Power Farming Machinery

RUMELY
GASPULL
LA PORTE

Like A Farm Wagon

The GasPull can be used every week the year 'round for dozens of jobs, and it saves money on every one. It never tires, and is ready for work night and day.

The GasPull burns gasoline; has an opposed, horizontal, double cylinder motor and is water-cooled. Working parts are easily lubricated and protected from dust and dirt by steel covers. It is cranked from the ground, has a safety crank and handy foot-brake, and can be equipped for speeds from 2 to 3½ miles per hour. It weighs only 11,200 pounds. 15-30 horsepower.

Ask for catalog JD4. Get acquainted with the GasPull.

The OilPull is the leader in kerosene tractors. There are no better stationary engines than the Rumely-Falk for kerosene and the Rumely-Olds for gasoline. Every Rumely machine is backed by Rumely service—49 branches and 11,000 dealers. Supplies and parts without delay.

Experience is Worth Money

WE WILL PAY FOR IT

The Guide wants letters from farmers dealing with their practical experiences. Short articles on the results of summer fallowing, fall and spring plowing, the use of barnyard manure, cattle and hog feeding; experiences with keeping sheep, marketing farm produce, barn planning, alfalfa, weed eradication, corn growing, gardening; the arrangement of line shafting for household conveniences, poultry keeping; any new labor saving mechanical contrivance, in fact, we would be glad to get any experience, the result of which would be interesting and helpful to other farmers. We will pay 25 cents per 100 words for all articles which we accept.

These articles must be written very plainly and on one side of the paper only. The number of words in the article must be marked at the top of the first page. Enough postage must be enclosed to return the article in case we cannot use it. All articles will be paid for or returned within three weeks from the time they are received in our office.

Some of these articles can be illustrated by photographs or drawings, and we will pay from 50 cents to \$1.00 each for good photographs or drawings that we are able to use.

In preparing these articles do not use any unnecessary words. Facts are what we want, not fine language. When your subject is finished stop writing. These articles are wanted immediately and prompt replies will be most likely to insure acceptance.

ADDRESS ALL LETTERS TO "AGRICULTURAL EDITOR"

Spend Your Old Age in Sunny Florida

WHY shiver and freeze, shovel snow and coal, wear heavy furs and flannels and be cooped up six months in the year when you can go down to BAY VIEW, FLA., and spend an easy out-of-door life among the birds, the flowers and the sweet magnolias.

Why not make up your mind RIGHT NOW to make a change? Many of you younger men and women are not greatly enthusiastic over snow, blizzards and zero weather. If you cannot move to BAY VIEW now, why not investigate this exceptional proposition now and have a place prepared for you when you are in position to enjoy the fruits of your hard toil.

If we can show you younger men or older ones either for that matter, where you can make more money farming at BAY VIEW than you are now making, wouldn't you be interested? It costs you nothing to find out and it might mean a great deal to you. Study over the following statements and see if they don't appeal to you:

The soil at BAY VIEW is a deep, rich sandy loam—very exceptional for Florida. We will send you, together with our literature, a sample of this soil. We have plenty of rainfall 12 months in the year. Irrigation is unheard of. Crop failures practically unknown. Two and three crops easily raised each year on the same ground. These crops will net you from \$100 to \$500 profit per acre per year. Satsuma oranges (one of the finest and

most profitable varieties grown), figs, pears, peaches, plums, grapes and all kinds of berries produce abundantly. You can also raise enormous crops of corn (field and sweet), oats, hay, Japanese cane, clover, sweet and Irish potatoes, sugar-cane, celery, tomatoes, lettuce, cabbage, water-melons, cantaloupes, egg plant, cucumbers, radishes, turnips and all kinds of early profitable vegetables.

Not a better location in America for Dairying and Stock raising. Ready markets and good prices. Grass for pasture the year round. Don't have to stable and dry feed six months in the year.

BAY VIEW has one of the finest climates in the United States, both summer and winter. No sunstrokes in summer—no frostbites in winter. Ideal salt water, boating, fishing and bathing. Lumber for building at wholesale prices. Good stores, churches and schools within 4 miles of any of this land.

We have farm land for all kinds of farming purposes, town lots and winter home lots with beautiful water frontage, all described in our big, free book. Prices very reasonable and excellent locations at present time. DON'T FORGET TO MAIL THE FREE BOOK COUPON.
