

"Care for Your Children's Feet"

Little Red Riding Hood

RED RIDING HOOD SHOES *Keep Rosy Children Rosy*

For many decades the proper care of the Children's feet has either been neglected or overlooked ; and in encasing the tender feet in narrow adult shapes the young folks have been handicapped in after life.

Broad-toed Orthopædic lasts are designed to fit the child's feet naturally ; will not cramp nor crucify the tender cartilage of the growing feet, but offer both foot room and toe room for Nature-shaped feet.

Red Riding Hood Shoes are the first step to a jaunty, cheery old age ; happy feet make brighter lives.

They are made for babies, for children, for misses and youths, in the following sizes, and in the natural foot widths :

INFANTS'—Sizes 5 to 8 CHILD'S—Sizes 8½ to 11 MISSES'—Sizes 11½ to 2
From \$2.00, \$2.25, \$2.50 and \$3.00.

Made with spring heels and stout leather heels—the soles are of selected oak-tanned leather, made by the famous Goodyear stitched-down process—offering walking comfort in a flexible solid sole which will outlast two pair of the ordinary trimmed soles.

Ask your shoe dealer to show you them. If he has not got them ask him to send for them to the
