PRICE—TWO CENTS.

May Use Force to Compel Members of Firm of Price Bros Appear Before Board

Board of Commerce Has Ruled That Number of Firms Must Appear Before It on Saturday or There Will Be Trouble.

OTTAWA, Feb. 25.—One of the members in the firm of Price Bros of Quebec will be compelled to appear before the Board of Commerce Saturday next to show cause why the firm should not obey the board's order to sell its newspaper at a fixed price of \$80 per ton at the mill to obtain consumers in Montreal.

The board has ordered that one of the Price Brothers be brought before it, by force if necessary, after the firm had announced that his members did not recognize the jurisdiction of the board and would continue to operate in the Supreme Court.

HARTLEY DEWART, K. C.

DEWART HAS PLACE OF OPPOSITION LEADER

The seating of individual members in the new Legislature has not yet been completed, although a general seating arrangement has been arrived at. The Cabinet will occupy the seats occupied by all previous Government members. On the same side of the House, filling the seats vacated by the Liberal members, will sit the Opposition when it consisted of one party only. The Liberal members will be grouped with him.

Farther down on the left side of the Speaker will be the Conservative members. Hon. G. Howard Ferguson, Acting Conservative Leader, will occupy the seat eighth or ninth down from Mr. Dewart. It is expected that the seating arrangements will be completed within the next few days. The salary attached to the Leadership of the Opposition is \$5,000.

Mr. Geoffrion stated that his members were willing to obey the law if it really was a law of Canada and the board took the attitude that the Price Bros' disregard of the order should be interpreted as a determination on their part to ignore the order to suit their convenience, where it was law or not.

Upon the statement of Government counsel that the notice of today's hearing as served upon Price Bros. had not specified the appearance of one of the partners in the firm, the board decided to adjourn Saturday to permit of such appearance, and Mr. Geoffrion was informed that one of the Price Brothers would have to appear, whether he was willing or not.

Getting at the Profits.

Government counsel, Colonel Biggs, supported the contention that the price clause in the board's order should be made permanent by setting figures to prove that during the months in 1918 Price Brothers made a profit of \$34.11 per ton on newspaper sold at \$80 per ton. The cost of production, it was then con-

Engineer Who Ran First Train To Niagara Falls is Dead

John Hall, a resident of Hamilton for 67 years, and for many years in the service of the old Great Western Railway, and later of the Grand Trunk Railway, passed away in Hamilton, Friday in his 89th year. He participated in the operation of the first passenger train from Niagara Falls to Hamilton on the Great Western in November, 1853, and

held an uninterrupted official position with that company until its absorption with the G. T. R. with which company he remained until he was superannuated, after a half a century's service. Deceased was a native of Newcastle, England, and was a fireman at 16 years of age on an engine of the type pronounced by the inventor, George Stephenson.

Ban at the Bridge is Not Lifted, But the Restrictions Are Eased

Though the ban has not been lifted at Niagara Falls, there is certainly a considerable lessening of the obligations. Many people now report being allowed to cross into the United States without showing vaccination certificates.

The smallpox epidemic has died down almost completely, and the U. S. authorities do not see the need for the further keeping of unvaccinated Canadians out of their country.

What Canadians hope to see soon now, is the lifting of the ban on Canadian money across the line.

Negotiations With N. S. & T. R. Men Likely to Result Satisfactorily

Negotiations towards a settlement of the dispute between the men of the N. S. & T. Railway and the National Railway Board on the question of wages, are going on and it is understood that satisfactory progress is being made.

A conference was held yesterday between a committee of the men and Supt. E. W. Oliver and Mr. Oliver stated that suggestions made by him had been accepted by the men for consideration and while he did not wish to make any statement he felt that everything is going satisfactorily.

Mr. Flynn to SPEAK HERE ON SUNDAY

A public meeting to hear Mr. H. J. Flynn, president of the United Veterans League, speak of the gratuity question will be held at Griffiths' Theatre next Sunday afternoon at 2.30. The chair will be taken by Mr. Frank Greenlaw, M.P.P.

Mr. Flynn will deal with the matters for which he has been conducting an active campaign for some time and a large public gathering is expected.

Unsightly Warts Removed.

The operation is simple and painless—just apply Putnam's Wart and Corn Extractor. For fifty years it has been curing warts and will cure you too. Try Putnam's Extractor, 25¢ at all dealers.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, yawning, mucous discharge, dryness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, yawning, mucous discharge, dryness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

General Sir Arthur Currie is ill at Ottawa with influenza.

FINE NEW UNION BANK BUILDING

The splendid new St. Catharines branch building of the Union Bank of Canada, at 72 St. Paul Street, will be formally opened for business by the manager, Mr. R. H. Killaly, on Monday, March 1st. The date of opening of the new home for the Union Bank of Canada is singularly appropriate, as it marks the second anniversary of the present manager, Mr. Killaly's appointment to the St. Catharines branch. Mr. Killaly came to St. Catharines direct from Montreal, where he had been manager of the Union Bank of Canada's St. Catharines Street West branch, March 1st, 1918.

The new building which is about to be opened has been in contemplation for some few years; in fact, before the war. Its actual erection, however, was delayed by the outbreak of war and the consequent cessation of all new building operations.

The new Union Bank Building is designed in the Italian renaissance style, and is built of Indiana limestone. The architectural treatment is extremely simple, with a plain ground story; plaster treatment on the first story supporting a cornice. Over the first story windows are panels containing decorative swags. The Pilaster caps are interesting and original in treatment.

There are two entrances to the building from St. Paul Street. One of these leads into the banking room proper and the other leads to the four offices on the first floor. The banking room is 48 feet by 26 feet 6 inches. Mr. Killaly's private office as manager is so placed at the front as to give a control of the entire banking room and at the same time convenient access to the working and public spaces.

A large vault, 9 feet by 8 feet, has been installed. This is of the most modern fire-proof construction. The banking room itself is most attractive—counters, furniture and trim being done in quarter-cut oak, with finishing of old English weathered oak. The banking room is well lighted by two windows on St. Paul Street and by large windows at the rear. The walls and ceiling are covered with decorator's canvass. The walls are painted a soft grey green, and the ceiling is a warm white. The general lighting effect is obtained by the semi-indirect system from great glass bowls in early Grecian character. Portable desk lamps and side bracket lights are of course provided for the staff.

The four commodious offices on the first floor are well lighted, two large windows being in each room. They are decorated in soft grey-green and champagne shades, with French-grey woodwork.

Hot water heating with ample radiation promises to keep the entire bank building—the banking room and the offices above stairs—always at an even temperature of 70 degrees. Special attention has been given to the heating problem, and the banking room

and offices will be comfortable even on the coldest days of winter.

The St. Catharines branch of the Union Bank of Canada was established in 1910, when there were 204 branches of the Union Bank in Canada, as compared with a chain of branches across Canada, at the present time numbering 395 and wide international connections. The first manager was Mr. W. J. Dawson, a native son, presently occupying the important position as First Agent of the Union Bank of Canada in New York City. Mr. Dawson was succeeded in June, 1913, by Mr. R. F. King, who remained in St. Catharines until January 1914 when Mr. C. Balfour was appointed manager. When Mr. Balfour was appointed Inspector of Branch Returns, to be resident in Toronto, Mr. Killaly was given the St. Catharines branch, and in the two years that he had made this city his home he has become deservedly popular with the Bank's customers and with the general public.

HENRY ROGERS, AN OLD CITIZEN OF MERRITTON VICTIM OF INFLUENZA

Deep sorrow was expressed in Merritton on Tuesday afternoon when it was learned that Henry St. George Rogers had passed away at the family residence, Oak Street. He was attacked about a week ago with influenza, and although the best of medical aid was in attendance and all that kind hands could offer, he succumbed.

Deceased who was the son of the late Henry and Mrs. Rogers, was born in Chippawa, Ontario, and with the family moved to Merritton about forty years ago, where he had resided ever since. He was employed in the Riordan Paper Mills. He was a member of St. James Church, also of the Ancient Order of United Workmen.

He is survived by three sisters, Mrs. O. A. Porritt, of Montreal, Mrs. J. E. Shingler, of New Haven, Conn.; and Miss Rogers at home, who are receiving the heartfelt sympathy of their many friends in their hour of trouble.

In the death of Mr. Rogers, Merritton has lost one of its most highly respected citizens, a man possessed of a kindly disposition, highly esteemed by all. The remains will be taken to Chippawa for burial.

CARPENTIER COMING

MONTREAL, Feb. 25.—George Kennedy, prominent sporting promoter of this city, announced yesterday morning that his partner, Jack Curley, had signed a sixty day contract with Georges Carpentier, the famous French fighter, to give exhibition bouts in Canada. Carpentier will appear both in Montreal and Toronto and possibly in Ottawa and some of the western cities.

Swayze Whip Of Labor Wing

ANNOUNCEMENT MADE OF MR. KARL HOMUTH'S APPOINTMENT WAS PREMATURE.

The announcement made some days ago that Karl K. Homuth, M.P.P. for South Waterloo, would be Labor Whip in the Legislature was premature. The Labor members met in caucus yesterday and appointed Chas. Swayze, M.P.P., for Niagara Falls, as Whip. It was also decided that W. A. Crockett, M.P.P. for South West-worth, would second the Speech from the Throne on behalf of the Labor group. John B. Johnston, M.P.P. for East Simcoe, who was elected upon a combined U. F. O.-Labor ticket, attended the Labor caucus. It was his first meeting with them.

Discuss Labor Legislation

The caucus again discussed the Labor program for the coming session. They will ask for the abolition of the property qualifications for candidates for municipal offices and also for a Commission to investigate the feasibility of the eight hour day legislation. This latter will not come up this session, but the report of the Commission would be the foundation for future legislation.

Labor members would go further on the "mothers' pensions" than the report recently submitted to the Government. They will recommend that married mothers with one child be also given the allowance. The caucus decided to ask that the Provincial Government bear the entire expense and relieve the municipalities of the share suggested in the report to the Government.

Compensation Act Changes

Amendments to the Workmen's Compensation Act will also be requested. These will include an increase of the general compensation above the present 55 per cent. They also want the pensions paid to the widows of killed workmen made equal. Widows whose husbands were killed prior to April 1 last get \$20 a month, while those whose husbands were killed after that get \$30 a month by the act as amended last session. The Labor members want all paid \$30. They would also increase the allowance to children.

NO QUORUM

A sufficient number of people to hold a meeting failed to turn up at the Ratepayers meeting at the Collegiate last night and so the meeting was called off. Mayor Lovelace, Ald. Huffer, P. B. Yates and Percy Wilson were amongst the dozen or so present.

While the racing dates have been announced for the Fort Erie race track, it cannot be definitely said that they are conclusive, owing to the fact that the report of Dr. Ruth-erford, the special government investigator, who investigated conditions at the Fort Erie and other race tracks, has not yet been returned. While the two meets, the one between June 29 and July 6th, and the other between August 5th and August 12th, will probably be held, betting conditions may be greatly changed.

OUCH! LUMBAGO! RUB IT ON BACK

Rub away all pain, soreness, stiffness, backache, with "St. Jacobs Liniment."

Ah! Pain is gone!

Quickly?—Yes! Almost instant relief from soreness, stiffness, lame-ness and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the ache, and like magic, relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago and sciatica relief, which never disappears, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

NOT LIKELY TO BE ANY LABOR TROUBLES IN CITY THIS SPRING, SAY BUILDERS

There is not likely to be any strike troubles in the city this spring, at least among the building trades, as the contractors have agreed to the terms demanded.

The carpenters have asked for a raise and hour but it is understood they will take the 85 cents an hour

which the contractors are willing to pay.

In other lines of trade there will be advances which it is understood the employers have agreed upon and taking the situation as a whole according to one of the contractors everything appears to be quite satisfactory.
