Essex Priest Now Under Suspension By Bishop Fallon

Father Loisele Absent From Pulpit at River Canard and No Service Is Held.

[Special to The Advertiser.] WINDSOR, May 10.—As a result, it is alleged, of his having differed with Bishop Fallon over an affidavit made regarding bilingual matters, Father Loisele, rector of the big church at River Canard, is under suspension, and there were no services in the church today.

Father Loisele was in London yesterday, and because, it is alleged, he refused to withdraw his name from the affidavit he was suspended. It is well known that the priest has differed from Bishop Fallon's views in regard to bilingualism for some time.

Threatened Suspension. It was stated to The Advertiser tonight that Father Loisele gave evidence recently at a diocesan court, and that his statements did not meet with the approval of Bishop Fallon, who is alleged to have threatened to suspend him if he did not withdraw them.

Father Loisele is rector of a new \$75,000 church, which is not all completed yet. The affair has aroused the greatest interest all through this district.

PICTURESQUE IMMIGRANTS

Train Load of Them Enliven Noon Hour at G. T. R. Depot.

Three hundred and thirty foreigners, Swedes, Slavs, Poles, Russians and Bulgarians filled a special train of six coaches bound for the West yesterday afternoon. A half-hour stop was made at London for lunch at noon.

Out swarmed the whole 330, about seventy-five of them women, and they made one concerted dive for the lunch counter. The throng attracted a large crowd of bystanders. Dressed in padded leather jackets, fierce moustaches, baggy trousers and high-top leather boots, they were a queer and picturesque sight, but the lookers-on thought they were more queer than picturesque.

Jacobs of the Trades and Labor Council, was quoted as saying in the report of the last meeting of the Trades and Labor Council, that the hotels on "Whiskey Row" were not living up to the law. SOCIALISTS DO WELL IN FRENCH ELECTIONS

[Canadian Press.] Paris, May 11.—The Socialists were very successful on the second ballot yesterday for members of the Chamber of Deputies, 61 of them being elected. This gives them 101 seats in the new chamber, as compared with 68 in the old.

The Caillaux radicals managed to hold their own, electing 74 members, which with 87 elected on the first ballot, gives the party 161, as compared with 156 in the old chamber.

The other Republican groups, to which most of the Brisardists were attached, elected 101, making with those elected on the first ballot, a total of 262, as compared with 291.

The palbearers were: Richard Dale, Joseph Martin, M. P., Gives Good Advice to British in Reply to Dispatch.

TRY NO MOULDING OF CANADIAN PEOPLE

Joseph Martin, M. P., Gives Good Advice to British in Reply to Dispatch.

[Canadian Press.] Montreal, May 11.—Joseph Martin, M. P. for East Canada, declares that he considers a dispatch published by the Times on Saturday from its Toronto correspondent, in which stress was laid upon the alleged "Americanization of Canada," as very dangerous, says a London cable to The Daily Mail.

The correspondent mentioned the need for "moulding the Canadian people into a common devotion to the Empire." As to this, Mr. Martin says: "The fever maddening attempts by the people of the United Kingdom the better. One strong reason for making the British away popular is that the Canadian people are allowed to pursue their own fancies and manage their own affairs."

KINGARDINE MAN HAS SPLENDID CATCHES

Trout Fishing Promises Very Well—Farmers Getting Rid of Stones Off Land.

[Special to The Advertiser.] Kingardine, May 11.—Preparations for the new harbor are progressing. Farmers who have time are busy drawing stones to place in the harbor, which they are getting five dollars a cord. The price is quite an inducement, but not the only one. In some fields north of the town are many large piles of unsightly stones, which remain there with many dollars, so that the stones are really a nuisance well got rid of.

The hook and line fishing still continues brisk. On Thursday and Saturday last, William Hall made a record. Thursday's catch was thirteen trout, which weighed, when cleaned, 66 pounds. Friday being too rough, none were caught, but on Saturday the same individual caught eight trout, weighing 53 pounds, when cleaned. Many others caught beautiful trout off the pier. The first catches of herring and perch were made last week with hook and line. The fishing for herring is nearly as interesting as the fishing for trout, and for beauty, when newly taken out of the water, there is no other fish can vie, excepting the brook trout.

To see the stir and preparation made along our shore for the summer rush of visitors, augurs well for the big season. Preparations for the horse races are being made, and soon flaring bill posters will announce the dates and prizes, to induce a bumper turnout on June 2.

NO GRANT; NO PAINT FOR WESTERN FAIR

Parsimony of Council Precludes Decorations For the Exhibition.

The "palace" at the Western Fair will be this year without the new coat of paint which was promised. "Since the city council could not see its way clear to give us the \$2,500 we asked for, I am afraid we cannot clean up the main building this year," said A. M. Hunt, secretary of the Western Fair board.

The cattle buildings will be repaired, and work will commence inside of a week. The floor of the machinery building will be built of concrete. New fronts will be built on the buildings which were burned last year.

"We will not be able to construct any new buildings this year, however," said Mr. Hunt.

"More than half of the old exhibitors in the palace have taken space again this year, and a large number of new exhibitors have come in, so the palace will make a good appearance inside, even if it is in need of a coat of paint."

The attraction committee has communicated with Major McCrimmon, and may take up the proposition of bringing cadets here from all over Ontario. They have not come to a definite agreement yet.

"It is possible that we may also accept the Boy Scouts' proposition. If this is done, several hundred scouts will camp inside the ring, and perform drills and scouting manoeuvres before the grand stand."

All the plans and space allotments which had been drawn up were burned in the Dominion Savings building fire. "We are beginning to get them straightened up again," said Mr. Hunt. "This year looks like a good one for the fair, judging by the way exhibitors are buying space in the buildings and grounds," he said.

RELIEVING DISTRESS OF DESTITUTE SICILIANS

Many Are Migrating With Possessions—Number of Dead 150.

[Canadian Press.] Catania, May 11.—Army, navy and civilian authorities continued today their efforts to relieve the distress of the thousands of Sicilians deprived of their homes and property by the earthquake which destroyed a dozen villages and caused the death of or injury of hundreds of persons during the night of May 8.

Many of the peasants afflicted by the catastrophe are migrating from the district, taking with them all they could recover of their possessions and leading their farm animals with them. Others for the present refuse to move from the scene until they know the fate of their missing relatives.

The injured found among the debris of the ruined houses have been taken to the nearest hospitals, after treatment by the Red Cross surgeons. The village priests are doing their best to console the stricken people, many of whom form processions to neighboring shrines.

The official returns of the death list give the number at about 150, but it is believed that many more are still buried in the heaps of debris. The death toll many hundreds, and from time to time the number is added to by the finding beneath the ruins of others who were unable to extricate themselves owing to fractured limbs.

More Shocks. Several slight earthquake shocks were registered by the observatory here today, but no further damage was reported.
