DISBROW

Men WHO have achieved success are those who take advantage of every facility which the world affords in their particular line. The
"DISBROW"
COMBINED CHURN
and BUTTER WORKER

for which we have accepted the sole agency for Manitoba and the Northwest Territories marks a new era in factory buttermaking. It is a factory in itself, as it will churn, wash, salt and work 50 to 100 pounds of butter in one continuous operation, while it occupies no more space than an ordinary box churn, and requires less power. It saves rent, fuel, labor and time, and makes more and better butter than the ordinary box churn. Send to us for catalogues and further information.

CREAM SEPARATORS.

WE MAY REMIND YOU WE ARE A LONG WAY AHEAD OF THE PROCESSION IN THIS LINE.

The sale of our "ALEXANDRAS" this year already is unprecedented, and "THE MELOTTE," a hand machine for use in herds of 20 cows or upwards, has proved itself to be even more than we at first claimed. We have printed a new Price List of Dairy Goods. Drop a post card and get one.
