Now and again you see two women pass ing down the street who look like eisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organ; that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr.

agnificent entertainment in London last night was the ball given at Devonshire House by the Duchess of Devonshire. For some months past this ball has been the topic of much conversation, as it was expected that it vould be honored by the presence of the King and Queen, but, unfortunately Their Majestics were unable to attend, owing to the death of the King's great-uncle. Prince John of Glucks

This, however, did not prevent th Queen from honoring the Duke and Duchess with her presence at dinner which was served in the gilded saloon where the famous gold plate of the 'avendish family was displayed on a pecially constructed sideboard. Finest Service in Europe...

### Seven Persons Killed

By Lightning During a Terrific Storm in London and suburbs-Thousands of Spectators of Epsom Derby Drenched.

London June 1 -The exceptionally high temperature that has prevailed during the month of May culminated last evening in a terrific thunder storm in London and the Southern and Western suburbs. Many persons were killed by lightning, which also truck numerous churches and othe uildings. An electric wire fused in the building of the Royal Exchange and started a fire, which, however was speedily quenched.

The storm was accompanied by a deluge of rain which caused a landslip on the South Eastern Railway near Merstham, blocking that line and also flooded the Great Western Railway at Ealing, severely deranging traffic. The full fury of the storm was felt at Epsom shortly after the horse races had ended, and thousands of the spectators were drenched. The storm was the most severe that has visited London in many years. The thunder crashed and vivid lightning played with terrifying effect along the rails of the railroads and in the telephone and telegraph instruments, while the deluge of rain stopoed motor vehicles, causing great inconvenience. Altogether seven deaths as the result of the storm have been recorded, five of these, two policemen and three civilians, occurred in the neighbourhood of Epsom Downs.

### Salute Round The World.

Crash of Artillery Will Announce the Placing of the Crown.

Not only in Canada, but in every part of the Empire, guns will boom forth simultaneosuly at the exact moment when the crown is placed upon the head of the King in Westminster Abbey on Thursday, June 22. The The Home Dressmaker should keep shouts of "Long Live the King!" as Catalogue Scrap Book of our Patthey resound through the abbey, will tern Cuts. Although no definite arrangements have yet been made, it can be anticipated that royal salutes will be fired in the usual places at all regimental headquarters in Canada boasting ar-

tillery corps or cannon. The Colonial Office has made a request to the Earl Marshal to be informed of the exact minute the crown will be placed upon the King's head, and the information-it is expected that the time will be within a few minutes of two o'clock-will be communicated by the Colonial Office to every part of the Empire, so that arangements for saluting the King can e made well in advance.

In those parts of the Empire where t is daytime when it is two o'clock at Westminster guns will be fired, and in those places where it is night rockets for bombs will be let off. Taking two o'clock as the actual time, when the King will be crowned, the coronation salutes will be given at the following hours in the places mentioned:-
