Faculty Recital.
The concert given by members of the Faculty of the Acadia Conservatory of Music was largely attended and much enjoyed. The programme rendered was that which recently appeared in these columns.
Miss Reddy, Miss Gray, Miss Beller, soprano, who were heard here for the first time and their work was most favorably commented on and highly enjoyed. Miss McKee as usual was a favorite. Mr. McKee accompanied with his accustomed skill and support.
The enjoyment of the evening was marred by incessant whispering upon the part of a few of the audience in the south gallery. This was annoying both to the performers and to the audience in general. We hope a repetition will not occur.

IMPORTANT NOTICE
Owing to the "Ojette" by Mrs. Richmond to take place on Friday evening next, Dec. 8th, (our regular serial night) the program for next Monday, Dec. 4th, will consist of the Metro Feature "Lure of Heart's Desire" as well as the 5th episode of "The Yellow Menace" making in all a great seven-act program with possibly a "Topical Budget."
On Wednesday afternoon and evening, Dec. 6th, the Wonderful Williamson's Submarine Expedition Pictures will be presented.
The display began with many scenes of Bahamas life and landscapes on New Providence and Watling's Islands. Then followed scenes from the bottom of the ocean, with the coral formations and plant life found there, and a number of varieties of fish, which, it was said, had never been photographed before. The film showed the entire processes of the sponge fishery, which is one of the leading industries of the Bahamas. More interesting than this, however, was an excellent display of the diving skill of the negro boys, who surround divers in their skills and dive for pearls thrown from the decks.
Another feature was an illustration of the methods used in catching sharks. The submarine cinematograph caught the sharks fighting each other for food, the letting down of the ball, the struggle on the boys, and finally the killing of the man-eater as they were brought to the surface. At the climax of the show was shown a film of J. E. Williamson diving with a knife in his teeth, fighting and killing a shark under water in front of the camera, and returning safely to the outer air.
The service at the Tabernacle on Sunday evening will be conducted by Rev. Dr. Manning.

Wolfville High School.
The annual public exercises of the Wolfville High School took place in the Opera House on Thursday evening, November 23rd. After 7:30 o'clock all seats were taken, so that many persons, anxious to enjoy the exercises, were compelled to stand.
The program for the evening was commenced by a chorus of sixty school pupils who sang 'O Canada' and a new patriotic song called 'Sons of Canada.' Next came a Flag Drill by twenty-four little girls all garbed in white. As the various movements culminated in some particularly pleasing evolution and figure, the audience manifested its delight by storms of applause. This drill was prepared by Miss West assisted by Miss Gallagher.
The famous 'We'ch war hymn 'Men of Harlech' was then sung by the chorus of sixty, after which Principal Ford reviewed the High School year's work, giving interesting statistics in regard to the school. He pointed out the gratifying record that eighty five per cent of the High School students received the certificates for which they wrote.
An 'honor roll' of the names of High School students who had enlisted was read. There were fourteen; of whom two had given in their lives, two had been wounded and one was at prisoner in Germany.
After commenting on the value of winning a certificate because it is a species of conquering, Principal Ford presented the certificates to the successful students, to whom he happily applied the epithet, 'Young Conquerors.'
After the presentation, Miss Margaret Murray very pleasingly rendered a vocal solo.
THE PRIZE LIST.

SPECIAL.—\$2.50 awarded Merle Mason, for high standing in English. Donor, Principal of Port Maitland school, Yarmouth Co., N. S.
Next came a chorus, 'The Heavy', after which an interesting, thoughtful and instructive address on 'The High School training in relation to College work and the relation of both to an individual's life work' was given by Professor Hannay.
Mayor Fitch, in a brief speech, commended the work of our school and expressed lively appreciation of the program which had been presented.
Rev. R. F. Dixon when asked to speak, neatly responded by congratulating Principal Ford on so successful a year and moving a vote of thanks for the evening's entertainment. Dr. Tufts seconded the motion and referred to the high character of Principal Ford's work when a student at Acadia University, and said that the thorough and excellent work for which Wolfville High School was noted, was only the natural consequence of the unflinching toil of a painstaking, conscientious teacher whose ideal for himself and his pupils was, 'Nothing but the best.'
The evening closed with the inspiring strains of Verdi's 'Battaglia Hymn' from 'Aida', 'God Save the King' and 'God Save our Men', sung by the chorus of sixty voices.
Pupils' Recital.
A most interesting programme will be presented this evening by the pupils of Acadia Conservatory in the department of piano, voice, elocution. There will be solos, duets and chorus numbers. The admission is free to all patrons and friends interested in the work of the Conservatory.
Those in charge of the Scout work in Wolfville wish to thank the people who contributed to make the entertainment of Monday evening the success that it proved to be. Particular mention should be made of Miss Stairs, who played the accompaniment, and the audience who not only helped by purchasing tickets, but by the interest and appreciation shown throughout, made the work of carrying out the program a pleasure. About 500 tickets were sold and the proceeds there, together with a welcome donation of \$10.00 towards expenses from a friend of the Scouts, will net, after all expenses are paid, over \$100.00. Having these funds in hand it will be possible to carry out a program of recreation and education that should be of benefit to the movement.
