People Almost Fight for Chance to Greet Booker T. Washington.

The Noted Negro Educator Makes a Strong Plea for His Race.

Hundreds of people surged around the Second Presbyterian Church, Michigan avenue and Twentieth street, Chicago, the other night, says the Tribune, eager to hear the address by Booker T. Washington. For nearly an hour before the doors opened the sidewalks were packed, and when the doors swung open a crush began.

Men and women, white and black,

Then the people began to crowd forward into the aisles until they extended half-day down to the pulpit. In the gallery every inch of available space was filled, while on the stairways leading thereto hundreds of persons stood for an hour waiting for the lecture to begin, and then stood another hour listening to the address of the colored orator. After the address ushers of the church estimated the number turned away at 500. "It was an immense crowd," said Mr. Washington "and I am sorry there were so many who could not hear me."

PLEADS FOR EDUCATION. The address of Mr. Washington was a plea for the education of the negro. He told of the conditions that prevailed in the south at the conclusion of the war, when the black man went out to make his way in the world with no other capi-tal but a pair of strong arms and a

Mr. Washington spoke with some pride of the growth of the wealth of his race. In Virginia he said they own one-twenty-sixth of the land, and in Georgia, according to the latest tax returns, they possess \$14,000,000 worth of property.

Millionaire Will Find Means to Establish a French Industrial School in Chicago.

Chicago, 2.—One million dollars is the sum said to have been offered by Robert Lebaudy, a French multimillionaire, for the establishment of a French industrial school in connection with the University of Chicago. It is proposed that it shall be the greatest institution of its kind in the world The tender was made to President Harper through M. Lebaudy's agent, Emile Ridel, of the French army. Hockey Skates. Dr. Harper promptly replied it was the very thing the university desired, and the preliminaries were settled at once. The new school is to be an integral part of the University of Chicago, and the necessary buildings, for which M. Labaudy will furnish the money, will be located on the campus of that institution. M. Lebaudy, it is said, will also establish an endowment fund. The students will consist of 600 graduates of French colleges, to be selected by the government, and 200 will be sent over each year. They will come on scholarships, all expenses of transpor-tation and living being defrayed by

"A JOB LOT"

Bishop Potter Is So Classed by an Angry Prohibitionist in Boston.

Boston, Mass., Jan. 2.-The prohibitionists are not pleased over the statements attributed to Bishop Potter In New York, in which he is said to have described prohibition as a fraud. The Rev. Alfred Noon, secretary of the Massachusetts Total Abstinence Society, when asked what he thought of the bishop's statements, said he did not care to criticise Bishop Potter, as belonged to another denomination, and what might be said would perhaps be misunderstood. He did say,

"Bishop Potter has always been wrong, and he is wrong on this question. I am thankful that we have not such a bishop in Massachusetts. Bishop Lawrence is sound on the question of prohibition, so is Archbishop Williams, who has given us much valuable assistance, and Bishop Mallalieu, of the Methodist Church, takes strong ground "We do not have job lots in Massachusetts as bishops. NOT BRIDE AND GROOM,

But They May Be as the Result of an Elaborate Practical Joke.

It isn't always necessary to be married in order to enjoy the ridiculous discomforts of a wedding journey. That fact has been discovered by writers of fiction before this; but it was borne in upon a young lady whose home is in the Midway district recently in a way that she will not soon forget. The whole affair was a practical joke, but in the end the jokers found they had builded better than they knew. That, however, is anticipating the story.

The young lady in question went down to Chicago some months ago to visit relatives. While there she met a number of young persons, and, as she is something of a practical joker, she hadn't been there long before several of them were "just aching for a chance to get even.' Finally their opportunity came.

"Just look at that section! Evidently we are going to have a bride and groom with us on the way up."

The section in question was lavishly decorated with white ribbons and bridal roses. As one of the party remarked, it was "certainly a splendid piece of work." The odor from the flowers perfumed the entire car, and everyone in it was craning his neck to catch sight of the newly-made bento catch sight of the newly-made benedict and his bride the moment they should appear.

end of the car. "Sit down, please, and try to look pleasant," called a voice from the crowd; and then began a shower of rice. Every man in the party had rice in each one of his pockets. Every girl had a bag of it concealed beneath her wrap. "Damn!" said the masculine trav-

Dr. Radway & Co.—As an introduction I must make the following remarks: Had each one of the lawmakers of our country the virtues and powers of your pills, America would soon become a paradise. That your pills would conquer the obstinacy of my complaint is more than wonderful. The movement of my bowels is as regular as the works of a good watch. I began with four pills and decreased to two, and for a time took one two hours before dinner, and have a free movement of the bewels every morning. It is seven

WERE ALL ELECTED How to Make a ROUGH SKIN SMOOTH

There are some whose skin is naturally very tender, so much so, that a slight change in temperature, either heat or cold, will cause it to become rough and scale. This is very annoying, whether it makes the skin sore or not. A trouble of this kind is due to the skin being too dry, the underlying glands not giving it food enough. It must, therefore, be fed artificially. This may be done by using OLA CREAM, a scientific skin food, OLA CREAM is not a thin, watery fluid, but is of a creamy consistency. Prepared from a valuable formula, consisting of healthful ingredients, which feed the skin, building up the tissues, supplying to the

glands that which they lack to prevent roughness. Anyone who is troubled with roughness of the skin or chapped hands will find OLA CREAM a sure preventative. We are receiving many testimonials for OLA CREAM. We have made a study of the care of the skin, and will be glad to give any in-
