WHY Do 75 per cent. of our Canadian Canners buy their labels and other lithographic work from

The Sabiston Litho. & Pub. Co.?

BECAUSE They have the largest corps of skilled Artlets in the country.

BECAUSE They have the best machinery.

BECAUSE Their equipment is more complete than any other Litho. house in the country, and

BECAUSE They turn out the most satisfactory work.

This Company occupies 4 flats of the GAZETTE building, in Montreal, equal to a floor space of 35,000 square feet.

The business was commenced a little over 3 years ago by A. Sabiston and from the smallest establishment at that time has grown within the above period to be the largest of its kind in the country. This fact speaks for itself.

Before placing your orders for lithographic work, see what

The Sabiston Litho. & Pub. Co.

can do for you. Address all communications to

A. Sabiston, Man. Dir. Sabiston Litho. & Pub. Co., MONTREAL.
