LONDON HOUSE.

Messrs. Fellows & Co., No. 8 Germain St. Gents : L accidentally sent the other day to a store for some Vermifuge, and the man not having much on hand sent me some of your Worm Lozenges. My children showed symptoms of worms at the time. I gave them according to directions, and in 24 hours from the time they commenced taking the Lozenges, one (a boy about 5 years old) had passed 25 large worms; the other (a girl 3 years old) had passed 12; Es and I deem it but just to say that from this slight acquaintance with your remedy. I feel satisfied that your Lozenges are cheap, convenient, safe, and more effectual than the or-

dinary remedies, and as such I cheerfully recommend to all heads of families. Yours, with respect,
