

## DON'T YOU KNOW

that Zam-Buk cures when other ointments fail? There is a reason: it is because the Zam-Buk method of healing is unlike that of any other ointment.

Ordinary ointments, which are composed of such coarse ingredients as animal fats and mineral drugs, never get beneath the surface skin. Zam-Buk, on the contrary, being composed entirely of herbal essences and vegetable extracts, is so refined that it has marvellous powers of penetration. This combined with its strong germ-killing properties, makes it possible for Zam-Buk to reach and destroy all the germs in the underlying tissues, which is where skin diseases have their roots. Until this is done a cure cannot be effected.

When the germs have been destroyed and the diseased patch thoroughly cleansed, the healing herbal essences acting upon the tissues promote the growth of new flesh. As the healthy tissue develops it builds itself up to the surface skin and complete and permanent cure is the result.

Zam-Buk is equally good for old wounds, ulcers, abscesses, ringworm, blood-poisoning, piles, boils, pimples, cuts, burns, scalds, and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

### OPPORTUNITY FOR SMALL INVESTOR

Canada's Issue of War Savings Certificates.

Ottawa, Jan. 11.—The Minister of Finance, Sir Thomas White, announced today the details of the coming issue of War Savings Certificates in connection with the campaign for national war-time saving, and further co-operation by public generosity towards war financing.

The War Savings Certificates will be issued in denominations of \$25, \$50 and \$100, maturing in three years. They will be obtainable from any bank or Post Office throughout the Dominion.

The issue prices will be \$21.50, \$43 and \$86 respectively. Thus for every \$21.50 now loaned to the Government \$25 will be returned at end of three years. The discount of three dollars and a half constitutes an interest return of over five per cent.

Provisions are made whereby the certificates may be surrendered at any time during the first twelve months at their purchase price, after twelve months but within twenty-four months at \$22.25; and after twenty-four months but within thirty-six months at \$23.25 for every \$21.50 originally loaned. Consequently the longer the certificates are held the higher the rate of interest return.

### NOT A PINT OF OIL SECURED BY ENEMY.

Hugh and Costly Sacrifices Made in Roumania for Nothing

London, Jan. 13.—Colonel John Norton Griffiths' work in the destruction of Roumanian oil plants, which has received commendation in a British official report, is described in the Pall Mall Gazette, by a friend who has received letters from him.

"Griffiths' mission," says his friend, "wasn't unattended with personal risk. On one occasion he had to remain until the rear guard of the Roumanian army had retired before he could complete his work, which was so important that he would not delegate it to a subordinate. It was only by great good luck that the Colonel was not cut off and captured."

NOT A PINT OF OIL "So far as the wells are concerned, Germany has made huge and costly sacrifices for nothing. All her victories will not yield her a pint of oil. Bores have been plugged, plants and machinery scrapped, refineries razed to the ground, and reservoirs destroyed. If, as is possible, the Germans anticipated this action on our part, in conjunction with our Allies and prepared new plants and other necessary appliances beforehand, it will still take them several months, supposing they retain possession of the wells so long, to procure a single gallon; and I learn that at a modest estimate it will take at least nine months hard work to get the oil fields into proper working order again. All the shallow wells were worked out long ago, and the reboiling of the deep wells will be a lengthy and costly job."

"The major interests in the Roumanian oil wells are held by British, American and German capitalists. The loss involved in the destruction will form another item in the bill for damages which Germany will have eventually to pay, and Americans, at any rate, are not likely to err on the side of under-estimating their losses. "It was pointed out that prior to Roumania's throwing in her lot with the Allies, Germany was drawing her principal supplies of oil from that country. Roumania's entry into the war was a most serious blow to Germany, more in a material than in a military sense, and it was remarked that this accounted in large measure for Germany's desperate efforts to crush Roumania quickly and obtain possession of the wells. The British mission frustrated this; it is a check to the Kaiser."

MOSCOW IS REPEATED "I learn from my letters that the Roumanians with splendid loyalty to the Allied cause, prevented their vast stores of grain from falling into the enemy's hands. What they could not remove or render unfit for human consumption they destroyed. It was the story of Napoleon's capture of Moscow over again, with variations. The huge captures of grain announced in boastful bulletins throughout Germany existed only in imagination, and the big hauls of cattle and other live stock were equally shadowy and unsubstantial. The Roumanians, I judge from my letters were not caught napping, and it was a burlesque feast that awaited the Huns after their triumphal march through the temporarily conquered territory. The Roumanians carried out their part of the work as thoroughly as the British mission under Colonel Griffiths performed its share."

Cruel Reception—"How do you manage to keep your cook so long?" "My husband has promised her that if she is working for us when we strike oil he will buy her an auto." "But I did not know you had any oil prospects?" "We haven't."

"If you can't pay your debts just declare a moratorium. And if you are late just turn the clock back."

## THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT  
78 Lees Ave., Ottawa, Ont.,  
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT.  
50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Eel River Crossing, N. B.  
Jan. 15th, 1917.

The "Graphic" Campbellton, N. B. Died—At Eel River, N. B., sometime between the first of August, 1916 and Jan. 6th, 1917. "The School-board. Funeral will be announced later."

Although the writer has not heard of any actual deaths, the above board must be dead or else trying to imitate "Rip Van Winkle", if it can be judged by its actions in the above mentioned period, the only activity shown in the part of the above mentioned board is in collecting taxes and then a few only are called upon to perform that duty, while others are allowed to remain in arrears for several years. For the fall term one second class teacher, was secured (a very efficient teacher), but the primary department was closed, could not get a third class teacher and for the present term it is still worse, there is no teacher at all, and there are upwards of one hundred scholars running the streets.

When the school board, (which is composed of a Secretary and one Trustee, the secretary acting as trustee) is asked the reason for the actual condition of things the answer is that no teachers are available. How is it that other districts can always secure teachers? Simply because they are alive to their business, advertise in the newspapers, make efforts in that direction. I defy any man to show me that there was an advertisement put in any paper for a teacher in this district, but what can you expect of dead people, the consequences are that both of the departments in our school are closed.

F. C. MYERS  
THICK, GLOSSY HAIR  
FREE FROM DANDRUFF  
Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Dandruff.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice, wavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, become red, die; then the hair falls out. Surely get a 25-cent bottle of Dandruff from any drug store and just try it.

### MORE HONOR FOR CAMPBELLTON SOLDIER

Lt.-Col. A. E. G. McKenzie, D. S. O. Made Acting Brigadier General of Canadians.

St. John, Jan. 13.—Lt.-Col. A. E. G. McKenzie, D. S. O., who has been the efficient officer commanding the famous 26th New Brunswick Battalion at the front, is now acting Brigadier General of the Fifth Canadian Brigade, while Major Douglas McArthur is the acting head of the battalion.

The news of the promotion of Colonel McKenzie reached the city last evening, and is one of the most important announcements of military concern that has been received in the city for many months.

It is also stated in authoritative circles that Colonel McKenzie is likely to be created to the full rank of Brigadier General in the near future.

The news of Colonel McKenzie's promotion is regarded locally not only as a tribute to his own incalculable worth, but to the magnificent work which his battalion has accomplished since they went into the trenches, nearly a year and a half ago.

Col. McKenzie is taking the place of Brigadier General MacDonnell who is absent on leave. General MacDonnell is a former Royal Canadian Regiment man and was for a time stationed at Fredericton.

Captain Gordon Johnstone, one of the returned heroes of the 26th, speaking of Acting Brigadier General McKenzie last evening said that his work at the front had been a revelation. When Captain Johnstone left the trenches in September last the acting brigadier was regarded as one of the outstanding figures in the entire Canadian army at the front and a man who would undoubtedly command a still higher place in the Canadian forces. "I cannot say too much in praise of Col. McKenzie," said Captain Johnstone. "In a very large measure he is directly responsible for the many achievements of the 26th. A brilliant military man, he has the genuine co-operation of every officer, non-commissioned officer and man of the battalion. He will undoubtedly go still higher."

The many local friends of Col. McKenzie, D. S. O., will rejoice in the announcement of his promotion to the acting head of a position involving such great responsibilities. Major McArthur's many friends will also be pleased to hear of his success in being given the acting command of such a splendid body of fighters as those comprising the famous 26th.

### CANADIAN TOMMY

NEED NOT DRINK

London, Jan. 12.—Sir Robert Borden recently wrote Sir George Perley about the reported temptations for drinking offered young Canadian Soldiers in the Expeditionary Force.

Sir George Perley pointed out to the War Office that influential sections of no teachers are available. How is it that other districts can always secure teachers? Simply because they are alive to their business, advertise in the newspapers, make efforts in that direction. I defy any man to show me that there was an advertisement put in any paper for a teacher in this district, but what can you expect of dead people, the consequences are that both of the departments in our school are closed.

The War Office has now informed Sir George that rum is issued to troops only at the discretion of the general officer commanding, on the recommendation of the medical officer, and that when the order is issued for troops serving with the Expeditionary Forces in the Field, the individual soldier who objects, to spirits may be supplied with cocoa or chocolate instead.

### EXPLOSION AT DUPONT PLANT

400.00 Pounds of Powder Destroyed at Haskell, N. J.

New York, Jan. 13.—Four hundred thousands pounds of powder was destroyed by fire and explosion at the Haskell, N. J., plant of the Dupont Powder Company at 9.30 o'clock last night. Officials of the company declared after checking up the members of the night shift at the works, that only two men were missing. Twelve others were cut with flying debris, but none of them was seriously hurt. No estimate of the loss was obtainable.
