"CAPITALISTIC CAMOUFLAGE" IS CRITICIZED

Trades and Labor Council Frowned on "Stay at Home" Propaganda HOUSING PROBLEM

The housing problem was given a lengthy discussion at a short session of the Trades and Labor Council last night. The attendance was small but enough were present to constitute a quorum.

The first item of business to receive discussion was the settlement of accounts outstanding in connection with the defunct Brantford Free Press. A cheque was presented by Del. Brown to Sec.-Treas. McGrath, thus clearing up the matter.

A report from the bakers showed that the employing bakers had met their demands and the journeyman will receive an increase of \$4.00 per week.

Several letters from N. P. Thompson. They were somewhat lengthy and it was decided not to read them.

The delegates viewed the advertisement in The Expositor "Home vs. Suitcase" with no great favor. Everything in the ad was contradicted. Camouflage declared several.

Regarding the plentiful (?) supply of houses one delegate stated that he knew that 66 people had applied for one house and house owners were asking exorbitant rents. More than 12 per cent. on their investment was being made by some landlords.

Another delegate informed the council that he knew of a house that could not be rented or bought for cash. The only way to become in possession of the house was to purchase it at a high rate of interest.

Del. Kite stated that all capitalistic papers were full of similar propaganda. It was an insult to the working man he thought, to publish such "camouflage." Considerable favor met the plan of taxing empty houses.

In Scotland, delegate McGrath stated such a system was in force. Co-operative building societies were proposed; such were having good success all over Great Britain.

The subject was closed with the promise that the matter would be treated with a resolution at the next meeting.

Delegate Brown moved and Del. Armstrong seconded a motion to the effect that subscriptions to labor papers be forwarded to the labor editors of the local press.

Acting Mayor Symons as delegate to the T. and L. Congress was then called upon for his report, and he moved that it be delayed till the next meeting. Delegate Armstrong was inclined to approve this owing to the small attendance and the short time that del. Symons had had to prepare his report. This was carried.

Meeting was then adjourned by Vice-President James, who accepted the chair in the absence of President Stinchecott.

OBJECTOR FOR TRIAL. By Courier Leased Wire. Niagara Camp, Sept. 26.—John Allan Carter, who had refused to put on a uniform on being tried to-day by a general court martial declared that the reason why he would not participate even in non-combatant military service was because his brethren of the Church of Jesus Christ had been imprisoned by the military authorities. He said that one of them had died at Selkirk as a result of the treatment he had received at the hands of the military. He said he was prepared to take any punishment that would be meted out to him. Two brothers of Carters are in the army.

Whaly, D.S.C., and Bar, who some time ago was credited with having brought down twenty-seven enemy planes. He is a Toronto boy.

MACKENSEN ASKED TO TAKE COMMAND OF BULGARIAN FORCES

Czar Ferdinand Appeals to German General to Save the Country From Invasion—Complete Change in the Foreign Policy Impending

By Courier Leased Wire Paris, Sept. 26.—Fresh dispositions made by General Franchet d'Esperey, who has passed through Prilep, justified the belief that there will be an energetic exploitation of the great inter-Allied victory in Macedonia, says Marcel Huin, editor of The Echo de Paris.

King Ferdinand of Bulgaria has asked General Mackensen, who is now in Bucharest, to take the command of his armies so as to block the advance of the Allies in old Serbia and preserve Bulgaria from invasion, according to information received here from Switzerland.

MINISTERIAL CRISIS. Paris, Sept. 26.—In well informed circles there are reports that a new ministerial crisis and a complete change in Bulgaria's foreign policy is impending.

Martial law has been proclaimed in Sofia, according to reliable news printed in the German press, says The Journal of Zurich. It is said that the Bulgarian cabinet is in continuous session and King Ferdinand had a long consultation with Premier Malinoff.

Paris, Wednesday, Sept. 25.—(Havas Agency).—Monastir or Prilep will become the seat of the Serbian Government as soon as the Allied lines north of those cities have been definitely established, according to Dr. M. R. Vesitch, Serbian minister to France.

In discussing the Allied victory in Macedonia to-day, Dr. Vesitch declared that it was almost unbelievable that a success of such magnitude could be won at such a slight loss to the Allies. He said that one of the strongest corps in the fighting incident to the crossing of the Vardar, was made of Jugo-Slavs, which, he pointed out, was significant at the present time. Among the prisoners

taken by the Allies during the offensive were many Macedonians enrolled by force in the Bulgarian army.

Rome, Sept. 26.—In conformity with a decision at a cabinet meeting Sept. 9, the Government advised the Entente Allied Governments that it considered the Jugo-Slav movement for a declaration of independence and the establishment of a free state to be in harmony with the principles for which the Entente Allies are fighting and with the settlement of a just and lasting peace.

The Governments in acknowledging the notification expressed satisfaction with the Italian Government's declaration.

WHEAT GOOD IN MANITOBA September Frost May Have Hurt Next Spring's Seed Oats CROP CONDITIONS

By Courier Leased Wire. Winnipeg, Sept. 26.—The Manitoba Free Press publishes to-day a report of crop conditions in Manitoba at this time of the harvest. Only a few fields of late flax and green crop on re-seeded land remain uncut in the province. Threshing is more than half done in southern Manitoba and is beginning in the north.

Speaking generally, says the Free Press, the sample of wheat will be good. In many places late oats, barley and flax have been damaged by September frost and this may affect the quality of seed oats for next spring.

The average of estimates as to yield is as follows: Wheat 18 bushels to the acre; oats, 38 bushels barley, 30 bushels; flax, 19 1/2 bushels; rye, 17 bushels. There is a general shortage of men and threshing gangs everywhere are light.

Fall plowing has been begun in a few places. The weather is ideal for farm work in most parts of the province, with very little frost at night.

SOCIALISTS FAILS. By Courier Leased Wire. Paris, Sept. 26.—Pier J. Troelstra, the Dutch Socialist leader, who has been in Switzerland, has fallen in his effort to create an international Socialist league, with headquarters at Bern, it is reported here.

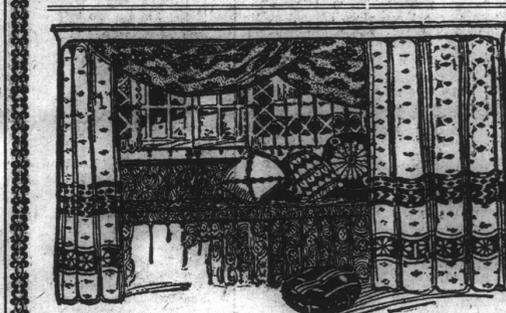

During his stay in Switzerland Troelstra had conferred with Swiss Socialists and it is said that Socialists from several Entente countries notably Italy, went here to confer with him. It is understood that the bureau if created, would have had a defunct tendency and that efforts were to have been made to spread the movement through all countries at war with Germany. Pro-Germans in the United States were to have been approached by agents of the bureau, it is said.

OTTAWA CLEARINGS. By Courier Leased Wire. Ottawa, Sept. 26.—Bank clearings for the week ending Sept. 20, 1918, were \$5,742,028.

J. M. Young & Co. "Quality First" Let Us Help You Brighten Up Your Home This Fall

J. M. Young & Co.

Though Desperately Wounded, He Blew Hun Up With Grenade (By Joseph W. Grigg.) On the British Front in France, Sept. 26.—I heard an incident of individual bravery to-day that savors of the wild west days in America. A Canadian soldier of an isolated advanced post was under fire from a German sniper. There was a duel for several hours, during which the German twice wounded the Canadian. Despite his wounds and severe suffering, the Canadian party crawled, partly walked through some trenches until eventually he got on the flank of the German sniper. Before the German could fire again the Canadian threw a grenade which blew the German to pieces. Then he slowly crawled back to his comrades.

CANADIANS SCORE IN INCHY SECTOR Line is Advanced — Troops Now Within Rifle Range of St. Quentin Canal British Headquarters, Sept. 25.—The Canadians have scored a useful success by pushing forward south-east of Inchy to a depth of one hundred and fifty yards on a front of two-thirds of a mile.

This fighting has only local significance, and is designed to take over the deep fringe of outposts protecting the Hindenburg line. As a result of yesterday's fighting in the neighborhood of St. Quentin we advanced our line to well east of the hamlet of Ste. Helene, which lies between Bellenglise and Pontreuil, so that here we are within rifle range of the St. Quentin Canal, which the enemy has utilized as part of the Hindenburg system.

During the night much desultory fighting has taken place, in which we captured a trench of some importance near the right flank and 100 prisoners. Everywhere evidence was found that the Germans had suffered heavy losses.

The French had a most successful day, securing all their objectives with one exception, and here the fighting is still progressing. Over five hundred prisoners were taken. The weather is improving.

Canadians Whose Positions in Connection With War Duties Carry No Salary.
