
McLAUGHLIN CARRIAGE COMPANY, LIMITED

No. 269. "Princess," with Cariole Seat

To meet the demands of our Quebec trade, we have made the body somewhat longer in order to accommodate properly the cariole seat. We are making only a limited number of them and orders will have to be booked early. This very handsome design, now made specially to suit the Quebec trade, is sure to be very popular; nothing on the market to equal it for style, comfort and finish.

Woodwork—Panels are carefully glued, screwed and plugged; mouldings as represented are solid, not cheap transfers; best selected gearing throughout; bent knees; fenders mortised to beams and braced; patent hinged dash; large bent wings; shafts XXX hickory.

Ironwork—All braces, T's, etc., of steel, forged in our own factory; 1½-inch projecting steel shoes; gear very strongly braced.

Painting—Body bright or dark colors, handsomely striped and decorated; gear carmine or black.

Trimming—High grade embossed mohair plush or best leather cloth; high easy spring back and spring cushion; sides of panels padded; carpet all around inside; padded toe rail; solid brass full plated screen, new design; special case brass nickel plated body handles; shafts full leathered with silver tips.

Important Note.—We use moss only for filling in our upholstery, not an ounce of wood shavings (wood wool), or seaweed, as used by most other manufacturers.
