SERIOUS ACCIDENT

C. P. R. Engine Runs Into Wagon Driven by Robert Dougans and Seriously Injures Him—Wagon Broken to Splinters.

A serious accident occurred in the city on Tuesday afternoon, when a young man named Robert Dougans, with a team and wagon was run down by an engine while crossing the C.P.R. tracks at Albert street.

An engine with caboose attached, going west to Moose Jaw, came into sight as the team was going forward to the level crossing. Dougans whipped up his horses and started them at a trot across the track, but was not fast enough for the approaching engine, which was travelling fully 15 miles an hour. The engine caught the wagon near the hind wheels, the impetus jerked Dougans with considerable force out of the wagon, which was completely smashed, the wagon box being knocked off, and the hind wheels smashed into match wood.

The horses, once freed from the wagon, bolted, and with broken harness and whiffletree bumping behind continued their mad career along Albert street, in spite of the efforts of several pedestrians to bring them to a standstill.

Dougans had just called at the warehouse of the Cockshutt Plow Co. for some wagon bolts, and was on his way to his father's farm about a mile west of Cordie. D. J. Taylor and residents in the neighborhood, immediately the accident was noticed came to the assistance of the young man who was lying in a semi-conscious condition across the track. He had received a severe contusion over the right eye, and was bleeding from the right cheek.

On the arrival of an ambulance, which had been phoned for, he was conveyed to his father's residence at 1948 Albert street.

The C.P.R. engineer, who brought his engine to a standstill some yards west of the crossing, stated that before coming to the crossing he blew the whistle, but owing to a strong west wind, it is thought that Dougans may not have heard the warning.

Tupper Dissents.

Vancouver, B.C., Nov. 2.—Characterizing the bargain between the McBride government and the Canadian Northern Railway as "wild and unconsidered," Sir Charles Hibbard Tupper today declared that it was his intention to vote the entire Liberal ticket, provided the Liberal party is as wholly opposed to the railway policy of the government as he is.

This statement by Sir Charles followed an inquiry addressed to him as to the truth of the report persistently circulated in Liberal circles in Vancouver, that it was his intention to be an independent Conservative candidate either in Vancouver or Richmond.

"I am not in public life," remarked Sir Charles, "and I will not be a candidate. However, I am opposed to the railway policy of the government. After reading Mr. Bowser's speech I could not support the railway policy. I look upon the bargain made by the government with the railway company as wild and unconsidered, and I think that perhaps the government takes that view of it also, owing to the little time in which the railway company allowed the people to consider it."

"It is rumored, Sir Charles, that you may take the platform in opposition to the government; is there any truth in that?"

"That is a matter I have not considered," replied Sir Charles without hesitation.

GENERAL NEWS NOTES

Toronto, Oct. 31.—Judge Winchester on Saturday morning sentenced Henry Howarth to one year in the central prison. Geo. Bouach and F. Ward one year, each with 20 lashes. R. McArthur, two years less one day and 30 lashes. In each case the men were convicted of indecent assault on children. The judge expressed satisfaction that the government made it possible to apply the law in such cases. Howarth escaped this penalty as the doctors said he was too weak to stand it. Dr. Pollard, convicted of performing a criminal operation, was sentenced to five years.

Ottawa, Oct. 31.—Immigration into Canada for September was 15,343, an increase of 52 per cent. over Sept. 1908. The total immigration for the first six months of the present fiscal year was 130,938, as compared with 100,477 for the same period of last year, an increase of 30 per cent. Immigration from the United States for the six months shows an increase of 65 per cent. over the same period last year. Immigration via ocean ports decreased 3 per cent. The customs receipts for September were over a million dollars in excess of those of September last year.

London, Oct. 31.—It is generally known that Prime Minister Asquith thoroughly disapproves of Lloyd-George's budget, but is tied fast by party lines to the Chancellor of the Exchequer and Winston Churchill. At a banquet given recently at a private house, Mr. Asquith sat next to Lord Roseberry, who is fighting the budget. The premier aired his disapproval freely, and Lord Roseberry after listening to the denunciations, remarked smilingly: "Asquith you remind me of Jacobin in the French revolution, defectively following the procession, and explaining, 'I must follow them, I am their leader.'"

Calgary's city hall, which has become the civic joke of the west during the last year, is in a worse mess than ever. The incomplete building is standing as an eye sore to the public, and a petition is being circulated to have another bylaw passed to raise money for its completion. Now comes another knock from the Seattle firm of appraisers who have been valuing the work for the city, after the contractors were forbidden to go ahead with the work. The contractors have been paid \$105,000 and the appraisers say the value of the work done does not amount to \$85,000. Nobody is accused of graft, but there evidently been carelessness in certifying to work done as the building progressed.

Calgary, Alta., Oct. 28.—"Alberta Red" again secures premier honors at the Dry Farming Exposition and congress now in session at Billings, Montana. This is the second year in succession that "Alberta Red" has succeeded in securing the coveted prize. Although the parent seed of "Alberta Red" was secured in the United States, American farmers find it impossible to produce grain to compete in weight, color or value with the wheat grown in Southern Alberta. With the report of the triumph at Billings, comes the Canadian Pacific crop report that winter wheat is in excellent condition. Fall plowing still continues and the Lamond district in the Bow River valley reports 18,000 acres prepared for next year's crop.

Toronto, Nov. 1.—Ninety-eight thousand of citizens of Canada will rejoice tomorrow over the receipt of cheques from the liquidators of the defunct York Loan and Savings Co. The paper was sent out today by the National Trust Co., the assignees. The cheques sent out amount to approximately \$650,000. The dividend declared is 25 per cent. There are 114,000 shareholders, 10,000 of whom have not submitted their pass books and certificates. The other 4,000 were either in arrears or had borrowed from the company. Their arrears and share loans exceeded this dividend. It is expected that the next dividend will amount to 25 per cent. It will be declared when the rest of the property is sold. The company owns 52,000 feet frontage in Toronto, half of which has been sold.

St. John, N.B., Oct. 31.—The feature of the sessions of the Dominion W.C.T.U. was the biennial address of the president, Mrs. S. R. Wright, of London, Ont. After dealing with the social evil and laxity in enforcing the laws, the speaker, coming to the question of Mormon invasion, said it was necessary to sound a note of alarm in regard to the Mormon system, which was gaining such a foothold in the western provinces. Mormon missionaries were everywhere, and their converts were many. In Southern Alberta Mormonism was almost strong enough to adhere the balance of power, its adherents today numbering more than 150,000. "That there is alarming need for instant action on the part of our organization to put forth some commensurate effort to stem if possible this growing menace to the highest life of our young nation is apparent," she said. "From the fact that from almost every one of our provinces have been drawn recruits in religion's name for the expansion of mormonism."

MINISTERS ORDAINED

Bishop of Qu'Appelle Ordains Candidates for the Priesthood and Deaconate—Coadjutor and Other Clergy Assist.

Moosomin, Oct. 30.—Thirteen candidates were in attendance for the ordination in St. Alban's church yesterday at 11 a.m. The services were conducted by His Lordship the Bishop of Qu'Appelle assisted by coadjutor Bishop Harding of Regina. About 25 of the clergy from different parts of the province were in attendance. A quiet day was spent yesterday by the candidates in preparation for the event, the Venerable Archbishop Dobie preaching them a very thoughtful and instructive sermon on the life of prayer and penitence.

At the close the candidates were presented for the laying of the hands; ten for the priesthood and two for the deaconate.

Reverends H. D. Percival, T. T. Smith, H. P. Hitchcock, R. T. King, A. Calder, W. T. Hunter, R. G. Millidge, J. K. Irwin, and P. C. Jerrold for the priesthood, and Rev. A. W. Dunstan and D. M. B. Gasking for the deaconate.

The day began with a celebration of Holy Communion at 8 a.m., matins at 10 a.m.; the ordination service proper being at 11 a.m. An eloquent and forceful sermon was preached by the Rev. Clement Williams, rector of Moosomin St. Alban's church; Rural Dean of Eastern Assiniboia, the text being taken from Acts 27 from the words: "Therefore Oh King Agrippa, I was not disobedient to the heavenly visions."

At the conclusion of the sermon the candidates for orders were presented by the venerable Archbishop Dobie, the litany being ready by the Right Rev. Dr. Harding.

At the conclusion of the ordination the communion service was proceeded with, the bishop being the celebrant. The choir augmented by members of other church choirs in the town, rendered the musical portion of the service in a highly efficient manner. Visiting clergy present included Ven. Archbishop Dobie, Regina; Rev. A. Carlton, Grenfell; D. P. Biggs, Broadview; J. F. Stewart, Wolesey; G. Freembrom, Wapella; J. Easton, Arcola; J. B. Linsell, Fleming; W. H. White, Nokomis and T. Taffim, Esterhazy. The offering in aid of the B. G. Anson Memorial fund for the endowment of St. Chad's Hostel, Regina, amounted to \$136.00.

Worry Over Judge.

The following resolution was passed by a joint meeting of the city council and board of trade of Battleford:

"Whereas it has come to our notice that charges of misbehavior have been made against his honor, Judge MacLean of the district court for the District of Battleford, and whereas we believe that the circumstances upon which the charge is based resulted from the illness of His Honor the Judge along with other unusual causes for worry, and whereas we have full confidence in and respect for his Honor the Judge, both as a judge and as a citizen of our town.

"It is therefore resolved by this meeting of the Municipal Council and the Town of Battleford that we have full confidence in his Honor Judge MacLean as a Judge of the District Court and entertain for him feelings of the highest respect as a citizen of our town, and it is hoped that no action will be taken which would result either in his dismissal from office or his removal from Battleford.

"It is further resolved that copies of this resolution be sent to the Honorable the Minister of Justice, and to His Honor, Judge MacLean."

BILLY OF ENNISKILL

The campaign has opened! The first gun was fired this week, in the issuing to the electors of Mr. John Hurst's election address, he being a candidate for the honor of first reeve for the newly created municipality of Enniskillen. It promises to be a whirlwind campaign, as the election will be held on December 14th, and in the meantime the ratepayers in the new municipality will hear what the candidates are going to do to improve things. As has been previously announced, William Noble, an active worker in the farming interests, is also a candidate, and he intends to hold meetings, to which he will invite other candidates that may happen to take the field. It is going to have all the airs of a federal election and a vision is already seen of 'Billy' bending forward in eagerness on the public platform, explaining the charge against him—not having stolen a timber limit—but having fenced the water in the river. This is to be the hero of the river.

One of the issues of the campaign for Billy says the report to that effect was circulated with malicious intent, to damage his chances of becoming reeve. John Hurst says he is in the field, on his guarantee of word and honor, until the last vote is cast, and his address appears in another column. "So, gentlemen, the battle royal is about to commence." Who are you going to vote for, Hurst or Noble?—Oxbow Herald.

NEWS OF THE PROVINCE

Grenfell voted against incorporation as a town.

A Local Option League has been formed at Craik.

J. G. Turfitt has promised a post-office building for Weyburn.

LANDS SOLD

A sale of Indian lands at Balgonie last week resulted in prices of from \$7.50 to \$16.25 per acre. The American Land Co., and local farmers were the principal purchasers.

TYPHOID

Reports from various places in the province tell us that typhoid fever in an epidemic form prevails. Reports from the railroad camp near Broken Shell say that there are 27 violent cases. One threatening gang in the same neighborhood has seven cases and one death. It is also reported that this dread disease is epidemic at Milestone.

A GREAT NIMROD

Mayor W. M. Grant, ex-M.L.A., is deserving some recognition as a sportsman. He has killed over sixty geese and eighteen turkeys to date, and the season is just opening, he says. On Thursday morning, Mr. Grant brought in thirty-one, and loaded down a few of the travellers who were in town, chief among them being W. M. Martin, M.P., of Regina, —Rosthern Enterprise.

ORGANIZE.

A meeting of the Shi line implement dealers was held in Weyburn last week and an association formed. The object of the association is the betterment of trade generally, for protection of the members against bad accounts and a united effort to compel wholesalers to transact business with the retail dealer in a more liberal manner and give a few concessions instead of forcing the retailer to take things as he finds them.

POTATOES PAY

Mr. Rolin of Balmoral, has a record yield of potatoes for this season. Six potatoes gave a total weight of 13 pounds and one potato weighed three pounds, while the yield per acre was 480 bushels. Even at the low price of potatoes this season, 27 cents per bushel, Mr. Rolin received the handsome return of \$129 per acre. In addition to potatoes Mr. Rolin had 400 acres in crop, much of which was wheat. His wheat averaged 39 bushels per acre, but even at a dollar a bushel for wheat the potatoes were decidedly the most profitable crop.

NARROW ESCAPE.

Mrs. Frith, Jr., missed a serious accident last week by a small margin. She was at the well pumping water, when without warning, the well caved in, the surface earth falling sixty feet into the well. The well covering toppled and she slipped, but managed to catch the covering and hold on. She gradually drew herself up and out. A look into the yawning depth made her realize her serious plight. Fortunately the support which she grasped when the ground gave way was strong enough to resist the strain, or the consequences would have been serious.—Moosomin Spectator.

SLOGANS

It has recently become the fashion for cities to have slogans. Chicago started it with her "I will." Some other city—perhaps it is Pittsburgh—declares "I Can." Then there is "Forward Cleveland," not to mention "Boost for Buffalo," or "Baltimore for Business." In our opinion the town of Mott, N.D., has them beaten in respect of slogans. "Mott is the Spok. What?"—Chicago Record Herald. That's all right but how would "Yokton for Yields" do for our slogan? If you can improve on this one do so. We'll publish all the slogans our readers can invent.—Yorkton Enterprise.

FINED

The rural municipality have had considerable trouble lately over their cement tile, a large number having been wilfully broken. A short time ago. Several small boys were fined for this offence and on Tuesday Fred Lafferty and Oscar Greenwood appeared before J. R. S. North and P. Amas, J.P.s, on the same charge. The court found them guilty and assessed them each in fine and damages \$10.70, or thirty days. The fine was paid. There are also informations laid against two other persons for this offence. The municipality is determined to put a stop to this thing.—Qu'Appelle Progress.

CELEBRATED

Carlyle, Oct. 26.—The arrival in town of the C.N.R. steel engine, out of 125 men was this afternoon celebrated by the town in a most

SPECIAL NOTICE.

BETTER THAN SPANKING.
"Spanking does not cure children of bad habits. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 98, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night."

McClary's Sask-Alta

For Sale by Peart Bros. Hardware Company

50% Profit in Four Months

That is what we absolutely assure every purchaser of lots in

CHIN

The New Town in

"SUNNY SOUTHERN ALBERTA"

on the main line of the C. P. R.

The sale will start with a rush. Why? Because the folks living anywhere near the site realize the need of a live town to supply the needs of farmers who own from 160 acres upwards of the 200,000 acres for which there is no trading point nearer than 13 1/2 miles. Chin is situated right in the midst of this wonderfully rich community and has as promising a future as Sterling, Magrath, Grassy Lake, Bow Island and Taber, all of which have sprung out of the prairies within the last five years and are thriving little cities where real estate has doubled and trebled in value.

We put Warner on the map three years ago. It has made good several times over.

We have sold more than 300,000 acres of farm land in this section of Alberta within the last four years, and every buyer is now prosperous or wealthy.

Chin is not the visionary scheme of professional town site boomers. It is a legitimate enterprise backed by one of the largest land companies in the Northwest. There is urgent need of a town at the site selected. A red blooded, wide awake man might drop out of a balloon onto any lot in Chin and be sure of making money.

Chin is not to be simply a good business town. We have planned to make it a comfortable place in which to live by donating sites for a School, Church, Parsonage, City Market and we are going to put in a city well. There are openings for many lines of business.

Three Lots Free

To stimulate immediate sales we are going to give away three lots. Every purchaser of a lot, regardless of price, will stand a chance of getting a present of a lot, by receiving the nearest number of lots sold up to the time the fifty per cent increase takes place. The first purchaser to guess the exact number, or nearest to the exact number of lots sold will receive a \$500.00 lot, the second nearest in number will receive the \$300.00 and the third one the \$100.00 lot.

A Fifty Per Cent Increase Assured

Four months from the date of the first payment registered, the price of lots throughout the town of Chin will be advanced one half regardless of any condition that may exist at that time. This fact assures every purchaser a profit of at least fifty per cent as he can at once re-sell his lots for sale by our company. There is no chance to lose and absolutely 50 per cent to gain and possibly considerably more.

Your chance is as good as the next man's

Call or write our nearest office for full particulars.

The O. W. Kerr Co.

Third and Nicollet Ave., Minneapolis, Minn.

LETHBRIDGE, ALBERTA

THE O. W. KERR CO.
Lethbridge.
Gentlemen: Please send me full information regarding the new town of Chin and the opportunities for making money there. Also send plan, prices of residence and business lots and application blank.

Town.....

fitting manner, by the driving of a golden spike by Mayor Riddell; the breaking of a bottle of champagne; the playing of the town band, and the dispensing of liquid refreshments to the citizens and crew of the C.N.R. The rapid laying of the ties and steel, at the rate of over a rail length per minute, was much enjoyed by the large crowd of spectators. A diamond was put in at the C.P.R. crossing this morning, and the track laying crew is now heading for Beintart, at the rate of from two to three miles per day.

BOOZE TO INDIANS

Thomas Cooke and John Smith, two threshers from Arcola, working on a gang near Grenfell, were up before Magistrates Ball and Fitzgerald on the charge of supplying liquor to two Indians on the Crooked Lake reserve. Smith pleaded guilty and Cooke not guilty. Sergeant Dubuque conducted the case so ably for the prosecution as to prove beyond a doubt, the guilt of Cooke, and they were both fined \$50 and costs, or two months in jail. The Indians were witnesses for the prosecution, and were brought down from Indian Head where they were remanded on Friday for being drunk. Mr. Miller, of the

Crooked Lake agency, is looking after the case of the Indians for his department.

SOLD CROP

Ernest Paradis was brought in from Torget on Saturday to answer a charge issued by Judge Lamont, that he did not restrain from cutting the crop when ordered to do so, on a quarter section. He disobeyed the order, drove the people off in charge and took the grain off and sold it. Campbell and Cameron of the Moose Mountain Co. owned the land. The objection was taken under section 165 of the criminal code where it reads: "Every one is guilty of an indictable offence and liable to one year's imprisonment, who without lawful excuse, other than for the payment of money, made by any court of justice, unless some penalty is imposed or other mode of proceeding is expressly provided by law." In the light of the above, the magistrate ruled that he had no jurisdiction and it is probable the case will be taken before the supreme court.

PECULIAR ACCIDENT

A peculiar accident happened to one of our farmers a short time ago

in which he had an interesting time with a team of horses and a fire. He was working on his farm after dark with a team and wagon. In order to have light he fastened his lantern to the front end of the wagon tongue, steadying it by a strap on either side from the bottom of the lantern to the ends of the neckyoke. All went well until the handle dropped off the lantern, which then turned upside down, and in this position the coal oil came in contact with the flame. This naturally caused excitement among the horses, which reared and jumped about, and with every move they made the lantern suspended by the straps scattered more oil in every direction over the horses and under them. It was an interesting time for horses and driver and both were singed considerably.—Heward Chronicle.

The sentence of Mrs. Robinson, the unfortunate woman sentenced to be hanged at Sudbury has been commuted.

If your wife is the best woman in the world, tell her so; it will keep her young and lengthen her life.

Minard's Liniment Cures Colds, etc.
