

The Java clove crop has been damaged by heavy gales.

Lady Franklin has bought Franklin House in Lincolnshire, wherein she intends to collect the relics of Sir John Franklin's polar exploration.

During a recent gale in New York, the wind filled the skirts of a lady who was standing on the platform of a railroad car crossing Harlem bridge, and carried her off. She was afterwards found in an insensible condition thirty feet from the track.

Breakfast—Epps' Cocoa—Grateful and Comforting.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labeled "James Epps & Co., Homoeopathic Chemists, London." Also, makers of Epps' Milk Cocoa (Cocoa and Condensed Milk).

We notice that the agricultural papers all over the country recommend the use of Sheridan's Cudgily Condition Powders.—Exchange.

Farmers and others in this section have long known and appreciated the advantage of these powders over all others.

We all consider iron the embodiment of strength and power, but how few are aware that it is this same element, in the system, that gives us strength and vigor, and that an insufficiency of it causes weakness and debility. The Peruvian Syrup, a proteid of iron, is prepared expressly to supply this vitalizing element.

There are probably a hundred or more persons in this and neighboring towns, who daily suffer from the distressing effects of kidney troubles, who do not know that Johnson's Kidney Lintment, is almost a certain cure in severe cases, great relief may be obtained, if not a perfect cure.

Fellows' Compound Syrup of Hypophosphites will speedily and certainly arrest the depressing influence of disease upon the nerves and muscles. It restores the appetite and induces a disposition to take on healthy flesh. It causes the formation of living blood, strengthening the action of both Heart and Lungs. It sustains the system under trying circumstances, and causes the healthy development of all the organs necessary to our existence.

Wife—I wish I could but speak to every mother in America, especially those who live in the country places, or far from a good Physician, I would like the person's wife to read this, buying a little of Perry Davis Pain Killer. If they could not afford to buy, they could not afford to lose a quarter of a dollar to buy if they only knew the benefits and comfort it would afford them.

Husband—For children the Pain-Killer is indispensable. Aches and pains are as nothing with them; if they have the Pain-Killer at hand it acts so quickly. For you it has been invaluable, it cured you of Dyspepsia and for me it cannot express my thankfulness since my terrible rheumatism left me. Wife, I must be sure and tell the Parson's wife what a blessing the Pain-Killer has proved and what a good work she is doing in telling its merits every where she goes.

Treats per bottle, Beware of counterfeits. The Pain-Killer is an internal external remedy for pain. For internal pain, Cramps, Spasms, Sudden Colds and Bowel Difficulties, a few drops in water will give immediate relief. As a Rubric it is without an equal; it stops pain almost instantly. Be sure and get the genuine, made by Perry Davis & Son, and sold by Druggists and Grocers.

FELLOWS COMPOUND SYRUP OF HYPHOSPHITES

All life-endow of bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophytes, and even of the Vegetable Kingdom are governed by vital force, which binds all the organs of extension, and as nothing can save them from destruction, when this principle leaves them, the discovery of nature's subtle vitality may be said to be the living body is indeed a lesson to the world.

Modern Chemistry has ventilated the question and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.

This is substantially the basis on which FELLOWS' Compound Syrup is built, its direct action upon the Brain, the Brain and Nervous System, and the Muscles, strengthening the Nerves, it causes the rapid distribution of Vitalized Blood in the Muscular Organs of the Body.

Rousing the Stagnant Heart and Liver, strengthening the Action of the Stomach and Bowels, and enabling the Lungs to be fully saturated with Oxygen.

It is adapted for all cases of Weakness and Emaciation, whether arising from a Secretary life, a tropical climate, from fever, or debility from any cause, and is especially a Pulmonary Consumption, every kind of eye having been cured and all benefited, where its use has been continued over a fortnight.

In Bronchitis it is a specific, and in Asthma it gives relief where every other remedy fails.

For Nervous Debility it is equally unvalued, and may be used with confidence in all cases.

As this is a purely dietary and different from every other preparation of Hypophosphites, be careful to ask for Fellows' Syrup and take no other.
