Gebhardt's famous herse Eole was beaten at Jereme park Tuesday by Helen Wallace, a mare that had won four races in succession early in the season, but had possibly been saved in her last doken or more races for such a chance of sweeping the books as she had the day mentioned.

At its quite probable that the fastest anateur aprinter now on the cinder path is F. T. Bitchie of the Hartford, England, foetball club who, although not yet 19 years old, has recently been credited with some wonderful performances. At Hinckley, on a grass course, somewhat down hill, and with a wind chilod him, he shall 229 yards in 14 35 seconds. At a too Lower Grounds, Birmingham, cinder path, with a fall of about one foot in 120 yards, and with a fresh breeze in his face, he ran 120 yards less tran a yard behind 114-5 seconds. On the same path, he week later, with wind in his favor, he ran? 120 yards in a shade under 10 seconds, and again about two feet behind 115 seconds. The frequency of these performances seems to preclude the possibility of cerror, and proves Ritchie to be a veritable wender.

—James Brayley, Hamilton, says! "I read the testimonials for McGregor's Speedy Cure and found that I had not to go to New York, Philadelphia, Louisiana or Texas, to find living witnesses of its value, we had plenty of persons right here to prove its merits. I got a bettle and it helped me right away, I was as bad with billous fever and indigestion as I think any one could be, I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say that I am better than I ever expected to be." Free trial bottles at F. T. Burgess' drug store, 464 King street east.
