

# Raiders must improve

The season hasn't even started but coach Alex Orr and his Mississauga Raiders face a crucial game this week against the Newmarket Steelers.

The Raiders lost a Central Ontario Senior Football League exhibition game to Northwestern Ghosts 7-3 Sunday at Centennial Stadium and Orr says the team had better smarten up before facing New-

market in the league opener Saturday at Applewood Secondary School at 2 p.m.

"Unless we improve 100 per cent on offence, we're going to lose," said Orr who added the team showed no imagination on attack which gained only 120 yards.

"That's partly my fault and partly the players'," he said. "We threw much too much."

The Ghosts threw blitzes at the Raiders all game and Orr feels that the backfield was getting too much pressure put on them.

"We couldn't control their tacklers and linebackers," he said. "A lot of the linemen are trying to make it down to weight." In the Central league, players must start the season at 176 lbs.

Orr used five running

backs in the contest and isn't sure whether Tony Johns, who is returning to Lorne Park Secondary School this year, is going to play. Johns missed Sunday's contest.

He also used three quarterbacks but wasn't impressed with any individual.

"One was as bad or good as the other," said Orr.

On defence, the secondary, which features four rookies this year, picked off four Northwestern tosses but what worried Orr was the 75 yards in penalties charged against his team.

"The thing that got me is that we got them at stupid times," said Orr. One penalty came when the Ghosts were driving for their second quarter touchdown. The Raiders recovered a fumble but were charged with

roughing. The ball returned to the Ghosts who scored.

"One positive note was the way our specialty teams played," said Orr. On the opening kickoff, Russell Ross returned the ball 40 yards before being brought down by the last Ghost.

The Raiders are in the toughest division of the two-division league this season. Included in their division are last year's champs Scarborough Vikings, who finished undefeated Newmarket and East Toronto Trojans.

"We've got to establish that we can win against these teams," said Orr, who considers Newmarket an up and coming team after finishing fifth over-all last year.

The Raiders took a 3-0 lead at the beginning of the second quarter when Clive King hoofed a field goal.

The Ghosts scored their touchdown midway through the second and added a single on a wide field goal in the fourth quarter.
