Just six months ago we had the most successful sale of Made-to-Measure Skirts in our history; successful not only in the hundreds of orders taken in a few days, but as well in the satisfactory results obtained. It would seem almost impossible to turn out so many skirts in so short a time and have so few mistakes. This sale should be even more satisfactory as it is our motto alway to do better, to improve on past achievements, and we have made special arrangements this time to have all skirts made on the premises. Your measure taken and your skirt made and finished in our own workrooms. In so doing we may not be able to handle so great a number of orders, but we are determined to give all who take advantage of this sale entire satisfaction and prompt attention.

Choice of Three Popular Styles

We have selected three of the newest patterns, which as regards the styles worn, will cover mostly all. One plain one with foot pleats and one the new panel effect, one of which is illustrated here. A model of each for your inspection and from which you may choose your style will be exhibited in Dress Goods Section. Styles suitable for the different materials, voiles, medium and heavy weight goods. The fact that it is difficult to get dressmaking done, even if you pay a premium for same nowadays, adds importance to the sale, and the fact, too, that you have no bother except to choose your goods and have your measure taken. Fit and workmanship we guarantee.

Our Entire Stock of Black and **Colored Dress Goods**

This is not a means of getting rid of any particular lines of unsalable or unseasonable goods, as you may choose from our entire stock of black and colored dress goods, no matter what the price may be. A splendid opportunity to have an odd skirt made up for winter wear, a business skirt, a house skirt or pretty tweed or cloth skirt to wear with your fur coat.

LEAVE YOUR ORDER EARLY—It should take but a few days to book all the orders we can handle at this price, therefore it will be wise to get your order in early and avoid possible delay. If you want your skirt in a hurry, get in with the first day's orders. Measuring will begin Monday and continue only until we have taken the limited number of orders which can be handled promptly.

\$1.49 Includes Making and **Trimmings**

With the small quantities required for these styles, your skirt will figure very low at this price for making, as you may select from goods any price you wish. For example, 31/2 yards at 50c, and making, \$1.49, would give you a skirt complete to your measure for\$3.24 See Models in Dress Goods Section - Main Floor.

Sale of Men's and Women's Gift Umbrellas, \$1.95
