

ARMOUR CORNERS WHEAT IN CHICAGO

September Cereal Sold on
'Change at 95 Cents.

GAIN OF OVER 7 CENTS IN A DAY

New York Stock Market Recovered
Losses of Tuesday—Active at
the Close.

Chicago, Sept. 30.—September wheat
sold on the board of trade today at 85
cents, which is the highest price of
that cereal since the great Letter deal
in 1893.

The cause of the high price today
was the fact that all the available sup-
ply was practically cornered. Armour
& Co. had the greater part of it.

H. H. Wells, member of the board
of trade, today filed a petition asking
for a temporary injunction against Ar-
mour & Co., J. J. Townsend, the board
of trade and others to prevent what is
technically known as the "indoring
down of margins."

This is practically the same action
as was asked for in the recent corner
in oats. The cause of petition was the
alleged corner in September wheat by
one or two local houses.

At 36 cents there was a halt in the
advancing figures, shorts apparently
having succeeded in supplying their
needs. The close was at the high
price, a gain of 7½ cents over yester-
day's close.

REACTION IN WALL STREET.
New York, Sept. 30.—The losses sus-
tained in prices of stocks yesterday,
which reached practically panic pro-
portions, were more than wiped out
today. There were traces of feverish-
ness in today's trading after the spas-
modic recovery at the opening, but as
the day progressed the trading settled
down to a growing buying movement,
which became furiously active in the
final dealings, and made the closing
exceedingly buoyant on the largest vol-
ume of dealings of the day.

The measures of relief for the money mar-
ket offered to the treasury of the
treasury were the primary about a
settlement of the coal strike, assisted
the buoyant outburst at the close, the
coalers taking the lead of the excitedly
rising market.

The money market showed none of
the excessive stringency of yesterday,
but rates for call loans went as high
as 15 per cent in the afternoon, in ex-
pectation of the relief at hand. Preparations
for the Oct. 1 disbursements were a com-
plicating factor, but during the after-
noon the forces of relief began to make
an impression upon the market. Ap-
parently the necessary preparations for
the October payments had also been
completed. Call loan rates fell away
rapidly and helped the very buoyant
tone towards the close. It has been
maintained that the stringency of the
money market was the only cloud upon
the speculative horizon and the only
drawback to the upward course of
prices of securities. It was nature,
therefore, that the news of the mea-
sures proposed by Secretary Shaw for
the release of surplus Government
funds to the money market quickly
checked the demoralization of yester-
day.

HELP FROM WASHINGTON.
The remission of the requirement
upon national banks to maintain their
25 per cent cash reserve against Gov-
ernment deposits promises to afford
upwards of \$30,000,000 of bank re-
serves for other purposes, or to follow
the argument of the secretary to per-
mit of additional credits to the amount
of four times the cash reserves thus
made available. This would equal
\$130,000,000 in additional credits for
the country at large.

Government deposits in New York
banks amounts to \$15,000,000, which
would be the amount of the addition-
al credits immediately available to the
New York market. That is to say, over
\$100,000,000 of New York banks' cash
is released from the reserve require-
ment. There was no mistaking the
stimulus of this possibility upon specu-
lative sentiment. The extent of the
effect of the other measures proposed
by the secretary is considered more
open to question. The sudden response
to the expectation of a settlement of
the coal strike indicates that the grow-
ing bad effects of that struggle upon
industry in general are becoming an
increasing influence upon the values
of securities. Reassuring intimations
that the Louisville settlement was
progressing also helped
to restore confidence.

Close: Money on call firm, actual
transactions ranging from 3 to 20 per
cent; last loan, 4 per cent; ruling rate,
15 per cent; closed, offered at 3 per
cent; prime mercantile paper, 6 per
cent; sterling exchange, 44½; commercial
bills, \$4.82½ to \$4.82½; bar silver, 50½;
Mexican dollars, 40; Government bonds
steady; state bonds inactive; railroad
bonds strong. The closing was fur-
tiously active and buoyant.

Highways at Stratford.
Stratford, Sept. 30.—This city is
getting almost as bad as Toronto for
hold-ups. Last week, Mr. McAnney
was held up in broad daylight and re-
lieved of \$112. On Saturday night Mr.
Shore, of this city, was held up and
robbed of what money he had in his
pockets. There have been other hold-
ups, but owing to the people not desir-
ing publicity, the facts have been
withheld from the newspapers. The
police think they are on the right
track.

ERIC SHARPE GOES FREE

The Kingston Boy Who Shot a School-
mate Acquitted.

Kingston, Ont., Oct. 1.—The trial of
Eric Sharpe, accused of manslaughter
in shooting dead his school associate,
Beatrice Holland, on April 28, began
yesterday. The facts of the sad oc-
currence were detailed by teacher and
pupil.

The defense was that the shooting
was accidental, the lad not knowing
the revolver was loaded.

Geo. Creagan swore Sharpe knew
the weapon was loaded. He had shown
the witness the weapon at 1 p.m., and
Sharpe told him it was loaded.

Jessie Morrison, another pupil, said
there was no ill-feeling between the
two, and that Sharpe was a particu-
lar friend of Eric.

After being out three-quarters of an
hour the jury returned with a verdict
of not guilty, and the youthful
prisoner was acquitted.

\$500 REWARD IS OFFERED

For Discovery of the Party Who
Murdered Mrs. Franks.

Charles King, Slayer of Willie Free-
man, Remanded.

Niagara Falls, Ont., Oct. 1.—The
Franks murder case still remains en-
veloped in darkness. It was learned
yesterday that the reason of Constable
Lymburger's visit to and closed con-
versation with Chief Mains was due
to a find that the constable thought
perhaps might lead to a clue. It was
a printed form, addressed to Mrs.
Franks, dated about the middle of the
month, from the John Hancock Insur-
ance Company, of Hartford, refusing
to take a risk on the woman's life, and
was on the secretary in the corner of
the room where the murder is sup-
posed to have taken place.

MYSTERIOUS STRANGER.
A well dressed stranger, about 30
years of age, attended the funeral last
Sunday, scanned everyone closely who
entered the house, and afterwards
walked twice around the casket to take
a last look at the dead woman. He
was heard to mutter to himself, "Just
the same as two weeks ago."

The stranger disappeared without making
himself known to anyone.

The insurance company have been
communicated with to find the party
who made the application for the risk.

REWARD OFFERED.
The brother of the murdered woman,
her benefactor in life, Albert E. Fleming,
who conducts a large hardware
business in El Paso, Ill., is at the
Rustle House here, and in an interview
said he felt confident that the fiend
who brutally murdered his sister
will surely be brought to justice, and
says he will leave no stone unturned
so far as expense and time are con-
cerned to hunt the villain down.

Mr. Fleming has caused public no-
tices to be posted in the vicinity offer-
ing \$500 reward for any information
or for the apprehension and conviction
of the person or persons who
murdered Mrs. Franks on the evening
of Sept. 24. The money was placed in
the hands of Chief Mains. Mr. Flem-
ing intends to employ the services of
private detectives if the mystery sur-
rounding the murder is not cleared up.

KING REMANDED.
St. Thomas, Ont., Sept. 30.—Charles
King, accused of the murder of Willie
Freeman, in Aldborough on Sept. 9,
came up before Magistrate Glenn at
the courthouse this morning and was
remanded till Oct. 7, at 9 a.m., when he
will be given his preliminary hearing
in the town hall, Rodney.

EPIDEMIC OF SUICIDE

United States Navy Said To Be Affected—Woman Shoots Herself.

New York, Oct. 1.—Lieut. Com-
mander W. V. Bronaugh, of the U. S.
navy committee, suicided yesterday on
the battleship Kearsage at the navy
yard by blowing out his brains with
a revolver. His own friends believe
that he was much worried over his
manifold duties as executive officer,
which are considered more arduous
than those of any other position of
rank in the navy.

James F. Harrington, captain of
the Brooklyn navy yard, said: "There
is an epidemic of suicide in the navy,
as surely as there was ever an epi-
demic of fever. Such a thing may
occur and cannot be explained. The
man had probably been thinking of
the other suicides, which were very
sad affairs, and then, in an unguarded
moment, the desire to try it seized
him, and it was all over in a minute."

Commander Bronaugh was born in
Kentucky, and entered the naval
academy in 1873.

WOMAN SHOT HERSELF.
Montreal, Oct. 1.—Mrs. Joseph An-
dette, of La Prairie, shot herself yester-
day, using her husband's revolver.
She died of the wounds shortly after-
wards. The woman had been in ill-
health for some time.

Conductor Beheaded.
Montreal, Sept. 30.—Geo. Lavolette,
a conductor, fell under his car this
morning on McGill street, and was
decapitated.

MAY BOYCOTT

PARLIAMENT

Nationalists Talk of Staying
Away Next Session.

WANT O'DONERTY TO RESIGN

New York Sun's Cable Says Salisbury
Wanted to Make Astor a Peer—
King Wouldn't.

London, Oct. 1.—The object of the
meeting of the Nationalist members of
Parliament, summoned by John Red-
mond, for Oct. 7, the Pall Mall Ga-
zette says, in consideration of the de-
sirability of entire abstention from
the autumn session of Parliamen-
tary, whereby the Irish members will
escape the odium of supporting the
"coercionist" Government in passing
the education bill, inasmuch as the
Catholics heartily favor the bill, the
proposal is likely to lead to a lively
debate. The Pall Mall Gazette further
thinks that the proposed abstention
is partially due to the fact that owing
to the absence of Messrs. Redmond
and Dillon in America (where they
will attend the national convention of
the United Irish League at Boston,
Oct. 19), the work of directing the
party would fall on the "hated should-
ers" of Mr. Healy.

The members of the United Irish
League of Donegal County demand the
resignation of Wm. O'Donerty, who
represents that seat in the House of
Commons, because he attended the
coronation of King Edward in West-
minster Abbey.

Mr. O'Donerty, in his reply, de-
clared that he intended to resign, and
condemned the separation policy of
the Irish Nationalists as impracticable.

WHY SALISBURY QUIT.
A London dispatch to the New York
Sun says: A curious story has been
persistently circulated for several
weeks in parliamentary circles in re-
gard to Salisbury's retirement as prime
minister of Britain.

It is affirmed that the coronation
honors prepared by Salisbury included
peerages for William Waldorf Astor
and Sir Edward Lawson. King Edward
peremptorily refused to grant these
Salisbury replied that they had been
promised and he must insist.

The King was not moved by this
argument, whereupon Salisbury was
quoted as saying: "I will resign in a
few days before the coronation and
refusing to attend the ceremony, giving
as the reason his alleged ill-health,
for which he was at the time there was
no foundation."

This story was discredited when it
first obtained circulation, but authori-
ties now quoted have gained for it
some credence.

MESSAGE FROM GEN. BOOTH.
Gen. Booth, of the Salvation Army,
who sailed for New York on Satur-
day on the steamer Philadelphia, sent
the following wireless message to Sal-
isbury: "Borne on the wings of
prayer, I go on my American cam-
paign. From the ocean I again call
on my people everywhere for renewed,
desperate fighting for God."

PARDONED.
Emperor William of Germany has
pardoned Lieut. Thieme, who was
sentenced to 27 months' imprisonment
in a fortress for killing a student
named Helf in a pistol duel at Jena
in January. The news has been re-
ceived at Jena with dissatisfaction.
The student clubs there protested
against forcing Helf to fight one of
the best spots in the army.

BOERS WANT TO SEE KAISER.
Referring to the desire of the
Boer generals to obtain an audience
with Emperor William, the Berlin cor-
respondent of the London Times
quoting a statement of a German
Gazette to the effect that that audi-
ence will only be granted on condition
that the Boers abstain from every
kind of political agitation in Ger-
many. The correspondent says the
margin between correct demeanor
and political agitation is extremely
narrow, especially in the case of
view of the most unmeasured de-
clamations of Great Britain by Ger-
mans. It would not require much of
that kind of conduct to drive the
Boers' "rustic cunning" to work the
popular mind up to a state of excite-
ment and inspire it, both in Germany
and South Africa, with vain dreams
and ambitions.

200 TIDAL WAVE VICTIMS.
The estimates of the number of
people who lost their lives when the
tidal wave, which accompanied the
typhoon of yesterday, swept over the
Odawara district, near Yokohama,
were exaggerated. It is probable that
not more than 200 persons were
drowned.

CHOLERA IN PHILIPPINES.
It is announced that 5,124 cases of
cholera and 2,740 deaths from that
disease were reported in the Province of
Iloilo, Island of Panay, Philippines, on
Monday. This is the highest record in
any district since the outbreak oc-
curred and exceeds the total in Manila
and in many of the provinces since the
typhoon of yesterday, and swept over
the mountains, leaving the dead
unburied and lying uncarved for. The
Government has ordered additional
doctors and has ordered the island of
Iloilo. The number of victims makes
ordinary sanitary measures impossible.
The totals for all the provinces Mon-
day were 5,390 cases and 2,691 deaths.

CABLE NOTES.
At Sofia, the Macedonian disorders
are regarded as simply a protest against
Russian participation in the Shkpa
Pasc celebrations.

Constantinople diplomatic circles do
not regard the situation in Macedonia
as being so serious as would appear
from the Turkish Government's mili-
tary preparations in calling out 40,000
men of the militia reserves.

Herr Stapinski, leader of the Polish
people's party in Galicia, announces
that he is going to America to in-
vestigate the condition there of Polish
immigrants. He will address meet-
ings in several cities, try to induce the
Poles to return to their own country,
arrange that those emulating shall re-
ceive some economic training, and or-
ganize Polish associations.

MR. PECK'S STARTLING STORY
Plot to Murder a Lady and Defraud an
Insurance Company.

Toronto, Oct. 1.—Crown Attorney
Curry was yesterday officially made
aware by W. J. Peck, manager of the
Union Mutual Life, of this city, of an
alleged insurance fraud and con-

spiracy to murder by a resident of Col-
lingwood. It is alleged that another
Collingwood man, whose name is for
the present withheld, made a propo-
sition to him to get his mother out of
the way and then collect a policy upon
her life of \$1,000.

Rose, who is an insurance agent, fur-
ther alleges that the other man offered
him \$500 if he would manage to get
rid of the old lady, and suggested that
her body be dropped into the Nottawa-
sawaga River.

Rose would not, according to this
story, agree to this, and says that the
woman, who is then suggested that
poison would do with a smaller
risk. He finally paid Rose \$20 to take
his mother to the United States, as
was thought the fair could be more
easily managed there.

Rose brought the woman to Toronto
and kept her here for a week. Then he
reluctantly and told the insurance
people of the scheme.

Mr. Peck gave the above story to
Chief Currier, and Rose afterwards
confirmed it. Mr. Currier, having no
power to move in the matter, sent a
copy of Rose's allegations to the
attorney-general and another to Crown
Attorney Cotter, of Barrie.

CANADIAN COAL FIELDS

Large Bodies of Lignite Found in
Manitoba.

Utilize the Nova Scotia Product in
Other Sections.

Ottawa, Oct. 1.—D. B. Dowling has
returned from a government survey
for coal and lignite in Manitoba, prin-
cipally in the southern parts of the
province. He found the seams to be
great in number and more widely
distributed than heretofore supposed.

These surveys have resulted in de-
finitely locating the distribution, depth
and qualities of the different seams.

The main facts respecting the occur-
rence of coal in these regions was well
known to settlers, but development
of the coal fields has been slow. The
definite and positive knowledge which
the surveys have now supplied. Mr. Dowling
made further examinations to de-
termine the extent of the coal fields,
gypsum, which is found in large de-
posits, has already been utilized to a
small extent, and is destined to be an
important factor in the development
of the country.

THE NOVA SCOTIA MINES.
Montreal, Oct. 1.—Abner Kingman,
or Klugman, Brown & Co., selling
agents of the Dominion Coal Company,
has gone to Sydney to confer with the
officials to see what can be done by
the company towards relieving the an-
ticipated coal famine. It is proposed to
ship the coal from the mines of the
company to the coast of Nova Scotia,
where it can be loaded on the Grand
Trunk to the leading Canadian cen-
ters.

At Laporte, chairman of the civic
finance committee, is to consult two
members of the council, who are coal
dealers, with a view to taking steps
to relieve the pending coal famine. It
is suggested that the C. P. R. and G.
T. R. be asked to grant special rates
on hard wood to Montreal.

Coal-Laden Schooner Sunk.
Halifax, N. S., Oct. 1.—The schooner
Advance has gone ashore at Liscomb
light, in the morning. She was a
coal-laden, bound from Pictou to Hal-
ifax.

Robberies at Oakville.
Oakville, Oct. 1.—Professional burglars
visited the office of the Oakville
Police on Monday night, and rifled
the safes. Both safes were unlocked,
but only a few coppers were obtained.
The robbers also stole from the bank
of C. W. Anderson a beautiful black
mare and a rubber-tired road wagon,
with a set of rubber-mounted harness
owned by Charles E. Anderson.

He Had It.
Toronto, Oct. 1.—A man walked into
Dr. Shad's office in the city hall yester-
day afternoon and made the an-
nouncement that he thought he had
smallpox. After an examination the
doctor ascertained that he was right.
He said he did not know what was the
matter when he started. He was in an
early stage of the disease.

Question of Suing a Union.
Toronto, Sept. 30.—In the case now
being fought out at Osgoode Hall be-
tween the Metallic Roofing Com-
pany and the International Sheet
Metal Workers' Union, as to the dam-
ages suffered by the employers as a
result of the union's efforts to boycott
the company's goods, the international
union won an important point. Sir
William Meredith granted an applica-
tion by J. G. O'Donoghue for permis-
sion to plead at the trial that the
union could not be sued, because they
were not a registered society.

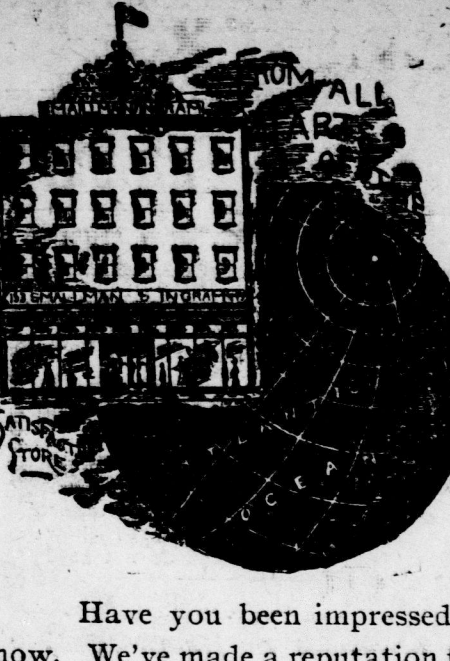

Three Months
of Severe Illness
And Many Years of Suffering
From Kidney and Liver Dis-
orders—Another Note-
worthy Cure by

DR. CHASE'S
KIDNEY-LIVER PILLS.

Mr. Richard A. Smith, Port Robin-
son, Ont., a respected farmer, who has
resided at that place for 21 years,
states: "For three months I was com-
pletely incapacitated for work, and
have been cured of Dr. Chase's Kid-
ney-Liver Pills. Before this serious
illness came on I had been troubled
more or less with kidney and liver dis-
orders for fifteen or twenty years,
and lost much time and money in dif-
ferent treatments, but I was unable to
purge. About a year ago I had to
quit work on account of severe pains
in my back and side, which daily
increased in severity."

"I was in a miserable state, and
could get no comfort sitting or lying
down, had little sleep, my appetite was
poor, and I suffered a great deal. In
the morning I would arise tired and
enfeebled, and frequently felt discour-
aged, as the doctors had been unable
to do me any good. I was advised to use
Dr. Chase's Kidney-Liver Pills, and
did so with great benefit. Before I had
finished four boxes I was able to be
out and at work again with my old-
time vigor and feeling better than for
twenty years. I had also gained about
25 pounds in weight, and believe that
my health is completely restored."

Dr. Chase's Kidney-Liver Pills, one
pill a dose, 50 cents a box, at all de-
alers, or Edman, Bates & Co.

Have you been impressed with our Linen values of the past? Then see what we are doing now. We've made a reputation for selling good linens (genuine through and through), which is why customers come for miles to buy at the satisfactory store, and why we are so enthusiastic in our ad statements. The Department fairly bristles with bargains these days. Read these most liberal offerings, then come and see. You're under no obligation to buy if you don't want to.

Stylish Linings.

Creselle is the name of a new foundation. It has a bright silk moul-
finish, is strong, durable and sure to prove a satisfactory material as
a foundation for all classes of silk and dress fabrics. It is 40 inches
wide, comes in black and colors, and we believe it is the best value ever shown in a fancy lining at
the yard..... 25c

SMALLMAN & INGRAM,
149, 151 and 153 DUNDAS STREET.

WESTERN ONTARIO.

Dr. KOHR'S RESTORINE

The Canada Trust Company have been
appointed administrators of the estate of
the late Isabella Reynolds, of the Town-
ship of Carleton Place.

Attwood Bee: Harry Campbell has
some potatoes of which he is justly
proud. One which is known as the "Fridge
of Canada" which was grown from a
potato ball which contains the seeds. It
took him just three years to get the
potatoes to their present perfection. The
are clean and well-shaped tubers and
are to be resting the rot that is af-
fecting the others.

A sad fatality occurred at Thamesville
the other afternoon when Donald, the
four-year-old son of G. Cameron, prin-
cipal of the public school, was accidentally
drowned. The little fellow had gone to
play with neighboring children, when
Mrs. Cameron went to look for him he
could not be found. Thoroughly alarmed
Mrs. Cameron and others instituted
a search for him, and found him dead
in the creek at the rear of F. J. Mayhew's
residence.

At the residence of Mr. and Mrs. Geo.
A. Travis, at Port Huron, on Thursday
evening, occurred the marriage of their
daughter, Ida B., to Edward Zavitz, of
St. Thomas, Ont. Rev. A. B. Leonard
was the officiating clergyman. The bride
and groom were assisted by Miss Cora
Nichols as bridesmaid, and Fred Travis
as best man. The company present in-
cluded only relatives and intimate friends.
The bride wears a gown of white
and of deservedly warm personal friends.
A beautiful array of presents made her
feel that she was the center of attention,
which she is held. The groom is promi-
nently associated with the work of the
Michigan Central Railroad in St.
Thomas.

The Toronto lawyers are laughing over
a funny incident that occurred at a
goodly hall on Thursday afternoon. Wm.
Proudford, of Goderich, presented to
thunderous applause a document as K.
Everybody remembers that the Ontario
Government a few months ago gazetted
the surrender of the province of Ontario
to the United States. The document was
signed by the Hon. Mr. Proudford, who
was then Minister of the Interior, and
the story is going the rounds.

The funeral took place on Sunday at
St. John's church, and was attended by
one of the oldest and most esteemed re-
sidents of that place. The funeral, which
was very largely attended, was under the
auspices of Avon and Romeo Lodges, I.
O. O. F., who attended in a body. De-
ceased was one of the first members of
Avon Lodge, and was an upright and
conscientious citizen. The services at St.
John's Church were very impressive, and
were conducted by Rev. D. Williams, the
incumbent. The floral offerings were
very handsome. In addition to his wid-
ow, deceased leaves five daughters and
a son. These are: Mrs. Charles Ellis,
Mrs. J. S. Russell, Mrs. W. Bamford,
Annie, George and Fred, at home.

Sarna Observer: St. Andrew's Presby-
terian Church presented a strikingly
pretty picture Saturday afternoon on
the occasion being the nuptials of Mr. Robert
I. Powers, B.A., barrister, of this town,
and Miss Mary M. Mackenzie, youngest
daughter of the late John Mackenzie. The
ceremony was performed by Rev. D.
Thompson. The bride's gown was of rich
duchesse ivory satin, with bertha of
velvet and tulle and orange blossoms.
She carried a bouquet of bridal roses and
lilies of the valley. The bridemaids wore
Miss Jessie Ford and Miss Kathleen Par-
dee. They were gowned in dresses of
white tulle and silk, with picture hats
of white lace and primrose velvet, and
carried bouquets of yellow chrysanthem-
ums. The groom was supported by
his friend, Mr. Alfred J. Powers, of the
Bank of Toronto, of Toronto. Among
the guests were Miss Ena Bucke, of Lon-
don.

DR. J. D. KELLOGG'S Dysentery Cor-
dian is a specific cure for dysentery, diar-
hea, cholera, summer complaint, seasick-
ness and complaints incidental to chil-
dren. It gives immediate relief to
those suffering from the effects of im-
proper eating, indigestion, colds, flu-
cidity and never fails to conquer the disease.
No one need fear cholera if they have a
bottle of this medicine convenient.

THE WEATHER TODAY—Fair and cooler.

We've a store full of the very best things at the lowest prices.
We want you to see some of these nice things for Fall and Winter.
Assortments are good, but at present rate of selling they'll be
broken soon.
