

Half an hour—and a Goodyear Reliner

An investment of a few dollars and a half an hour of your time can be made to earn thousands of miles extra tire service for you.

Goodyear in the Goodyear Reliner has provided a sure preventative for most premature blow-outs; a strong, complete new lining for weakened tires.

The Goodyear Reliner is made to be applied either by the car-owner himself or by tire repairmen. Simply cemented in and left awhile to set, it makes an old tire good for much extra mileage.

See your Goodyear Service Station dealer or your repairman, and ask him how you can use the Goodyear Reliner to increase your tire mileage.
