THIS IS THE CARRIAGE YOU WILL WANT!

The new Heyward-Wakefield Sleeper, is shown above in the picture, equipped with all the latest features, having a reversible gear, so that you can push it from either end.

Notice the graceful, roomy, reed body, the hood with back wind shield, the long flexible spring, and rubber tired wheels. Making a carriage that is not only perfect in design, but exceptionally strong and durable.

Come in and look over the different styles we are showing, and see for yourself, that the Heyward-Wakefield carriage is all that we claim it to be.

The Communist Government in Budapest was still in office Saturday and on that day Bela Kun in a statement to correspondents of the Associated Press said that the proposition had been made to Gen. J. C. Smuts, chief allied representative in Budapest that representatives of various states of the old Austrian Empire and Rumania hold a conference to discuss the boundary and economy questions.

Recent reports from Budapest have indicated that the Communist Government was not meeting with very strong opposition at least in the Hungarian capital in carrying out its measures.

AT THE GRAND
FLO FLO COMING

A beautiful corset model whose intentions are vampirish, but whose heart compels her to give up the Oshkosh hero she has ensnared to the girl he loves, lends her name to "Flo Flo" that rhythmic, sparkling musical comedy which John Cort will present at the Grand Opera House Theatre on Saturday matinee and evening, April 12th.

"Flo Flo was one of the only two attractions that remained all last season in New York and is claimed to be the most expensively gowned production in America.

"SEVENTEEN" COMES TO THE GRAND.

Samuel Wallack's production of "Seventeen," the four act comedy made from Booth Tarkington's Willie Baxter's stories comes direct from an eight months' run at the Booth Theatre, New York, to the Grand Opera House for an engagement of one evening performance, April 16th. Like the book, the play is full of good-humored jesting at the expense of youthful human-nature's growing pains, and there is an irresistible sympathy inspired for the hurried and misunderstood hero, aged 17, William Sylvanus Baxter, Jr. And the villain of the piece is little sister, Jane, aged 10—a short-skirted, beseeched young person, with a wild affection for her bread and butter and apple sauce and sugar and an even stronger love for "telling on" Willie.

Unusual interest is being taken in the advent of Gus Hill's Big Minstrels, an aggregation of burnt-cork artists who will help to disseminate gaiety, mirth, melody and song at the Grand Opera House Theatre, Thursday, April 10, with the usual matinees.

LEAVING FOR PARIS
Navy League Prepares Farewell to P. Wright

Toronto, April 8.—A big mass meeting will be held under the auspices of the Navy League in Massy Mall on the 14th. The meeting will be for the purpose of giving a farewell to Peter Wright, who has just received instructions from England to proceed immediately to Paris, as the representative of the British Seamen's Association to look after war indemnities at the Peace Conference. Mr. Wright will leave this week as it is necessary for him to be in Paris on the 24th of this month.

EMPRESS'S WAR RECORD

(1) Captain Geo. S. Webster, R.N.R., of the "Empress of Britain."
(2) Arthur E. Philp, Chief Engineer of the "Empress of Britain."
(3) Six inch gun crew standing by the gun on the "Empress of Britain," at right Chief Officer F. H. Moore, who gave the gunners the range.

THE "Empress of Britain," which sailed from New York on Sunday afternoon with 150 officials of the British War Mission, Y.M.C.A. and Knights of Columbus workers, has already covered 173,130 miles since the outbreak of hostilities, when she was taken over by the British Government and has transported 110,000 troops overseas. She took thousands of Australians and Brits to Gallipoli, and was one of the transports assigned to take them away. The Suez Canal being closed, she made a 16 months trip around the Cape of Good Hope with troops for German East Africa and also for Mesopotamia. She made eight trips with Canadian troops and for the first seven months of the war, patrolled the South Atlantic as an admiralty cruiser.

It was during one of the trips across the Atlantic with 5,700 troops

board, that a German submarine launched two torpedoes, one of which, due to a lucky zig-zag, missed the bow by three feet, and the other passed a dozen feet astern. At least a dozen attacks were made upon the "Empress of Britain" during the war, by U-boats.

Captain George S. Webster, R.N.R., who is the present commander of the "Empress of Britain," has made 37 trips across the Atlantic since the outbreak of the war. When the "Empress of Britain" reached New York last Tuesday, she had aboard 2,450 U. S. troops, including 400 sick and wounded heroes, and she is returning to Liverpool for more. When this work of repatriating U. S. troops is finished, she will return to her home port, St. John, New Brunswick.

During the war, the C. P. O. S. ships have transported over a million troops and passengers on war bus-

FIVE VACANCIES IN THE COMMONS

Doubtful if Elections Will be Held Until Troops are Demobilized

Ottawa, April 8.—With the death of Capt. Joseph Read, member for Queen's P. E. I., there are now five vacancies in the House of Commons. The other seats which are open are Glengary, North Ontario, Quebec East and Assiniboia. Sir Thomas White was asked in the Commons when the bye-elections would be held, but gave no definite reply. It is doubtful if the elections will be held until the troops are demobilized, as at present there is no way of voting the overseas soldiers.

MERRITTON

The Merritton members of the Independent Labor Party held a very successful meeting in the Watson House last night, and completed the final arrangements for their old country dance which they contemplate holding in the town hall on April 23. Delegates to attend the convention at Toronto were appointed as follows: William Benson, Arthur Watson and Daniel Teasdale were elected alternate.

A meeting of the residents of Merritton was held in the town hall last night, and was largely attended. The object of the meeting was for the people to give their opinion as to what should be erected as a memorial for the fallen soldiers. The meeting was presided over by Mayor Thomas Hastings, who gave a neat speech expressing his views and thought the best thing to erect would be a memorial hall which could be built less than fifteen of twenty thousand dollars, and at the present time the finances are not high enough to undertake anything else but a monument. Mr. A. T. Smith was elected Secretary to take note of the meeting, and after a few discussions took place the following committees were appointed:

Finance Committee: A. A. Forrest, W. A. Richardson, Rev. H. L. A. Almon, Milo G. Phelps, and Alexander Hamilton.

Soliciting Committee: A. T. Smith, J. W. Riggs, Fred W. Rapsey, W. Partington, Ethel Gillis, Mrs. James Richardson, Mrs. J. H. G. Horey, Mrs. Buchanan.

Publicity Committee: Richard Clark, J. H. G. Horey, Rev. R. E. Railton, George T. Stronk, Fred Whitlock.

Refreshment Committee: Wallace Hamilton, Frank Bassett, Thomas Wheeler, Jos. Hitts, Henry Rapsey, Richard O. Leeson, William Teasdale, John Riches, and the assistance of all the ladies.

Games Committee: James Clark, J. Wynn, Alexander Watson and the fire company.

Grounds Committee: Samuel A. Moffatt, W. R. Savigny, J. Rennie, W. E. Nesbitt, Ted Miller, Robert Orr, W. A. Logan.

Parade Committee: Leroy Thompson, Daniel Leo, John McNally, W. A. Richardson, John Fawell.

Musical Committee: Henry Pilling and band.

Executive Committee: A. A. Forrest, A. T. Smith, Richard Clark, Wallace Hamilton, James Clark, S. Moffatt, Leroy Thompson, Henry Pilling, Mayor Hastings, Henry Bradley.

American Travellers Want Private Ownership

The Traffic Club of New York, with a membership of eleven hundred, of which the majority consists of users of the transportation systems of the country, has adopted the following resolution:

That Government ownership, management or operation of railroads be not conducive to economic efficiency, and that private initiative, enterprise and responsibility in the creation, extension, improvement and operation of the American railroads should as a matter of national policy be fostered and preserved.

That the extension of the present system of Federal control for a period of five years, or any extension beyond the limitation now prescribed by law of one year and nine months after the proclamation of peace, is currently opposed as prejudicial to the public interest.

That the recognized impracticability of continuing the Government operation of the railroads for twenty-one months after peace under the present law is a conclusive reason why the properties should be relinquished, and that in view of the termination of hostilities, it should be the policy of the Railroad Administration to restore the integrity of individual properties and prepare for their return to the respective owners.

That the principle of reasonable, responsible and adequate Governmental regulation of transportation facilities is recognized and accepted, but that such regulation should provide for the encouragement, protection and development of the railroads.

That the Congress should promptly enact such revised legislation as will provide a uniform system of regulation in essential matters, safeguard the public interest, ensure adequate revenue to provide for equitable treatment of all questions affecting wages and working conditions of employees and attract sufficient capital to maintain and develop transportation facilities which shall meet the necessities of the commercial manufacturing and agricultural interests of the country.

That energetic efforts should be exerted to accomplish the early return of the transportation systems of the country to the control and management of their owners, and the enactment of suitable legislation for the protection of the shipping and traveling public, the carriers and their employees.
