Ottawa, 24th February, 1932.

Dear Dr. MacDonald:-

It is with sincere gratitude that I acknowledge your very kind letter.

The decision which confronted me was indeed difficult, but I concluded that the avenue of service proposed was about the only one in which I could possibly help consistently with my other obligations at this time. It is quite apparent that much work is going to be entailed and I do greatly appreciate your expression of goodwill.

I hope that one of my new privileges will be to see my friends in Halifax more frequently.

Yours truly,

H.K. MacDonald, Esq., M.D.,
11 Coburg Road,
