**THE NEW WORLD.**  
 A WEEKLY NEWSPAPER,  
 DEVOTED TO DOMESTIC AND FOREIGN INTELLIGENCE, LITERATURE AND THE ARTS.  
 UNDER the comprehensive title of "THE NEW WORLD," will be published, every Saturday, in the city of New York, the largest, cheapest, and most elegant newspaper in the world. It will gather from the treasury of Literature, Art, Science, and general intelligence, all their richest stores. It will present a regular and faithful register of all the current news of the day,—maintaining a strict neutrality upon political and sectarian topics. The great aim of the editors will be to furnish to subscribers the earliest and most important intelligence—and for the attainment of this desirable object, the publication will be delayed until the news by the principal mails is received.  
 Care will be taken to preserve our columns free from objectionable matter, so that the sheet may be fearlessly admitted into families without offering offence to good taste or good morals. In making selections, we may boldly say, that we possess advantages unequalled by any other Journal in the United States. The best and most recent newspapers, magazines, and books from London, will be diligently searched and all that is attractive in their contents promptly presented to our readers. The "New World," will be under the direction of Park Benjamin and Rufus W. Griswold, the originators and late conductors of the "Brother Johnathan" newspaper. Their aim will be, to render the "New World" an improvement upon that successful journal, in such in the spirit, variety and value of its contents, as it is unquestionably in size and in the elegance of its typography. Ample assistance has been secured, and measures have been taken to render our correspondence from all parts of the country as complete and interesting as practicable. It is with much gratification that the subscribers can add that the orders, which they have received during the first week of the existence of the "New World," have been so numerous as to establish it upon a secure basis.—Since New York has been rendered the head quarters of transatlantic intelligence by steam communication with Europe, it is confidently believed that a weekly journal of a comprehensive and elevated character, unadvised by importers and immorality, which decrease among our papers, cannot fail to meet with a circulation so extensive with the Union.  
 Price of the "New World," \$3 per annum, payable in advance. Two copies will be sent for \$5 to any part of the city or country.  
 All letters relating to the editorial department of the "New World," to be addressed to BENJAMIN & GRISWOLD; those intended for the publisher, to
