THE DISTRICT SCHOOLS.

Generous Contributions to the Fund for Establishing a Victorian Order of Nurses.

Promotions in the Suburban Schools and Honors for the Promoted Scholars.

During the past few days the gentleman connected with the Department of Education, as well as the teachers and pupils of the suburban schools, have been busy with their closing exercises. These have this June been particularly interesting, one especially noticeable feature being the generous response everywhere to the request for contributions toward the founding of the Victorian Order of Home Helpers. This philanthropic project to commemorate Her Majesty's Diamond Jubilee, emanating from the Countess of Aberdeen, is received with unqualified approval in the country districts round about Victoria, and, in consequence, their response to the circular recently issued by the Minister of Education has been both spontaneous and generous.

TOLMIE SCHOOL.

Hon. Mr. Eberts Addresses the Children Upon the Diamond Jubilee. The closing examination of Tolmie school, Bolekine road, took place on Friday. In the afternoon there was a large assemblage of parents and friends in the prettily decorated room, and the chair was taken by Hon. D. M. Eberts, Attorney-General, who gave a most interesting address upon the "Queen's Diamond Jubilee."

THE ARGO DOING WELL.

Still Further Good News of This Victoria Enterprise - Beautiful Ore From Texas.

Some very gratifying news has been received by the directors of the Argo Company. A few days ago word came that a rich strike of galena had been made in the face of the lower tunnel. Now information has been received that the survey of the Belt claim has been completed and disclosed the fact that instead of 1,500 feet long (on the lead) it was nearer 2,500 feet. A large fraction, about 1,000x1,500 feet, has thus been gained by the company. This has been named "The Kickers." Another large fraction in between the Argo and Belt claims was also discovered and located for the company. It is called "The Christie." A third was discovered at the southeast corner of the Belt, and extending into the valley, its title being "The Madras." These three discoveries, the original "Argo" and "Belt" claims give the company five claims, and double the land the company anticipated acquiring. In such a location as the Argo, this means a great deal, and increases the value of the company's assets enormously. The Argo bid to turn out one of the best mines floated in Victoria, and will most certainly enrich its fortunate owners. The company contemplates shipping on the 15th, and is hoped regular shipments will follow. Recent assays give \$148.20 in silver and lead.

CRAIGFLOWER SCHOOL.

Interested Visitors at the Semi-Annual Examination Express Unqualified Satisfaction. The half-yearly examination at Craigflower on Friday afternoon attracted a large attendance of parents and friends. It was taken by Mr. J. J. Wilson, trustee, who expressed himself as well satisfied with the progress made by the pupils as evinced by the answers given in their various exercises. In addition to prizes for spelling, a prize was presented to the head of each class. The prizes were kindly donated by Hon. D. M. Eberts, Mr. and Mrs. Helmecken and the trustees. At the close of the examination visitors and the pupils had a picnic in the school grounds, which was thoroughly enjoyed. Mr. R. Porter, who has the in-charge of the school at least, kind sent a box of oranges. A collection on behalf of the Victorian Order of Nurses was taken up, and after singing the National Anthem, the children separated to enjoy a well-earned rest.

THEIR SILVER WEDDING.

Mr. and Mrs. George Simon Today Celebrate Their Twenty-fifth Anniversary of Their Marriage. Co-incident with the celebration of the Queen's Diamond Jubilee, Mr. and Mrs. George Simon celebrate their silver wedding. It may interest their many friends to know that Mr. Simon was born in the island of Jersey and is the fifth son of the late Mr. Charles Simon, director of the general hospital at that island, and was educated at Victoria college, where he obtained the distinction of "essay prizeman" of the college. Leaving school in 1882, he began as clerk in the office of Colonel Sir John Le Cantour, Q.A.D.C., then Viscount of Jersey, and some years later filled the office of deputy viscount. In 1872, after passing a brilliant examination, Mr. Simon was admitted to practice as solicitor, and was attached to the office of the receiver-general, Mr. P. I. Simon. In the same year Mr. Simon was married to Miss Bertram, and to-day they celebrate the anniversary. Mrs. Simon belongs to an ancient family - her grandfathers being Mile. de Montbrun, being a daughter of the Marquis de Montbrun, who, with his family, emigrated to the Channel Islands after the revocation of the Edict of Nantes. In 1888 Mr. Simon and family settled in Victoria, and his unvaried geniality has won him many friends and his industrious habits a good public position.

THE DEER SKIN CASE.

Hussey v. Strous Remitted to the Police Magistrate for Rehearing. Mr. Justice Walkem yesterday decided in the appeal of Hussey v. Strous that the case must be reheard by the police magistrate. This was the case in which a charge was brought by the superintendent of police against Mr. Strous for having in his possession 777 deer skins for export purposes contrary to the Game Protection Act. The magistrate dismissed the charge on the ground that the prosecution had not severally negatived the exemptions under which deer might be killed or the skins exported, and also on the ground that the hides were those of animals killed beyond the boundaries of the province. Mr. Justice Walkem holds that the mere possession of deer skins in their raw state with intent to export subjects to the qualifications mentioned in the act constitutes an offence, and the possession in the case is admitted, it only remained for the prosecution to satisfy the magistrate that the skins were in their raw state, but though this was given by the prosecution, evidence proffered by the defence was not heard, as the magistrate considered, on the grounds stated, that no offence had been proved. Mr. Justice Walkem also points out that the Dominion Customs Tariff Act, 1894, prohibits the export of deer skins, and by section 48 of 51 V. c. 14, another customs act, the onus of proof is on the accused to show his innocence. What the effect of these sections have upon the provisions of the Game Protection Act the learned judge does not decide, as the question of constitutionality forms no part of the case. The case is remitted to the police magistrate to be reheard, no costs being ordered. Mr. George E. Powell for the crown; Messrs. Fell & Gregory for the defence.

THE CHAPLAIN EXPLAINS.

It Was Quite by Inadvertence That He Used the Word "English" for "British." To the Editor: - On Sunday afternoon at my address at Beacon Hill, I inadvertently used the word "English" instead of "British" when speaking of our flag and empire. May I through your paper assure all British subjects that the doing so was quite unintentional. As I have just received a letter accusing me of want of "liberality in my designation of the Empire," I wish to ask forgiveness for that which all public speakers are liable to - an error. C. ENSO: SHARP.

THE RAILROAD MUDDLE.

Premier Turner Speaks of the Situation As It Was When He Was In Ottawa.

Hon. J. H. Turner, premier of the province, speaking Saturday of his visit to Ottawa, was quite surprised at the unexpected and disappointing news that no help was to be given by the Dominion government to obtain the railroad connection that the people of British Columbia so greatly desire. "I When I was in Ottawa," he said, "I spoke to Mr. Laurier, and also to Hon. Mr. Blair, minister of railways, about the railway question. Mr. Blair told me that there were parties then in Dominion government who thought that there would be an insurrection in British Columbia unless the line to the coast could be subsidized, but that he and his colleagues did not see the possibility of doing so this year, and he had a doubt in his mind as to strategizing so subtly at all to parallel the Canadian Pacific Railway from Vancouver to the coast. But I told him that a line that I felt anxious to see built, and that British Columbia as a whole wanted to get, was a line from Penitence to Boundary Creek and on to Nelson, so as to bring the Boundary Creek line into connection with the Shuswap & Okanagan with the Coast line."

THE ARLINGTON AND ANACONDA GROUPS CHANGE HANDS - A Substantial Scottish Investment.

THE FIRST REFINED COPPER.

The first copper ever produced in British Columbia has just been turned out of the refining furnace of the Hall mines smelter. It carries 97 per cent. of silver and gold, and is valued at \$530 per ton, including \$50 in gold. Between ten and twelve tons daily are being turned out, and as soon as ten cars (500 tons) can be loaded, it will be shipped to England for final treatment and separation. The reason given for sending it to England is that it can be treated more there. There is a sufficient quantity of matte on hand to keep the furnace busy for the balance of the month, and the blast furnace is steadily turning out more. As soon as that now on hand is consumed, the furnaces will treat an old furnace bottom containing between \$50,000 and \$60,000 in value. The Silver King mine is sending down the tramway about 120 tons of ore daily, and this will be increased to 200 tons, as the mine is in first-class working order. The ore being taken out is far above the average.

THE ARLINGTON AND ANACONDA.

A mining deal of some magnitude has been closed by C. H. Thompson, of Spokane, with O. D. Sperry and others, by which he secures control of the stock of the Arlington Copper Mining Company, owning the Arlington group of five claims, and also takes a bond on the Anaconda group of eight claims adjacent to a child bond of 10 claims which he now controls, with the Garland, Jessie and Jessie extension a mile distant. Capt. Thompson has 700,000 shares of Martin Creek stock, having already done considerable development on the Arlington group for a proportion of the stock. The deal is a very important one, and is expected to result in the development of the Arlington group, which is estimated to carry \$10 million worth of ore. There are streaks of high grade ore carrying \$12.60 gold, eight ounces silver and 34 per cent. copper.

THE BLACK VESTMENT.

CHICAGO, June 21.-Bishop Cheney, who has just returned from New York, where he has been attending the council of the Reformed Episcopal church, was asked for his version of the exciting controversy which came to be known as the vestment contest. He said: "I wish it to be understood that I favor no particular garment or church vestment. I am opposed to any particular garment or robe being prescribed. If we are restricted in what we shall wear, we shall be told what we must wear, or eat for instance. "I was opposed to any restriction being put upon our Christian church liberty.
