A consecrated place.

"Star Life Assurance Company." OF LONDON.

Hiddax, May 5th, 1849.

THE AGENCY of this Company has been es-L tublished in this Province about three years. and has made some progress, and up to the present time, without a claim being made upon it. The Directors have recently instructed the Agent to allow persons insuring for the whole term of Life. to pay one half the premium for the first five years, and give a note bearing Interest, for the remaining half, upon the same condition as the National Loan Fund Association. As the proportion of profits divided among the Policy holders, with participations, is greater in this than any other Company-being 90 per cent,-it therefore recommends itself to the favourable consideration of all persons intending to insure, the rates being as low as in any other Company. If persons would give the subject of Life Assurance their serious consideration, they would be convinced that it is the very best investment to be found for a moderate annual sum of money, for the benefit of their families after they are taken from them. The attention of heads of families in this Province generally, and those of Wesleyans in particular, is earnestly invited to this subject, and white the pressing of Health is enjoyed, to call upon the Agent of the 'STAR" Association for admission into the Society; who will furnish all necessary blanks and give every information requisite at his office in Jerusalem Warehouse, Hollis Street
