THE REVIVAL OF IRISH MANUFACTURES

The revival, to which the de spatches bear witness, of interest in the promotion of manufactures in Ireland is a sign of th times which they contemplate with satisfaction. A general movement in England and reland in favor of fair trade, and the encouragement of home industries would do much to unitin a common effort for general tween whom a gulf has been open for centuries. No matter how lavorable the position o Ir land may have been since the Union was accomplished, and trade established on something like even terms, Ireland began dent occurred recently at the unsurpassed at harassing a regu-
