

stand up equally well in the record of merit. Most of his mature animals are also in the Record of Performance. In this class shows August Daisy, at two years, made 10,776 lbs. milk and 402.7 lbs. butter fat, the milk averaging nearly 4 per cent. She milked 36 days. Breta's cow year and 367 days at commencement of test, gave 7,653 lbs. milk and 305 lbs. butter fat. She milked 367 days, with an average per cent of fat of 4.34. Another young animal, Show-babe Three Spot, at two years, made 10,539 lbs. milk and 270 lbs. butter fat with a test of almost 4 per cent fat. Another two-year-old, the daughter, Kay Beauty, in 330 days, and with an average fat test of 3.84, did much better with 10,540 lbs. milk and 366.19 of butterfat. The five-year-old cow, Eunice Jane Pouch, has a record of 36,737 lbs. milk and 367.71 lbs. butter fat. She did this in 389 days and carried an average per cent of fat of 3.8. It's a class of animals like these that our dairymen are looking for nowadays. They not only give a rich quality of milk, but are persistent producers for at least 10 months of the year. Such animals as these are the ones that make the profit on the year's work. Combining the ability to produce and with the breeding as shown in the catalogue, individuals from this herd will make particularly good foundation stock for our young breeders and others who wish to supplement their herds.

An Mr. Patterson is leaving the farm absolutely everything will be sold, the machinery and farm equipment of all kinds on the first day and the live stock the following day, March 22nd. Convenience from Mr. Patterson's farm will meet all trains at Alford Junction on the last day of the sale.

SEMI-OFFICIAL TESTS OF HOLSTEIN-FRIESIAN COWS, FROM JAN. 18TH TO FEB. 14TH, 1914

1. Lottilla Johanna Rse, 8025, 6y.: 22,159 lbs. milk, 777 lbs. fat, 971 lbs. 80 per cent but. Hospital for Insane, Hamilton, Ont.

2. Mechlilde Ruby Burke, 9481, 6y.:

The demand for Holsteins has been so good lately that many of the big breeders of Western Ontario are finding it difficult to get their animals for the big sales. It speaks well for the business even in the face of those fearful ones who think the business is overdone. Most of the latter are those whose farm and herd have never been in price. They have never let people know, except incidentally, what they have for sale—until they find it hard to sell, and then at only local prices.

An ad. to their dairy paper will help such as these, try to-night.

FARM AND DAIRY

17,000 lbs. milk, 541 lbs. fat, 676 lbs. butter. Hospital for Insane, Hamilton.

3. Queen Patti De Kol Gordia, 9462, 6y.: 10,696 lbs. milk, 469 lbs. fat 672 lbs. butter, Wm. Watson, Pine Grove, Ont.

4. Helena Robo De Kol, 8286, 11y.: 12,283 lbs. milk, 585 lbs. fat, 461 lbs. butter. Wm. W. Whitton, Menlo, Ont.

Four-Year-Old Class

1. Johanna De Kol Lena, 10839, 4y. 2744; 16,717 lbs. milk, 569 lbs. fat, 711 lbs. butter. P. A. Smith, Queensville, Ont.

2. Centre View Butter Gem, 30554, 4y. 2312; 16,530 lbs. milk, 576 lbs. fat, 692 lbs. butter. Jas. G. Currie, Ingersoll, Ont.

3. Deliah De Kol Johanna, 8662, 4y. 3304; 15,459 lbs. milk, 570 lbs. fat, 587 lbs. butter. W. E. Watson, Pine Grove, Ont.

4. Maple Grove Irene, 12646, 4y. 5d.: 15,991 lbs. milk, 483 lbs. fat, 625 lbs. butter. Jacob Mow, Tavistock, Ont.

5. Jamille H. Id., 15894, 4y. 231d.; 13,166 lbs. milk, 464 lbs. fat, 626 lbs. butter. P. J. Bishop, Duncan's Stn., B.C.

Three-Year-Old Class

1. Phoebe Pledge De Kol, 17350, 3y. 289d.; 14,328 lbs. milk, 474 lbs. fat, 592 lbs. butter. Benj. H. Thompson, Boharm, Shag.

Two-Year-Old Class

1. Homestead Susie Colantha, 14273, 2y. 9d.; 10,776 lbs. milk, 387 lbs. fat, 489 lbs. butter. E. Laidlaw & Sons, Aylmer, Ont.

2. Aggie Echo Netherlands De Kol, 15978, 2y. 24d.; 13,011 lbs. milk, 455 lbs. fat, 569 lbs. butter. Geo. D. Wright, Frankford, Ont.

3. Bella Mervena, 15545, 2y. 260d.; 12,932 lbs. milk, 433 lbs. fat, 539 lbs. butter. Heady Finch, Mapleton, Ont.

4. Homestead Bessie Colantha, 14273, 2y. 153d.; 10,598 lbs. milk, 353 lbs. fat, 416 lbs. butter. E. Laidlaw & Sons, Aylmer, Ont.

5. Kate Castleton De Boer, 16760, 2y. 160d.; 10,281 lbs. milk, 329 lbs. fat, 419 lbs. butter. F. B. Passmore, Brantford, Ont.

6. Edgemont Neil, 14315, 2y. 225d.; 8,900 lbs. milk, 219 lbs. fat, 396 lbs. butter. G. H. McKenna, Thornhill, Ont.

One more 20,000-lb. cow is found in Tottilla Johanna Rse, with the fine record of 22,159 lbs. milk and 971 lbs. butter.

W. A. CLEMONS, Secretary.

Sell Your Milk but-- Raise Your Calves as well

Caldwell's Cream Substitute **Calf-Meal**
makes this possible and shows a profit of 100 per cent.

Every farmer and stockman *knows* that the sale and slaughter of practically newly born calves is a tremendous *waste*. Both would have raised or vealed up their calves long ago, but for the reason that this meant the *consuming of all the whole milk* produced. So they killed their calves and sold the milk as you have been doing for years and like you they have often wished for a substitute for whole milk, They have said so—your neighbors have said so and you have said so, too.

Hence Feed Manufacturers have been striving for years to find a substitute for whole milk as a Feed for raising and vealing up calves—

The market was as wide as the world and of course dozens of fake "Feeds" were rushed to the farmer and stockman—

But not a single one of these approached the nutritive qualities of whole milk as a feed for calves; until Caldwell's Cream Substitute Calf-Meal was placed on the market—a prepared feed so similar to whole milk that actual analysis shows it to contain almost the same nutriment and as such is guaranteed to the Canadian Government. Here's the certified analysis of the finished product:

Protein19% to 20%
Fat7% to 8%
Carbo-hydrates56%
Fibre5%

Caldwell's Cream Substitute Calf-Meal contains Linseed, Wheat, Oat, Corn, Locust Bean, Pea and Molasses Meal. We print the ingredients of our Calf-Meal as well as the guarantee on every tag.

Now you understand why we say—keep on selling your cream or whole milk, but raise or veal up your calves. Our Calf-Meal is sure to become as widely used and as much relied on as Caldwell's Famous Molasses Meal.

Tell your Feedman that you intend to raise your calves or veal them up. It will pay you handsomely to do so. Because it's cheaper to raise your dairy herd this way than to buy—and you might as well keep the calves you want to sell long enough to make something out of them.

With Caldwell's Cream Substitute Calf-Meal this is easy, economical and profitable.

N. B.—If your Dealer cannot supply you write to us, giving his name and address.

THE CALDWELL FEED CO., LTD., DUNDAS, ONT.
