Hamburg by W. H. Boulles, in Milbank by R. B. Hamilton, in West Montroee by A. E. Richert and Co., in Preston by H. L. Frick, in Waterlook by A. B. Lears, in Doon by L. C. Bullock.

IF BACK HURTS **BEGIN ON SALTS**

Flush Your Kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by dushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores to they siuggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizzinces, elseplessness, bladder disorders come from siuggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous saits is made from the acid of grapes and lemon joice, combined with ithia and has been used for generacijons to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effernot injure; makes a delightful effer-

er causes irritation, thus ending blac-der disorders.

Jad Salts is inexpensive and can-not injure; makes a delightful effer-vescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

RASCALS Biliousness, Headache, Colds,

Constipation, driven out with "Cascarets"

Why take nasty catharties, sickening alts, or stomach-turning oils to drive hese rascals out? Let gentle, harmless ascarets remove the liver and bowel oison which is keeping your head dizzy, our beath offensive, and your stomach our. Get a box of Cascarets at the rug store and rid your liver, stomach nd bowels of the excess bile, poisons, nd waste which are keeping you miserble. Cascarets never gripe, never icken, never inconvenience. They cost to little and work while you aleep.
