For an Expert Bookkeeper

A short time ago we were favored with a call from one of our accountancy students who resides in the United States. In the course of his chat with us, he stated emphatically that he would not be able to hold his present position were it not for the knowledge he had gained from his Course in Accounting with us. **He makes \$1,500 per year.** This is proof that we teach our students how to do practical work. Many of them are making more than the amount stated above, but they are still anxious to rise higher.

Would you like to rise higher in the accountancy profession? Write for our booklet "Higher Accountancy." It will show you how.

We prepare students for the
C.A. Exams. of any Province
