very general promises of support that have been given to me. Mr. McLeod is also in the field with me, and we have canvassed together a great part of Lots 20 and 21. Our prespects are good. We shall receive support this year from some who last year, voted against us—on the ground of our having been badly used; we have had no trial, and that we and the whole of the country are put to uneccessry trouble and expense, for the benefit of a few who are striving to become effice-holders and dictators. Mr. McLeod and myself would like to pay our personal respects to each of you but we find that will be impossible, in consequence of the indecent and unconstitutional haste with which the Election has been forced on,—we shall see as many as we can, and shall hold public meetings in several parts of the District, in the hopes of meeting many more.

I find that the self-styled liberals are industriously circulating a namber of falso reports among you in reference to myself, hoping thereby to prevent you from voting for me; but I feel assured my character is well known to most of you; and that you will be slow to believe that I, who am living almost entirely by my dealings with the tenantry, would do or advocate any measure that would increase your burdens; on the contrary, I am striving to give you far greater accommodation when you come to Town to dispose of your produce, free of any charge.

Gentlemen; You are called upon to exercise your right of Franchies at a very important crisis. The question is, whether you are to enjoy the right of self-government is reality, or to submit to a conceal-ed despotism, and an uncontrolable tyranny, under what is termed Departmental Government.

GENTLEMEN;

HAVING been solicited by a large number of voters in this District, to offer myself as one of your Representatives in the House of Assembly, I have been induced to waive the objections I have hitherto entertained on this subject.

You will, doubtless, expect me to state the views I entertain of political affairs, and the course I shall pursue, if I am returned.

Gentlemen.—I regard the TEMPERANCE CAUSE as the most important feature in the future political regeneration, commercial prosperity, and social Lappiness of this Colony. And if a firm determination to watch over and advance to the stumest of my ability, your local interests, as well as the general prosperity of all classes throughout the Island will meet with your approval, I can only say, my best efforts are at your disposal.

I remain, Gentlemen,
Your obedient Servant,
WILLIAM GAMBEE STRONG.

Bedeque, June 2d, 1854. All papers.

GENTLEMEN;

AVING had the honor to represent you in the first House of Assembly under Responsible Government, in this Island, and not being aware that any part of my political conduct had merited your disapprobation, Lagain offer myself as a Candidate for your suffrages. My political principles are unchanged; and, should you again honor me with your confidence, you shall always find me the same unfinching, uncompromising character that I trust you that know me, have ever found me to be, ensilured by the smiles of those above me, and equally undismayed by their frowns.

I have the honor to be,

Gentlemen,

Your most obedient Servant,
