## TAXES Thursday, 3d November, 1887. Tuesday, 6th December.

Notice is hereby given, pursuant to a By-law No. 1006, passed on the 17th day of SEPTEMBER, that provision is therein made for the payment of taxes for the current year in manner following, that is to say:—

(1) The taxes for the year 1887 are payable from and after the day of passing the said By-law, subject nevertheless to the extension of time being given in the interest and convenience of the citizens for the collection of the same.

(2) Items of taxation under five dollars, by instalments or otherwise, and on the days and times hereinafter mentioned, and rates of assessments under the head of Local Improvements, or for Statute Labor, which shall not be liable to sub-division or payable on or before the 31st day of November, but not otherwise, a further extension of time may be given for the payment of the 2nd instalment to the 6th day of December.

(3) The payment of all taxes for 1887, save and except items thereof under five dollars and rates or assessments under the head of Local Improvements, or for Statute Labor, as in the preceding section mentioned, may be deferred and collected by instalments in the manner following, that is to say: The amount of each item of taxation shall be sub-divided into two instalments in manner in the said By-law provided, and on the punctual payment of the first of such instalments, on or before the 31st day of November, but not otherwise, a further extension of time may be given for the payment of the 2nd instalment to the 6th day of December.

(4) Payment of taxes secondly above named may be made to the collectors of the several wards of the said city at any time before the said 31st day of November without any addition thereto; and payment of taxes thirdly above named may be made to the said collectors at any time before the 31st day of November, without any addition thereto, and subject to the proviso that on the punctual payment of the first instalment of the same on the 31st day of November, but not otherwise, an extension of time may be given for the payment of the second instalment to the 6th day of December without addition thereto; and an addition of five per cent. shall be made to every tax, rate, or assessment including Local Improvements, rates, remaining unpaid after the said several days named for the payment thereof; or in the event of parties availing themselves of the proviso in that behalf, to any remaining instalment of the same unpaid on either of the days named in this behalf, the same may be paid as aforesaid, and it shall be the duty of the collectors, immediately after the said several days named for payment as aforesaid, to collect at once in their respective wards, by distress or otherwise, under the provisions of the Statutes in that behalf, all such taxes, or instalments of taxes, rates, and assessments, including local improvements, rates as have not been paid on or before the said several days named for payment as aforesaid, together with the said percentage charge of five per cent. upon the amount of every such unpaid tax, rate, or assessment.

(5) Ratepayers who may not desire to avail themselves of the principle of divisional payment, but preferring their taxes in full on or before the 31st day of November, shall be entitled to a reduction of one-half of one per cent. on the payment of the same instalment which might be deferred to the 6th day of December.

(6) Collectors can be called upon at any one of the several residences, which are situated as under, and the St. Lawrence, St. Anthony's and St. Paul's Halls, and Women's Hall, Brockton-road, will open as their public receiving offices, at which the collections will be taken from 9 a.m. to 5 p.m., for four days preceding the said 31st day of November, and the said 6th day of December, and to the hour of seven o'clock, a.m., on those days, of which all ratepayers are required to take notice and govern themselves accordingly.

(7) Cheques tendered in payment of taxes must be "marked," and made payable to Ward Collector.

(8) Ratepayers are further reminded of the comfort and convenience to themselves and all concerned resulting from early payment, and not waiting until the last day, when there is always a large number of parties attending.

## PIANOS. PIANOS.

The Musical Opinion and Music Trade Review, published in London, Eng. April 1, 1887, under the heading CANADIAN MUSICAL EXHIBITS AT THE COLONIES EXHIBITION, has the following: Referring to Piano Fortes of Messrs. Heintzman & Co., Dr. Stainer says as follows: "I much regret that, owing to the late period at which I was called upon to make a report, all the more important instruments exhibited by this firm HAD BEEN SOLD AND REMOVED. But those remaining fully justified their high reputation. An Upright Grand, which I examined was in every respect a fine instrument; the touch was sympathetic and had a good repetition; the tone was full and rich. I also tried a specimen style No. 9, which was equally deserving of unqualified praise."
