PRICE TWO CENTS

FEAR A SPLIT OVER NAMING OF JOHN P. MITCHELL

Republicans May Bolt in Favor of District Attorney W. Whitman.

Not Likely to Venture any Independent Candidate at the Present Time.

[Canadian Press.]

New York, Aug. 2.-As an aftermath of yesterday's decision of the fusion committee in agreeing to put forward John Purroy Mitchell as the anti-Tammany candidate for mayor, there arose today the question as to whether all three political divisions—Republican, Progressive and Independen Democrat-represented in the commit

tee, would stand by the action taken Although the committee's decision is regarded as a virtual nomination in behalf of the three divisions it i actually only a recommendation to the political organizations who contribut ed to the committee's membership, and the actual choice must naturally made by those organizations.

Fear a Split. The most talked of danger of split in the fusion forces is the possibility of a Republican bolt in favor of District Attorney Charles S. Whitman as a regular Republican candidate for mayor.

The Republican leaders make no secret of their disappointment over the nomination of Mitchell, with Whitman running so close in the voting among the committee members that it was practically by one man's choice that the nomination was swung to the cellector of the port instead of to the district attorner

Will Not Venture. A majority of the New York papers express a belief that notwithstanding the bitterness felt by the Republicans independent nomination. The question whether Mr. Whitman will stand candidate for re-election as district back to see attorney, and whether Borough President George McAneny will stand as still an open one today. Neither had defined his attitude.

Indications Are That Regiment Will Parade at Hamilton Centennial.

Present indications are that the Seventh Regiment will attend the Hamilton Centennial Exhibition, according to Major H. C. Becher, who is in command during the absence of Lieut.-Col. Campbell on vacation. Some 50 or 60 men who were not present at the last drill held by the regiment have signified their intention of going, and it is thought that a number of others will probably be able to join their companies by the time the regiment is prepared to depart. The matter will be definitely settled by Tuesday night and the chances are that the regiment will go to Hamilton.

Big Military Display. A communication has been received by Major Becher from the committee in charge of arrangements at Hamilton outlining the program for the big military display. The Seventh Regiment will detrain at the Stuart street station, from whence they will proceed to the grounds of the Jockey Club where the parade will be assembled The morning turnout will move at 11 o'clock, and that of the afternoon at 2 o'clock. The men will be free for the day at 5:30. The tattoo at the cricket grounds and the exposition in the armories in the evening will both be open to men in uniform. The officers of the regiment will be entertained while there in the I. O. O. F. temple, A drill is being held at the London armories on Tuesday evening next, and if the turnout is good it will likely be decided to make the trip.

Was Injured in Collision of Snowplow and Freight Train at Guelph Junction.

Messrs. Gibbons, Harper & Gibbons received this morning a cable from London, England, announcing com-plete success in the case of Jones vs. C. P. R. The plaintiff, for whom they acted, obtained a verdict of \$6,000 at the trial before Mr. Justice Clute, in the fall of 1911, but this judgment was set aside by the court of appeal, and a new trial ordered. From this judgment the plaintiff appealed to the Privy Council, and the defendants also entered a cross-appeal to have the action dismissed entirely. The plaintiff has now succeeded in having the judg. ment of the jury restored and the defendants are ordered to pay all the costs of the appeal and cross-appeal and of all the courts below. Before Privy Council.

The case was taken before the Privy Council by Sir George Gibbons, K. C. and Mr. George S. Gibbons, for the plaintiff, and Sir Robert Findlay, K.C. J. W. Lawrence, K. C., and Angus MacMurchy, K. C., for the Canadian Pacific Railway Company.

Jones was an employee of the C. P. R. who was injured in a head-on collision between a snowplow and another train at Guelph Junction two winters ago.

POLICE SEEK MISSING BOY

Little Norman McFie, of Briscoe Street, Disappeared on Friday Asternoon.

CANNOT BE LOCATED

Norman McFie, 8-year-old son o Mr. and Mrs. Roderick McFie, of 152 Briscoe street, disappeared from his ome Friday afternoon and has not en seen since. The police have been notified and are engaged in the search, out so far no trace of the boy can be found. Neighbors also have been en. gaged in looking for him, but without avail. His mother is in a state of the greatest anxiety, fearing that h may have wandered to the river and fallen in.

When Last Seen. Norman was last seen about 3 o'clock Friday afternoon. He was playing about in front of the house, and when Newans' bakery wagon came along he climbed in for a ride with the driver. According to driver, the boy rode only a short distance, getting off near Victoria School. Inquiry by friends in that

neighborhood failed to reveal any clue as to the boy's whereabouts.

To an Advertiser reporter who called at the house this morning, the boy was described as being of dark complexion and rather large for his age. When last seen he was wearing dark blue sweater coat, a broadbrimmed straw hat, black stockings and black button shoes. As night came on and the little lad failed to show up, the parents began to be alarmed, and when he had not returnd this morning his mother's anxiety

It was learned this morning from neighbors that there are several boys in that vicinity who have a habit of bor, said today that a conference begoing off to Port Stanley, sometimes remaining away over night. It is possible that the missing boy may have gone on such an excursion, but his tender years make it unlikely. In the meantime his disappearance is a complete mystery, which the police

as greatly increased.

SHOT GIRL AND THEN HIMSELF AFTER QUARREL

Sensational Affair On New York's Most Fashionable Thoroughfare.

Woman Was Reading Letter and Wonld Not Stop When Ordered.

[Canadian Press.]

New York, Aug. 2 .- A well-dresseur middle-ased man and a handsome woman quarrelled today on Fifth avenue until the man suddenly drew a revolver, shot the woman three times and then blew out his brain. The man

died instantly. Letters found in the dead man's pocket led to the belief that he was Abraham Fink, of 86 North Division street, Buffalo. The letters were signed by Violet Rogers, of 12 Vine street, Buffalo, and the police think that this may be the name of the woman who was shot.

Reading Letters. The letters were mailed from as hotel in Atlantic City, and were signed "Your darling Violet" and "Your

dearest Violet. Witnesses of the shooting say that the woman was reading a letter aloud, apparently to the great annoyance of the man. After repeatedly commanding her to discontinue the reading, the man drew his revolver and fired.

At the hospital the woman recovered sufficiently to give a short de-scription of herself and of the shooting. She said that she was Miss Becky Silverman, 27 years old, that she lived with her brother in this

Trying To Settle I. C. R. Disputes

Conferences Result in Hope That Trouble May Be Arranged.

[Canadian Press.] Ottawa, Aug. 2. — There is a prospect of the dispute between the management of the Intercolonial Railway and the members of the Brotherhood of Railway Employees, of whom A. R. Mosher is the president, being settled without resorting to any serious action Hon. T. W. Crothers, minister of latween the leading officials of the railway and representatives of the men involved, is now in progress. If, however, these negotiations fall through, then the labor department will con-

sider the request of the men for a sourd of conciliation. In regard to their objections to conodential clerks being members of the union, it is a case, the railway offiials say, of these employees being unable to serve two masters. They will be loyal to one and disloyal to the other. This was the chief bone of contention when the B. of R. E. employed on the Canadian Pacific Railway went
