Ladies' Cash Store

Our SALE of WHITE WEAR will be continued during February. New Goods received this week. From this date we have decided to run our business on Strictly Cash lines, and ask that you have bills at this store, call and settle as soon as possible, as we want to close our books.

Mrs. S. Cleod.

**You'll Enjoy Pastry
Made From
"Royal Gold" Flour**

It's always so beautifully light, so tender, so delicately flavored. One piece of a "Royal Gold" pie never suffices—another always follows. "Royal Gold"—the "highest quality" blend of Ontario and Manitoba wheat—always makes the best flavored, most nutritious, nicest-looking pies, cakes and bread.

"Royal Gold" is rigidly tested before leaving the mills—one of the tests being the baking of each batch of flour into bread and pastry in an oven installed in our new mills especially for this purpose. "Royal Gold" is proven O.K. before you buy it. You are thus assured satisfactory results.

Just order a bag or barrel of "Royal Gold" Flour from your grocer and see for yourself how SUPERIOR it is.

STATISTICS IN MEDICINE.

OLD REMEDIES RETAIN THEIR POPULARITY.

Investigations of French Physicians Show That Large Production of Synthetic Medicines is Not Crowding Out the Old Favorites.

A late despatch from Paris says—Prof. Grumbert presented a notable paper before the Academy of Medicine on the apertic tendencies in the last ten years. Basing his figures on medicines furnished to 219 large asylums and hospitals by the State Pharmacy, he finds that the old-fashioned remedies retain their popularity.

An expert authority on being interviewed states that the tendencies of the medical profession in Canada are along exactly the same lines. He gives the old-fashioned vegetable mixture as the safest and best treatment for all stomach and liver troubles, constipation, disorder of the kidneys and bladder, and states that many of the leading physicians use these ingredients in some form, often by some fancy and expensive name. Fluid Extract Cascara 1-2 oz., Syrup Rhubarb 1 oz., Carina Compound 1 oz., Compound Syrup Sarsaparilla 5 oz.

Take one teaspoonful after each meal and at bedtime. This acts in a pleasant way, and is free from the bad effects of strong purgatives and synthetics. We advise all our readers to use this valuable formula out and use it. Any druggist can supply these ingredients at a small expense. You can mix them at home if you prefer.

SHOT AT DOG

A young man at Jacques River in a shot at a dog on the road. A young man walking along the road thought that the shot was fired at him and the young man arrested. Explanations followed and he was allowed to go.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babies. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

BOSTON INVENTOR MAKES ELECTRICITY FROM SUN'S RAYS

A Boston despatch to the New York Herald says: That he has successfully solved the problem of storing up the sun's rays and converting them into electrical energy is the claim made by a Boston inventor.

He is George S. Cove, and he demonstrates the success of his invention by lighting his workshop at No. 486 Somerset street, Somerville, with electricity generated from a simple apparatus on the roof.

Cove's invention will be known as the solar electric generator and he says it can be built at a cost of \$100 each. It consists of a frame work to be placed in an opening where it will receive the direct rays of the sun. Short plugs of a metal composition are set into this frame. There are 876 plugs. Fitted around these plugs is a body of heat absorbing material. The difference of the temperature of the two ends of the metal plugs, one being in the sun, the other in the earth with a circulation of air around it generates the current of electricity. If the sun goes under a cloud an automatic effect breaks the circuit between the generator and the batteries. The device is thus entirely automatic. When the sun sets at night it automatically shuts off the storage batteries and begins again in the morning. This machine generates the energy of a five-horsepower engine, enough electricity to light five lights of twenty candle power each, to last three or four days of continuous lighting.

CHARLO

Rev. Father Campbell is visiting his many friends in Boston where he spent his childhood for many years. A diaper was gotten up by his many former college companions, among them priests and professional men. He was presented with an address and gold watch and chain by them, in memory of former happy days, when Father Campbell was professor—Boston Post, Father Campbell leaves for New York for a few days.

The London women who are going to prison in their efforts to secure the franchise may promote an unexpected movement for prison reform. The inherited stupidity with which incarcerated criminals are treated tends to make it impossible for them ever again to become useful citizens.

ADMIRALTY WILL FAVOR BRITISH TENDERS FOR NAVAL SUPPLIES

MONTREAL, N.B., March 9.—The House of Commons will favor the British tender for the supply of naval supplies for the Ottawa port and the British tender for the supply of naval supplies for the Ottawa port and the British tender for the supply of naval supplies for the Ottawa port.

DISTINGUISHED INVALIDS ARE IMPROVING

LONDON, March 9.—The condition of the distinguished invalids who are recovering from their ailments is improving. The condition of the distinguished invalids who are recovering from their ailments is improving.

THE MONTREAL CARNIVAL

An extraordinary feature in connection with the Winter Carnival and Ice Palace at Montreal, Feb. 10 to 20, has been the sale of the "Official Souvenir," issued by the "Canadian Pictorial." The first edition was exhausted in half a day and the second day saw the publishing offices besieged by a howling mob of men and boys, clamoring for Souvenir Numbers to sell. The capacity of the presses has been doubled and the staff is working day and night to supply the demand, which has already gone beyond all bounds. The publishers tell us that all orders forwarded at once will be filled, of course in the order that they are received.

With nearly fifty pages aggregating some 2,000 square inches of exquisite copper-etchings, the Souvenir certainly is a beautiful of the varied joys of the Canadian Winter, and will win admiration for itself wherever it goes. It will be treasured in thousands of Canadian homes, and sent by the thousands to friends abroad. The price is only fifteen cents. The "Pictorial" Publishing Company, 112 St. Peter street, Montreal.

PRINCE RUPERT—BRITISH COLUMBIA.

In response to many enquiries from all parts of the world with regard to the new Pacific Coast terminals of the Grand Trunk Pacific Railway, Prince Rupert, a comprehensive and interesting pamphlet, has been issued giving information respecting this great sea port of the Pacific. The pamphlet, acquired by the Railway Company for this new city is about 20,000 copies for the purpose of the townsite and the development of the port. The first subdivision of the townsite will cover an area of about 2,000 acres, and will be open to the public and sold on or about May 14, 1909.

The publication contains a general plan of the new townsite, and a large interesting map of the North Pacific showing Prince Rupert Harbor and vicinity. Copies of this publication may be had for the asking by applying to J. Quinlan, Bonaventure Hotel, Montreal, P. Q.

A GOOD HOME RECIPE.

Mix This Simple, Helpful Recipe at Home and try it, anyway.

Get from any prescription pharmacist the following: Fluid Extract Dandelion, one-half ounce; Compound Kagon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime. The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the ure acid and other waste matter from the blood which causes Rheumatism. Many persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation it is said, was established by it. A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommending it as harmless.
