riptions, Biscuits,

each of butter and chopped raisins, three eggs, three tablespoons of sour milk, half teaspoon sods. half cup blackberry jam. This is excellent as well as econo-

Whoever uses the following preparation for cleansing silver will never ask for another; two ounces of ammonia, two of prepared chalk, and eight ounces agree work use a silver-brush.

pinch of soda, one teacup of milk and flour enough to make quite a thick batter, and a little salt. Beat the ergs, you have a cheap and economical break-fast dish.

Pure glycerine has an active affinity for water, and if applied to the hands absorbs the moisture of the skin, increasing instead of allaying irritation. By washing and only partially drying

tinguished statistician says, that of one thousand unmarried men there were thirty-eight criminals. What a suggestion of home influences! Let the most be made of them. Housekeepers, by be made of them. Housekeepers, by the food they provide, by the couches they spread, by the books they introduce, by the influences they bring around their home, are deciding the physical, in-

turn over the soaked gelatine. Stir until perfectly dissolved, then strain and set the dish in ice water to cool. When it is cold and beginning to thicken, beat the whites of three eggs to a stiff froth, and stir into the thickening gelatine. Beat thoroughly with an egg whip or beater till the whole is of a solid foam, stiff enough to retain its shape. Fifteen minutes of good beating ought to make it so. Turn into molds previously wet with cold water, or pile roughly in large on the didn't get up, milk six cows and drive the horse, hitch him to wagon and go off and git married, all before breakfast. That's a kind of a place this is. Fact of the matter is it's too healthy. Nobody's ever died here can't get 'em to. Most of the old folks when they find they're getting to be burden. say good by to and go off to Rochester, or Lockport or Tonawanda where they usually die inside of a week. Of course there are some old curmudgeons who are determined they won't with cold water, or pile roughly in large spoonfuls in a glass dish. Set away into the refrigerater until needed. Serve with a little whipped cream sauce piled of course there are some old curmud-white tarletan enough larger than the geons who are determined they won't die, and these we have to take away by force. Oh, it's awfully healthy." lightly around it.

Pouring hot water over china tends to fails most suddenly. In washing dishes, ing on the modes of marriage in and a careful person fills the dish pan with near Sheffield. He states that people through them and they have the effect a careful person fills the dish-pan with water first, drains every cup into a slopbowl, scrapes every plate and dish info one dish, to be emptied afterward into the garbage pail; then, commencing with the least greasy, rubs some soap on her mop or dish-cloth, and dipping a glass, cup or plate into the water, rubs it lightly and leaves it to rinse while she rubs a few others with the same cloth. One coat of soap on a cloth will thus go rapidly over several pieces; these may then be taken out, drained and more washed, not having a pile in the dishpan at once. China or glass cleaned with soap suds without being rinsed, never looks as clear and sparkling as when rinsed; and dishes that are washed in a solution of tea, coffee, crumbs and grease, neither look nor feel smooth to the touch.

In go on the modes of marriage in and near Sheffield. He states that people the takes that people are there marriade in batches: that the people are there married in batches that the the people are there married in batches. That the complete through them and there are married in batches that the the people are there married in batches. The vicar she with a flatiron. The light shines through the people are there married in batches that the "briddegroom almost invariably got the origing too small," and had at times to discarded carpet of large size. Out of a discarded carpet of being painted.

Out of a discarded carpet of large size of being painted.

Out of a discarded carpet of large size of being painted.

Out of a discarded carpet of the centre of the reom; he got to make a square or rug for the wough that the ring is one difficulty through its presence or its absence. The vicar adds, however, this rather good story — "Then, again, when they good story — "Then, again, when they good story — will in a flative of the reom; he got to make a square or rug for the centre of the reom; he got to make a s

A Strange History.

There is now in Woodstock gaol on a charge of vagrancy an old woman, who early in the century was born with brighter prospects than most of those of molasses, cup sugar, cup sour milk, not quite cup lard and butter mixed, teaspoon for her a bright, if not a brilliant future. soda, two eggs, flour to make as thick as She is, we are credibly informed, a relative of the great Dr Guthrie, and was as a young lady on terms of more than ir responsible positions without conclustive evidence of their respectability. With a generation has been one of the greatest of living statesmen, and whose name is and so gentle that we are scarcely con daily on the lips of the world. Letters sious that they were formed, have a harpint milk, one pint flour, a pinch of salt.

Beat egg light, add part of the milk, all

from him to her were, we are assured, in only difference between life's poetry and existence a few years ago, in which he existence a few years ago, in which he expressed the feelings of ardent youth at the shrine of beauty. What a strange world it is in which two lives once so whether he is inclined to be hasty or twenty minutes in buttered tins. Eat expressed the feelings of ardent youth at world it is in which two lives once so recombined a solution of the silver with the solution, which is easily washed out with hot water when the silver is needed one; while misfortune and at last poverty dogged the footsteps of the other. The he is deficient, seeking opportunity for To Stone Raisins Easily, -Pour boil- lady in question, after a career of vicising water over them, letting them stand a moment to soften, then pour it off. The stone may then be easily pinched out at poverty. Since that she has eked out go far towards establishing and strengthan existance by the help of charity. She Poor Man's Fruit Cake -One and a is now in gaol as a vagrant, there being half cups brown sugar, two of flour, one no poor house to which to send her. Her life is a strange story, in which there are many secmons. - Sentinel-Review.

The Greek nose is the most ideally hu-The Greek nose is the most ideally human of all features; all other noses are a when a three quart granite kettle or evcompromise with animalism. There is a substantial agreement among close obof rain water; apply with a soft flannel and rub with chamois skin. For the fillindex of character. Thus, Lavater, Red-Bread, in Persia, sells for one cent a sheet, which is about as thick as sole leather, and as large as an apron. It is large, hooked noses indicate a love of baked on the floor of the oven in a few minutes, and is then spread out to cool. It is sweet and wholesome, and with fruit and vegetables forms the chief article of food for a great part of the property of th field, Alexander, Walker, Gratiolet, and tables with, a boiler for oatmeal, a carfruit and vegetables forms the chief article of food for a great part of the people.

HAM OMELET.—A good omelet is made of armall pieces of hem and one egg. of small pieces of ham and one egg, a traits of Casar or Napoleon will reveal girl will not do without the convenien in every line the vast ambitions of these colossal characters. The depression of the convenient utensils and then dispense then add the milk, flour and soda, pour the bridge of the nose and the forward with the help if possible. As nuskilled opening of the nostrils are allied with as the girls for housework are new, they animal features, usually accompanying often largely increase the nervous wear of house-keeping. A good carpet sweeper is a great help, but be sure it is a good

Women in Sleeping Cars.

By washing and only partially drying the hands before putting on the glycerine the difficulty is avoided. Or the glycerine may be diluted with one fourth its bulk of water.

The detection of alum in bread is accomplished as follows: A piece of gelatine (free from alum) is immersed in a cool infusion of the suspected bread for twenty-four hours. The gelatine, upon being washed off with distilled water to which has been added a little of a temper cent. solution of logwood tincture and ammonium carbonate, should not show a blue coloration if the bread is free from alum.

It is amusing to watch some women get ready for bed on a sleeping car, or it would be if we could penetrate the curtain's screen. They unbutten their shoes, unbook their dresses and unfasten petticoats and corsets. Then, armed with a big fan, they lie down outside the cover and worny through a miserable, sleepless night. In the morning they refasten their garments, "slick up" tumbled locks, and look as hot, feverish and uncomfortably and comfortably and go to bed is the best plan; at least remove corsets, shoes, stockings and stroom, but by sweeping a sitting room about the edges and corners once a week thoroughly with a broom and finishing it off with the carpet sweeper to take turtain's screen. They unbutten their shoes, unbook their dresses and unfasten petticoats and corsets. Then, armed without raising a dust, The threads from your sewing, the seed and feathers from the bird cage, and the children's litter all vanish without vyour having to stoop once to the floor.

Fledding sndestry.

Some one has said and very truly that there is no end to work. Rothschild Free from alum.

PINEAPPLE ICE CREAM.—One pound of pineapple grated fine, yolks of eight eggs one point of cream, a little salt. Boil the milk and cream, that the pineapple may not turn it into acid, then add the yolks, well beaten with the sugar, and grated pineapple, stir all together over the fire until it begins to thicken. When beginning to set in the freezer add a pint of whipped cream; this is a great improvement, but may be omitted.

How great are the response to the decision of the car to the dressing room, stockings and dress. Some one has said and very truly that there is no end to work. Rothschild was once asked what was the best way of begging and he answered, "selling matches." The fact is a great many not turn it into acid, then add the yolks, but she never was known to forget her shoe. Have a pretty colored wrapper made with yoked front, Watteau kack, and a ribbon belt to sleep in; then, is the morning you can slip on your shoes, take "your elephant and bundle of clothes and go the entire length of the car to the dressing room, length of the car to the dressing room, How great are the responsitilities of housekeepers! Sometimes an indigestible article of food, by its effects upon a king, has overthrown an empire. A disjunction of the dressing room, in pleasing contrast to the lady who prepared for the night by merely unitation, has overthrown an empire. A disjunction of the dressing room, in pleasing contrast to the lady who prepared for the night by merely unitation.

A Mealthy Locality.

A young man thinking of buying a lot tellectual, moral, eternal destiny of the daughter was out west a visitin' all winter, an' when she come back she wuz so FRUIT FOAM DESSERT.—Soak half a package of gelatine in half a cup of cold water until soft. When the gelatine is soft, heat to boiling; two and one half cups of red raspberry, currant, strawberry or grape juice. Sweeten to taste and turn over the soaked gelatine. Stir until purfectly dissolved then attrin and turn over the soaked gelatine. Stir until purfectly dissolved then attrin and turn over the soaked gelatine. Stir until purfectly dissolved then attrin and turn over the soaked selection.

Wedding Rings

Words of Wisdom.

Life needs for its happiness, and char-acter for its stability, a definite aim, en-ergetically and regularly persued. What-ever monotony there is in that is itself An embroidered cloth, under the team set before the mistress is pretty and saves the tablecloth. White, Turkey red and permanent blue floss is suitable for the work.

She was, as the phrase goes in England, of gentle birth. She was bright, beautiful and in each other. It gives zest to life and makes relaxation possible and pleasurable.

As the pleasure the year finds in rhyme is said to arise from it as recurrence a measured periods, from the gratified expectation that at certain intervals cer-tain effects will be repeated, so it is in life; the recurrence of the things that are the same or similar, the content in t'e fulfilment of expectations so familiar

their exercise and resolutely bringing them to the front whenever they fall into the rear, he will acquire an ever in-creasing power of self control that will ening a well-halanced and harmonious character.

The Better Half Complains.

A farmer's wife writes : One failing we women have is a willingness to worry along without proper utensils to' do our best carpets, and this is a piece of poor economy; we lack a good sharp knife cutting meat, a little one to pare vegeone before you buy it; of course, it will not dig out all the corners or perfectly sweep the room without the aid of a broom, but by sweeping a sitting room

genius that is going. What can a man expect if he is always dreaming of something else? He is bound to fail if he takes no interest in his work and be everlastingly flying to something else as soon as there is any little hitch or diffi-culty. People wonder that some people are such dead failures. They have abilities and a good many amiable and attractive qualities. What is the matter ! They are flightly and unsettled. They are everlastingly seeing lions in the way Their figuers can't ache but they think they are going to die. They believe they would be all right if they were away from where they are engaged in. In short, unstable as water, they cannot excel, and don't.

When your cane-seat chairs begin to wear out, mend the break the best you can by weaving in cords, or if very bad replace with a piece of canvas securely

butterflies if possible. Make a thin starch paste and paste the figures on the tarletan in sprays and wreaths. Turn

CAMPBELL'S

ONIC ELIXIR

This agreeable yet potent prepara-tion is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Ex-Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion, its action on the stomach being that of a gentle and harmless tonic, exciting the organs of digestion to action, and thus affording immediate and permanent relief. The carminative properties of the different mmediate and permanent relief The carminative properties of the different aromatics which the Elixir contains render it useful in Flatulent Dyspepsia. It is a valuable remedy for Atonic Dyspepsia, which is apt to occur in Dersons of a gouty character.

For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an effective and certain stimulant is required the Elixir will be found invaluable.

In Fevers of a Malarial Tene and

found invaluable.

In Fevers of a Malarial Type, and the various evil results following exposure to the cold or wet weather, it will prove a valuable restorative, as the combination of Cinchona Calisaya and Serpentaria are universally recognized as specifics for the above-named disorders.
