Sir,

With reference to your letter of the 10th December last and the copy of the supplementary estimates prepared by the Agent at Carlton, which you forwarded, with others, I beg to inform you that the Agent is being authorized to buy four heifers, at \$28.00 each, one iron harrow at \$14.00 and one combination plough at \$28.00. The cost will be met from the Appropriation for the current year as there are funds available for the purpose in the Sioux Vote.

Your obedient servant.

Secretary.
