

GREECE CANNOT TIE

So King George is Reported to Have Said.

If Greek Troops Were Withdrawn It Would be the Signal for the Greatest Massacre of Modern Times—A Situation Which No Civilized Nation Could Endure or Tolerate—Greek Troops on the Move—London Market Affected—Things Look Warlike.

New York, March 5.—The Journal's correspondent in Athens sends the following: King George received me at the palace yesterday and spoke with absolute frankness in reply to the demand of the six great European powers. "I cannot see how Greece can alter her course," he said, "in spite of what the powers say. If the Greek troops were to be withdrawn from Crete there would be the greatest massacre of modern times. It is appalling to think of what would follow."

"The Cretans themselves will refuse to accept the proposals of the powers to create a municipality. They will fight to the last against it. I think rather than to submit to the demand of the six great European powers, I would rather perish in the attempt to establish their liberties and rights than submit to the demand of the six great European powers. If Greece should withdraw her forces from Crete it would simply mean the abandonment of the island to barbarism and indiscriminate slaughter."

"I am emphatically of the opinion that the Sultan of Turkey has no responsibility for the existing state of affairs in Crete. He holds the Sultan to be free from blame in this respect."

"Nine months ago the Sultan granted to the powers authority to put reforms into effect. What have these six nations done to end the horrors and atrocities of the island? What have they done to put an end to the massacre and termination? Nothing, absolutely nothing."

"The situation was horrible. No civilized nation could endure or tolerate it. The great powers say they want peace, but in every nation there is a power that will not accept peace, and the powers have refused to accept except when they fired a few days ago on the Christians. I think of the situation. Every year we have thousands of men, women and children dying in Crete, and the powers say they have no right to land troops to protect them, although six nations, which have only a handful of subjects on the island, have landed their forces."

"The situation in Macedonia, too, is very critical. I cannot foresee the future, but the great powers have favored the movement to Greece, and we shall see what the result will be. The powers have taken upon themselves great responsibility. They have deliberately offered encouragement to the excited Turks."

The correspondent then says: "I can say that Greece will absolutely refuse to withdraw her army and navy from Crete. That is quite certain. I know also that the great powers have decided to withdraw their legations from Athens if at the end of six days Greece does not comply with their imperative command. What they will do then no man knows."

Greek Cabinet Meeting.—The cabinet meeting last evening, said until a week ago, was the most important of the session. The cabinet determined upon the action of the Greek fleet on the coast of Macedonia, with a view of aiding the mobilization of the Macedonian forces, the guarding of the Macedonia towns devolving upon the army and the Greek frontier. The cabinet decided that the Greek fleet should be ordered to the Piræus under sealed orders.

London Stock Exchange Alarmed.—The stock exchange last evening continued to be in a state of alarm. The market was depressed and the stock exchange was closed at a lower level than it had been for some time. The market was depressed and the stock exchange was closed at a lower level than it had been for some time.

Albanian Bismarck.—Evidence has been given in the House of Commons that the Albanian Bismarck was a strong force for active hostilities, surrounded at 20 Russian battalions of Turkish reserves who were marching to the Greek frontier. The Turkish were disarmed by their captors, who appropriated to themselves the captured rifles and war material carried by the reserves.

Russians' Desire for Peace.—St. Petersburg, March 5.—The Journal (semi-official) makes a statement in effect that the Russian Imperial Cabinet is animated by an ardent desire to further the work of pacification, and in that spirit took the initiative in proposing the plan formulated in the inquiry and Greece. The paper, in conclusion, says: "There is reason to believe that further difficulties will not arise, and that Greece will prove her wisdom by bending to the mighty will of united Europe in the common interests of peace and stability. Greece cannot desire to endanger her future by an act of folly, and the Greeks may be happy in the knowledge that their kinsmen in Crete will in future enjoy local autonomy. Russia will have ever been the friend of the Christian peoples of the East at heart, and it will be the greatest satisfaction that it is in harmony with her desire for universal peace."

THEY DO NOT DESPAIR.—An utter loss of hope is not characteristic of the Greek people, though a terrible form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

MR. DEVLIN OUT OF IT

Going to Ireland to a Good Fat Berth.

Mr. Devlin says he is agreed with the Government, but the Wicked Very Gossip is saying that he is believed because he can't swallow the school settlement—A House Rumor That Settled—General Fitzpatrick Had Resigned Found Not to Be True.

Ottawa, March 5.—(Special).—As announced last night Charlie Devlin, M. P. for Wright, is down and out of Parliament. But it is not a simple question of resignation; he has accepted the "Chiltern" hundred, and a good fat berth. It is reported to be, it is well known that Mr. Devlin does not like the Laurier-Greenway school settlement, and rather than that he should manifest his opinion on the floor of Parliament it has been thought advisable to give him a place elsewhere. Troops Called Out.—London, March 5.—The Greek Consul has telegraphed from Athens stating that 40,000 Greek troops have been called out and are to be sent to the Turkish frontier with the least possible delay.

Looks Very Warlike.—The latest despatches indicate no cessation of the warlike preparations in Greece. Both the army and navy are being put to condition with the utmost dispatch. It has been decided that there shall be a general mobilization of the Greek forces, and to this end the two classes of reserves that had not been summoned previously have now been called out. The reserve forces alone give a total of 104,000 men and behind them is the main body of the army, which numbers upwards of 146,000 men, a not in any means insignificant force. The standing army numbers about 25,000 men of all arms.

THE RHODES ENQUIRY.—President Kruger's observations in favor of the movement in Trade Matters. London, March 5.—The examination of Cecil Rhodes, ex-Premier of Cape Colony, was resumed in Westminster Hall to-day by the Parliamentary Committee appointed to inquire into the transactions of the Cape Colony. There was a fair attendance of spectators, but there were not nearly so many present as at the previous sittings.

Mr. Rhodes testified that the Transvaal Government had raised the railway rates for passengers and freight through the special intervention of President Kruger, the object being to reduce the cost of transport. Mr. Rhodes said that he had been asked to secure for the Transvaal a concession of a railway line, which would be secured by the Netherlands. Comments on the Inauguration.—London, March 5.—The Globe, commenting upon the inaugural address of President McKinley, says it does commend itself to British manufacturers and merchants, as extreme protection is visible throughout it. The Globe says that the address to currency problems are as vague as Mr. Gladstone's address. "Gladstone's address is as vague as Mr. Gladstone's address."

SAUNDERS FOUND GUILTY.—The Jurors say Mr. Saunders is a Ballot Box Stuffer. Winnipeg, March 5.—(Special).—Saunders, the deputy returning officer in the Macdonald Dominion election, charged with stuffing a ballot box in the election, was found guilty by the jury to-night. Sentence was reserved.

A VICTIM OF ASTHMA.

HAD NOT SLEPT IN BED FOR TWENTY-FIVE YEARS.

Seemed Doomed to Torture and Continued Misery—Father, Grandfather and Great Grandfather had Died from the Trouble—Release Came in Old Age—The Cure Looked Up on as a Miracle.

From the Whitty Chronicle. For years stories of famous cures wrought by Dr. Williams' Pink Pills have been circulating, and it is not surprising that this time we have been casting about for a local case of such a nature as to leave no doubt of the efficiency of these pills. We have found several, but in each case it proved to be a sensitive body, who could not bear to have his or her name mentioned in connection with the cure. Recently, however, a most striking case came to our ears.

Mr. Solomon Thompson, lives on a beautiful farm on the west shore of Mud Lake in Carden township, North Victoria. He has resided there for forty years, and is the first settler of the lake. He is now 75 years of age, and has been afflicted with asthma for many years. He has been afflicted with asthma for many years, and has been afflicted with asthma for many years.

On October 15th, 1896, he took a trip to Lake Umbagog, and was very familiar to us, and made it a duty to find out a pleasure to call upon Mr. Thompson, and learn from him the story of his cure. He was very kind, and we were very much interested in his story. He was very kind, and we were very much interested in his story.
