S. MILLEY, Water Street.

A Big Offer.

In connection with the overture of a city broker to buy out the T. A. Hall and the ground on which it is built, the offer also has reference to that piece of land west of the Hall and owned by the Society, with the property on Henry Street and land near Kimberly Row. Mr. W. J. Ellis, the President of the Society, was first approached on the matter on Thursday last and was asked if the Society would dispose of the property. Mr. Ellis asked that the proposition be put in writing, and that he would submit it to the Society, which he did yesterday at the monthly meeting. We understand that there is a person here now acting for a foreign syndicate whose idea it is to purchase the T. A. Hall, the ground west of it, extending east to the lane just west of the Daily News' building, and up to Henry Street, taking in a square on which it is projected to build an opera house. These people will, we learn, spend \$350,000 on the acquiring of the property and the erection of the structure, which will be of concrete. Though at yesterday's meeting of the T. A. Society the proposition made by the city broker was not entertained, it is believed that if it makes a definite offer for the property negotiations will be reopened.

Boys Ran Away.

Saturday afternoon two lads named Leo Kennedy and Gus Greene, of Bell Island, left the place unknown to their parents and caused them some anxiety. They were heard to say some time ago that they intended to go to Sydney, and when they did not show up at their homes Saturday night a search was made for them and it was found they left the place surreptitiously. Jno. Kennedy, father of Leo, with his two sons and his brother, Terence, left the island in a boat early yesterday morning and in coming to Portugal Cove had a hard time of it. Several times the boat was nearly swamped in the high sea running, and all were drenched by the waves. The boys, who were accompanied by the police of the disappearance of the boys and is now searching for them. Two answering to the description given of the lads were at Mr. Poole's restaurant Saturday night. Both will be arrested if discovered.

At the S. A. Citadel.

Col. Gaskin delivered an excellent address at the S. A. Citadel, New Gower Street, last night, taking his text from Exodus, "This is the finger of God." Every available space in the building was occupied and the audience sat entranced for the half hour, during which the Colonel gave his

Magical Headache Powders are working like magic, a proof of their merit. The price (ten cents) commends them to everyone who suffers from headache. They can only be obtained at W. T. COURTENAY'S, cor. Duckworth and Prescott Sts.—adv't.

Boys Use Catapults.

Of late it has been noticed that certain boys around the city are using catapults, a very dangerous device, and the use of which should be prohibited. One night last week one of these hurled a large stone through the plate glass window in Mr. G. McCoubrey's tinmith store. The glass cost \$40 and must be replaced by the Insurance Co.

Arrested For Larceny.

Saturday night Head Const. Sparrow arrested a little girl at her residence Boat House Lane, and brought her to the lock up. The girl is very young and was taken into custody for stealing the sum of \$10 from a relative with whom she has resided.

Boy Had Fits For 6 Years

Druggist advised DR. A. W. CHASE'S NERVE FOOD—Cure complete and lasting. Mrs. J. D. Palmer, 38 Park St., Amsterdam, N. Y., writes: "When six years of age my boy began to have fits. They came on in the night. He would make strange noises, stiffen out, froth at mouth, face would twitch and sometimes turned purple. After the fit he could not talk. The family physician said all he could do was to keep them down some what. The second physician pronounced trouble Jeffersonian epilepsy, but could not cure him. He suffered for six years and before beginning the use of Dr. A. W. Chase's Nerve Food had three fits in about five days. Our druggist recommended Dr. A. W. Chase's Nerve Food. He has taken seven boxes and has not had the symptom of a fit since. His color has greatly improved; he is not nervous and irritable like he used to be, and we consider his cure complete." Such results are only obtained by the use of the genuine Dr. A. W. Chase's Nerve Food—not from imitations or substitutes. 50 cents a box, all dealers or Edmanson, Bates & Co., Toronto.

Indigestion & Dyspepsia

In all its Forms can be Cured. It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything. I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden. Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription. A sure cure for persons afflicted with stomach troubles. It can be obtained at DR. F. STAFFORD & SON, Theatre Hill. Small size, 25 cents; postage 5c. extra; large size, 50 cents; postage 10c. extra. Mail orders must be accompanied by remittance.—oct 25, 10.

Deaconess Movement.

A platform meeting to help on the Deaconess Movement took place last night in Gower Street Church. Mr. J. A. Robinson occupied the chair. Rev. Dr. Cowperthwaite conducted the preliminary exercises. The choir rendered a very beautiful anthem. Misses Rowell, Bowden and Vey rendered a delightful trio, and Miss Elsie Herder a charming solo. Mr. King presided at the organ and played a magnificent voluntary. The report read by Mr. Soper was of exceptional interest and most encouraging in its tone. Miss Hocken also delivered an address of deep interest which was listened to with close attention. She tendered thanks to Miss Foster on behalf of the congregation for the excellent work she had performed. In the morning Rev. J. W. Bartlett conducted the service and preached a very impressive sermon appropriate to the occasion.

Rabbits Thrown Away.

Saturday we referred to the fact that large numbers of partridge that were unfit for consumption had to be thrown away. The same applied last week to rabbits brought into the city. Many keep these animals, after killing them, for such a lengthy period that when brought to the city market they are not fit to be used. Some means should be devised to stop this destruction of good food also.

ALCOHOLISM.

At Cochrane St. Methodist Church last evening, the pastor, Rev. F. R. Matthews, B. A., preached a vigorous sermon on "Alcoholism," which was much appreciated by the large congregation present.

At George St. Church.

Mr. H. E. Cowan addressed a large gathering at George Street Church yesterday on "Temperance." He dealt with the subject in a practical and business like way and pointed out the mistakes that were wont to be made by well meaning temperance advocates. He appealed to the young men in particular and dwelt on the importance of individual work, and attacking the evil of intemperance in a business like manner. He did not believe that the Revenue would be adversely affected by having the liquor abolished. On the contrary he had no hesitation in expressing the opinion that the Revenue would be larger and what is of more importance we would be a happier and healthier people, better fed, clothed and educated. A hearty vote of thanks was accorded Mr. Cowan at the conclusion. Mr. H. Courtenay sang a beautiful solo. It was announced that Rev. J. W. Bartlett would address the class next Sunday.

GONE SHOOTING.—Mr. R. B. Job and Mr. F. Donnelly left by the express last evening on a deer stalking expedition. They will detain at Howley.

FIVE PRISONERS JAILED.—Saturday night the streets were very quiet and only 5 persons were arrested, 4 ordinary drunks and a disorderly. Two were released on making the ordinary deposit yesterday.

Now is the time to secure your presents for Xmas. Where? At the Congregational Lecture Room on Thursday, a sale of Xmas novelties; splendid concert in the evening; 20 cent teas will be served, also home-made candy and ice cream for sale. Doors open at 4 p.m. Admission 10 cents. L. COWAN, Sec.—nov 14, 21.

NEW HOSPITAL.—Work has begun on the foundation of the proposed hospital at Millertown. It will be equipped in the most up to date style and completed as soon as possible. It has been given by Mr. Kennedy Jones, manager of the Daily Mail.

CHARITABLE CONCERT.—Mr. Alfred H. Allan has been asked to arrange a popular concert in aid of the Regulus and Golden Arrow Fund. It will take place in the Methodist College Hall on Thursday night. It is hoped that most of the local artists will assist.

CARL E. RICHARD HERE.—The actor, Carl E. Richard, Hilton, master, arrived here at 1.30 p.m. yesterday from Mulgrave to J. & W. Pitts after a run of 4 days. The vessel had fine weather the first part of the voyage and afterwards much fog. She brought a full cargo of hay, oats, &c., 25 sheep and 101 head of cattle.

TYPHOID GONE.—The twenty-seven patients who were in hospital at Millertown have all been discharged, and all the bedding, clothing, etc., has been destroyed by Dr. Loomis. The people are hoping that they have seen the last of the disease. It is likely that the hospital, which was a temporary one, will also be burned down.

STOPPED SHORT

Taking Tonics, and Built up on Right Food.

The mistake is frequently made of trying to build up a worn-out nervous system on so-called tonics—drugs. New material from which to rebuild wasted nerve cells is what should be supplied, and this can be obtained only from proper food.

"Two years ago I found myself on the verge of a complete nervous collapse, due to overwork and study, and to illness in the family," writes a Wisconsin young mother.

"My friends became alarmed because I grew pale and thin and could not sleep nights. I took various tonics prescribed by various physicians, but their effects were only shortly after I stopped taking them. My food did not seem to nourish me and I gained no flesh nor blood.

"Reading of Grape-Nuts I determined to stop the tonics and see what a change of diet would do. I ate Grape-Nuts four times a day, with cream and drank milk also, went to bed early after eating a dish of Grape-Nuts.

"In about two weeks I was sleeping soundly. In a short time gained 20 pounds in weight and felt like a different woman. My little daughter whom I was obliged to keep out of school last spring on account of chronic catarrh has changed from a thin, pale, nervous child to a rosy, healthy girl and has gone back to school this fall. "Grape-Nuts and fresh air were the only agents used to accomplish the happy results."

TRINIDAD, Nov. 12. Negro miners who have been engaged in carrying bodies of the men killed in the Delagua mine explosion from the wrecked workings are on strike to-day. They declare that they will no longer work for \$2.25 a day, demanding an increase of \$4. The strike has delayed the removal of the bodies from the mine and but two were taken out in the last 24 hours, bringing the total recovered to 71. According to Deputy Coroner Sipel, there are but 10 bodies in the mine.

WHEELING, W. Va., Nov. 12. R. P. Scott, millionaire manufacturer of Cadiz and a candidate for Congress in the 16th Ohio District two years ago, has announced that he will give \$5,000 to any aviator to carry him from Baltimore to Wheeling in an aeroplane. The distance from Baltimore to Wheeling is about 300 miles. Mr. Scott claims the distinction of having been the first man to run an automobile from Baltimore to Wheeling, and wants to be the first man to fly over the route.

NEW YORK, N.Y., Nov. 12. Madison Square Garden never looked more attractive than to-day. The great amphitheatre was beautifully decorated for the opening this afternoon of the 26th National Horse Show,

marking as usual the initiation of the New York season. The society set boxes, which circled the show are in the arena itself, where the thoroughbreds of the notables are put through their paces. There was promise of incessant activity from the moment the bugles sounded to late next Saturday night, when the exhibition closes. The entries exceed by 200 the previous best record.

NEW YORK, Nov. 12. A stiff 20 knot wind came blustering out of the S.W. early to-day, making weather conditions only fairly favorable for the 50 mile aeroplane flight over the sea from the deck of the steamship Pennsylvania to Governor's Island. J. A. McCurdy, who essays the flying feat in a Curtiss aeroplane, expects to make aviation history by also carrying a pouch of mail by permission of the Federal Government. The launching platform, built on the after deck of the Pennsylvania, scheduled to sail at noon, was ready this morning, and the aeroplane was assembled and in working order. Fifty miles off shore the Pennsylvania will come to a stop and McCurdy in his machine will make the start from the launching platform. If necessary to obtain the needed wind pressure, the Pennsylvania's engines will be backed full speed into the breeze. Capt. Russ of the Pennsylvania says the steamship's stern way would make about 12 knots an hour. McCurdy is expected to fly from the steamship about 3 o'clock and land at Governor's Island an hour later.

Although it was announced McCurdy was to make the flight word came from him to-day that he would be unable to reach here in time from the south, and it was arranged to have J. C. Mare, another of the Curtiss aviators, essay the feat. 11 a.m. The wind velocity in this city was 25 miles an hour.

NEW YORK, Nov. 12. After having seemingly defeated the peace proposition endorsed by the Express Company's employers and thus staved off a settlement of the strike, the Jersey City decision of the express men early to-day took action which gave renewed hope that all the men who have been out would be back at work again Monday morning.

Reputation of the peace agreement by the mass meeting of the New Jersey strikers in Jersey City last night was followed by the appointment of a committee to consider what further action should be taken. This committee resolved this afternoon that the peace terms be accepted. The disposition of the Jersey City strikers was to insist upon a closed shop and the absence of such a stipulation in the settlement agreement caused the turning down of the whole proposition. Among the older men however, different counsels seemed to prevail and it was believed to-day that their recommendation would be effective in securing final sanction of the agreement. Mayor Gaynor's firm stand on announcing that if the strikers rejected what he declared to be an hon-

orable agreement, he would see to it that Express wagons were run in the city even if every one of them had to be manned with policemen, is thought to have had its effect in influencing to-day's move. Representatives of the companies believed that in any event the back bone of the strike movement had been broken by the disagreement among the New Jersey strikers.

Death of Mr. J. Moore.

Last night one of the oldest of our citizens passed away. His form has not been seen for many years on the streets as for the past ten years he has been confined to his room. Mr. Moore was a very old member of the British Society, and probably the oldest sailmaker in the city, as he served his time with the grandfather of Mr. C. H. Hutchings. There survives him his widow, one daughter, Mrs. E. L. Oak, and six sons. The funeral will take place to-morrow at the C. F. cemetery. To Mrs. Moore and family we extend our sympathy.
