DELIVERED AT YOUR STATION IN ONTARIO

very best cold-rolled steel shafting,  
giving increased traction.  
The gearing has only four wheels,  
and taken in connection with the  
inside shoe of cutter bar, and extrude  
the main shaft and gears. The shaft is made of  
the best material, and is of good height,  
and broad on face,  
with steel jaws and brass bushing.  
The PITMAN is longer than on most  
mowers, and gives a motion as possible  
overcomes side draft.

HAY  
LOADER

It is not an untied loader. It is made for us by manufacturers who have made a success of this particular style of implement. We would strongly advise the use of the 4-wheel type of machine. The ordinary 2-wheel loader is cheap, but does not do the work as well, nor will it last as long, as the 4-wheel loader. It affords extra support for loader. Only the best of materials are used in the making of this loader. Owing to the scarcity of farm help every farmer should have one.

I want to save dollars and cents after, not shillings me to buy. Send me your fence special price and gate offer, same and Address. DYE says: "A one cent postal to me NOW may mean many a \$1 saving to you"

MILK-COOLING  
TANKS

This Tank of our making is perfect as a Milk-Cooler. It enables you to deliver milk to factories in the best condition, strong and light. Never gets water-soaked. Is CLEAN, SANITARY, DURABLE. Can be moved from place to place, or stored away, or used for other purposes. Makes a good storage tank for sap.

We make Specialty Cooling Tank for keeping Cream in good condition for shipping.  
STEEL TROUGH & MACHINE CO., LTD.  
6 James Street, Tweed, Ont.

Note construction. Made in sizes. Send for Price List of this and other "Tweed" Steel Equipments.

OUR Stallion Policies, covering against loss by Death through Accident or Disease, are more liberal and afford more protection to owners than any issued by Competing Company. They contain no vexatious clauses, having been drafted to cover the special conditions met with in this Country. They cover the horse no matter where he might be and not merely in his own stable, as certain Companies do. This is very important during

STALLION  
INSURANCE

All kinds of live stock insurance transacted.

THE GENERAL ANIMALS INSURANCE CO. OF CANADA,

the Breeding Season as the horse might die while being on the road. Do not take any chances by insuring with others, insure with us; The insurance premium represents only a small proportion of the service fees earned. Better risk the loss of the premium than the purchase price of your beast if it dies without insurance.

Better have and not need than need and not have.

Write for particulars and address of nearest agent.
